1. In the event that any of the terms of this Agreement conflict with, or are inconsistent with the terms of the RFP, the terms of this Agreement shall govern;

2. In the event that any of the terms of this Agreement conflict with, or are inconsistent with the terms of the Proposal, the terms of this Agreement shall govern;

3. In the event that any of the terms of the RFP conflict with, or are inconsistent with the terms of the Proposal, the terms of the RFP shall govern.
4. In the event that any of the terms of the Agreement conflict with, or are inconsistent with, the terms of any Appendix or Exhibit to the Agreement, the terms of the Agreement shall govern.

B. Operational Updates and Department Communications

1. Managed Care Operations Memos (MC OPS Memos)

The Department will issue MC OPS Memos via the Pennsylvania HealthChoices Extranet to provide clarifications to requirements pertaining to HealthChoices. PH-MCOs must routinely check the Pennsylvania HealthChoices Extranet. MC OPS Memos and notices are vehicles to clarify operational policies and procedures and are not intended to amend the terms of the Agreement.

2. Pennsylvania HealthChoices Extranet

To access the Pennsylvania HealthChoices Extranet, the PH-MCO must have established connectivity with DHS.

In addition to the MCO-OPS Memos, the Pennsylvania HealthChoices Extranet Systems site contains current information on managed care systems policies and procedures, which include but are not limited to, information on eligibility, enrollment and reimbursement procedures, and encounter data submission requirements. It also contains information on pending changes and systems notices.

SECTION II: DEFINITIONS

**Abuse** — Any practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary costs to the MA Program, or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards or agreement obligations (including the RFP, Agreement, and the requirements of state or federal regulations) for health care in a managed care setting. The Abuse can be committed by the PH-MCO, Subcontractor, Provider, State employee, or a Member, among others. Abuse also includes Member practices that result in unnecessary cost to the MA Program, the PH-MCO, a Subcontractor, or Provider.

**ACCESS Card** — An identification card issued by the Department to each MA Recipient.

**Actuarially Sound Capitation Rate** — Actuarially sound Capitation rates are projected to provide reasonable, appropriate and attainable costs that are required under the terms of the contract and for the operation of the Primary Contractor for
the time period and the population covered under the terms of the contracts, and such Capitation rates are developed in accordance with the requirement in 42 C.F.R. §438.4(b).

**Actuarially Sound Rates** — Rates that reflect, among other elements:

- the populations and benefits to be covered;
- the rating groups;
- the projected member months for each category of aid;
- the historical and projected future medical costs expected to be incurred by an efficiently and effectively operated Medicaid managed care program in the respective county/zone;
- program changes to the extent they impact actuarial soundness of the rates;
- trend levels for each type of service; and
- administrative costs expected to be incurred by an efficiently and effectively operated Medicaid managed care program, including assessment costs and profit consideration.

Actuarially sound rates are developed using sound methods and assumptions, that are reasonably attainable by the MA MCOs in the relevant Agreement year and meet the standards of the Actuarial Standards Board.

**Actuary** — An individual who meets the qualification standards established by the American Academy of Actuaries for an actuary and follows the practice standards established by the Actuarial Standards Board. In this part, Actuary refers to an individual who is acting on behalf of the State when used in reference to the development and certification of capitation rates.

**Affiliate** — Any individual, corporation, partnership, joint venture, trust, unincorporated organization or association, or other similar organization ("Person"), controlling, controlled by or under common control with the PH-MCO or its parent(s), whether such control be direct or indirect. Without limitation, all officers, or persons, holding five percent (5%) or more of the outstanding ownership interests of PH-MCO or its parent(s), directors or subsidiaries of PH-MCO or parent(s) are Affiliates. For purposes of this definition, "control" means the possession, directly or indirectly, of the power (whether or not exercised) to direct or cause the direction of the management or policies of a Person, whether through the ownership of voting securities, other ownership interests, or by
contract or otherwise including but not limited to the power to elect a majority of the directors of a corporation or trustees of a trust.

