

# LIVING INDEPENDENCE FOR THE ELDERLY (LIFE)

You are receiving this letter because you may be eligible for a program from the Pennsylvania Department of Human Services called the Living Independence for the Elderly (LIFE) Program.

## What is LIFE?

LIFE is a Medicaid and Medicare program that serves older Pennsylvanians in their homes and communities. LIFE has local providers that pay for, manage, coordinate, and provide all physical and behavioral health services. Care is managed and delivered by a team including a doctor, nurse, social worker, therapists, and other care staff. All Medicare and Medicaid benefits are covered by LIFE.

## How do I know if I am eligible for LIFE?

If you are 55 years of age or older, the LIFE program may be an option for you. You must be nursing facility clinically eligible, financially eligible for Medical Assistance, reside in an area served by a LIFE provider, and be able to live safely at home or in the community.

## What if I am already enrolled in another program?

Anyone who qualifies for LIFE may move to the LIFE program. You can choose to move from LIFE at any time. If you want to continue receiving services through your current provider, no action is needed.