**Alternate Payment Name** — The person to whom benefits are issued on behalf of a Recipient.

**Ambulatory Surgical Center** — A facility licensed by the Department of Health which provides outpatient surgical treatment. The term does not include individual or group practice offices of private physicians or dentists, unless the offices have a distinct part used solely for outpatient surgical treatment on a regular and organized basis.

Risk Corridor — A risk sharing mechanism in which the Department and PH-MCOs may share in profits and losses under the Agreement outside of a predetermined threshold amount.

This care may lead to prevention or early detection and treatment of conditions. Examples of preventive and routine care include immunizations, screenings and physical exams.

School-Based Health Center — A health care site located on school building premises which provides, at a minimum, on-site, age-appropriate primary and preventive health services with parental consent, to children in need of primary health care and which participates in the MA Program and adheres to EPSDT standards and periodicity schedule.

**Start Date** — The first date on which the PH-MCO is operationally responsible and financially liable for the provision of Medically Necessary services to Members.

**Step Therapy** — A type of Prior Authorization requirement, sometimes referred to as a fail first requirement, intended as a cost savings that begins drug therapy with the most cost-effective drug therapy, and progresses to other more costly therapies determined to be Medically Necessary.

**Stop-Loss Protection** — Coverage designed to limit the amount of financial loss experienced by a Health Care Provider.

**Subcapitation** — A fixed per capita amount that is paid by the PH-MCO to a Network Provider for each Member identified as being in their capitation group, whether or not the Member received medical services.

**Subcontract** — A contract between the PH-MCO and an individual, business, university, governmental entity, or nonprofit organization to perform part or all of the PH-MCO’s responsibilities under this Agreement. Exempt from this definition are salaried employees, utility agreements and Provider Agreements, which are not considered Subcontracts for the purpose of this Agreement and, unless otherwise specified herein, are not subject to the provisions governing Subcontracts.

**Subcontractor** — An individual or entity that has a contract a PH-MCO that relates directly or indirectly to the performance of the PH-MCO’s obligation under its contract with the Department. A network provider is not a Subcontractor by virtue of the network Provider Agreement with the MCO, PIHP, or PAHP.

**Sustained Improvement** — Improvement in performance documented through continued measurement of quality indicators after the performance project, study, or quality initiative is complete.

**Substantial Financial Risk** — Financial risk set at greater than twenty-five percent (25%) of potential payments for covered services, regardless of the frequency of assessment (i.e., collection) or distribution of payments. The term “potential payments” means the maximum anticipated total payments that the physician or physician group could receive if the use or cost of referral services were significantly low. The cost of referrals, then, must not exceed that twenty-five
percent (25%) level, or else the financial arrangement is considered to put the physician or group at Substantial Financial Risk.

**Targeted Case Management Program** — A case management program for Recipients who are diagnosed with AIDS or symptomatic HIV.

**Third Party Liability** — An individual entity or program’s (e.g. Medicare) other than the PH-MCO financial responsibility for all or part of a Member’s health care expenses.

Value Based Payments (VBP) Arrangements: Agreements between the MCO and providers, which specify how providers are paid for services rendered. VBP arrangements link provider payments to the value of services provided and to relevant quality measures that are indicative of health outcomes.

Value Based Purchasing Models: VBP Models define a way to organize and deliver care, and may incorporate one or more VBP Payment Strategies as ways to pay providers.

Value Based Purchasing Strategies — Refers to the mechanism that MCOs use to pay providers (such as performance-based contracting, shared savings, shared risk, population-based payment).

E. Health Care Legislation, Regulations, Policies and Procedures

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program.

F. Health Information Technology and the American Recovery and Reinvestment Act of 2009 (ARRA)

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program resulting from the Department’s Health Information Technology (HIT) initiatives or requirements under the State Medicaid Health IT Plan (SMHP) as approved by CMS. This includes, but is not limited to, requirements under Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009, and specifically:

- 42 U.S.C. §1396b(t)

as amended and as it meets the requirements of 42 U.S.C. §1395w-4(o) and Title XIII, section 13001, known as HITECH of Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009.
Should the Department provide funding to the PH-MCO to support the HIT initiative or to meet the requirements under the SMHP as approved by CMS, the PH-MCO shall at a minimum and with approval from the Department use these funds to:

- Pursue initiatives that encourage the adoption of certified Electronic Health Record technology to promote health care quality and the exchange of health care information;
- Track the meaningful use of certified Electronic Health Record technology by providers;
- Provide oversight of the initiative including, but not limited to, attesting to qualifications of providers to participate in the initiative, tracking meaningful use attestations, and other reporting mechanisms as necessary.

G. Unauthorized Programs and Activities

Should any part of the scope of work under this agreement relate to a program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the PH-MCO must do no work on that part after the effective date of the loss of program authority. The Department must adjust capitation rates to remove costs that are specific to any program or activity that is no longer authorized by law. If PH-MCO works on a program or activity no longer authorized by law after the date the legal authority for the work ends, PH-MCO will not be paid for that work. If the PH-MCO was paid in advance to work on a no-longer-authorized program or activity and under the terms of this agreement the work was to be performed after the date the legal authority ended, the payment for that work should be returned to the Department. However, if PH-MCO worked on a program or activity prior to the date legal authority ended for that program or activity, and the Department included the cost of performing that work in its payments to the PH-MCO, The PH-MCO may keep the payment for that work even if the payment was made after the date the program or activity lost legal authority.

SECTION V: PROGRAM REQUIREMENTS

A. In-Plan Services

The PH-MCO must ensure that all services provided are Medically Necessary.
The MCO may but is not required to impose copayments, but only for those services, items, and pharmacy services that have a copayment in the MA FFS delivery system and subject to the exemptions in the MA FFS delivery system. If the MCO imposes copayments, the amount of the copayments may not exceed the amounts imposed in the MA FFS delivery system. Network Providers and other Providers that may render services under the Agreement may not deny a covered service because a Member is unable to pay the copayment amount, but the Provider may continue to attempt to collect the copayment amount.

1. Amount, Duration and Scope

At a minimum, the PH-MCO must provide In-Plan Services in the amount, duration and scope set forth in the MA FFS Program and be based on the Recipient’s benefit package, unless otherwise specified by the Department. This includes quantitative and non-quantitative treatment limits (QTL) (NQTL) as indicated in state statutes and regulations, the Medicaid state plan and other state policies and procedures. The PH-MCO must provide services that are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished. If services or eligible consumers are added to the Pennsylvania MA Program or the HealthChoices Program, or if covered services or eligible consumers are expanded or eliminated, implementation by the PH-MCO must be on the same day as the Department’s, unless the PH-MCO is notified by the Department of an alternative implementation date.

The PH-MCO may not arbitrarily deny or reduce the amount, duration or scope of a Medically Necessary service solely because of the Member’s diagnosis, type of illness or condition.

Pursuant to 42 C.F.R. §438.3(e)(2)(i) – (iii), the PH-MCO may cover services or settings for enrollees that are in lieu of those covered under the Medicaid State Plan if:

• The State determines that the alternative service or setting is a medically appropriate substitute for the covered service or setting under the Medicaid State Plan.

• The State determines that the alternative service or setting is a cost effective substitute for the covered service or setting under the Medicaid State Plan.

• The enrollee is not required by the PH-MCO to use the alternative service or setting.
• The approved in lieu of services are authorized and identified in the PH-MCO contract.

• The approved in lieu of services are offered to enrollees at the option of the PH-MCO.

2. **In-Home and Community Services**

   The PH-MCO may not deny personal care services for members under the age of 21 based on the Member’s diagnosis or because the need for personal care services is the result of a cognitive impairment. The personal care services may be in the form of hands-on assistance (actually performing a personal care task for a person) or cuing so that the person performs the task by him/her self.

   The PH-MCO may not deny a request for Medically Necessary in-home nursing services, home health aide services, or personal care services for a Member under the age of 21 on the basis that a live-in caregiver can perform the task, unless there is a determination that the live-in caregiver is actually able and available to provide the level or extent of care that the Member needs, given the caregiver’s work schedule or other responsibilities, including other responsibilities in the home.

   The PH-MCO must include in its Provider Network any Home Health Agency that offers in-home nursing services, home health aide services, or personal care services for Members under the age of 21 that is enrolled in Pennsylvania Medical Assistance and is willing to comply with all of the PH-MCO’s quality and non-quality contract standards, utilization management standards and accept PH-MCO rates that are consistent with reimbursement rates paid to similar In-Network Providers.

   The PH-MCO must submit to the Department for prior review and written approval any Home Health Agency requests for entrance to the Network that it intends to deny based upon quality of care, program integrity or other relevant concerns.

   The PH-MCO must implement a Public Health Dental Hygiene Practitioner (PHDHP) program or a dental hygienist program under the direct supervision of a dentist. The hygienists must spend the majority of their time face-to-face performing direct patient preventive care in the community.
3. **Program Exceptions**

The PH-MCO is required to establish a Program Exception process, reviewed and approved by the Department, whereby a Provider may request coverage for items or services, which are included in the Member’s benefit package but are not currently listed on the MA Program Fee Schedule. The PH-MCO must also apply the program exception process to requests to exceed limits for items or services that are on the Fee Schedule if the limits are not based in statute or regulation. These requests are recognized by the Department as a Program Exception and are described in 55 Pa. Code §1150.63.

4. **Expanded Services**

The PH-MCO may provide expanded services subject to advance written approval by the Department. These must be services that are generally considered to have a direct relationship to the maintenance or enhancement of a Member’s health status, and may include various seminars and educational programs promoting healthy living or illness prevention, memberships in health clubs and facilities promoting physical fitness and expanded eyeglass or eye care benefits. These services must be generally available to all Members and must be made available at all appropriate Network Providers. Such services cannot be tied to specific Member performance; however, the Department may grant exceptions when it believes that such performance will produce significant health improvements for Members. Previously approved services will continue to remain in effect under this Agreement, unless the PH-MCO is notified, in writing, by the Department, to discontinue the expanded service.

In order for information about expanded services to be included in any Member information provided by the PH-MCO, the PH-MCO must make the expanded services available for a minimum of one full year or until the Member information is revised, whichever is later. Upon sixty (60) days advance notice to the Department, the PH-MCO may modify or eliminate any expanded service. Such services as modified or eliminated shall supersede those specified in the Proposal. The PH-MCO must send written notice to Members and affected Providers at least thirty (30) days prior to the effective date of the change in covered services and must simultaneously amend all written materials describing its covered services or Provider Network. A change in covered services includes any reduction in services or a substantial change to the Provider Network.
5. **Referrals**

The PH-MCO must establish and maintain a referral process to effectively utilize and manage the care of its Members. The PH-MCO may require a referral for any medical services, which cannot be provided by the PCP except where specifically provided for in this Agreement.

6. **Self-Referral/Direct Access**

The PH-MCO may not require referrals from a PCP for certain services. A Member may self-refer for vision, dental care, obstetrical and gynecological (OB/GYN) services, providing the Member obtains the services within the Provider Network. A Member may access chiropractic services in accordance with the process set forth in MA Bulletin 99-10-12, and physical therapy services in accordance with the amended Physical Therapy Act (63 P.S. §§1301 et seq.)

The PH-MCO may not use either the referral process or Prior Authorization to manage the utilization of Family Planning Services. The PH-MCO may not restrict the right of a Member to choose a Health Care Provider for Family Planning Services and must make such services available without regard to marital status, age, sex or parenthood. Members may access at a minimum, health education and counseling necessary to make an informed choice about contraceptive methods, pregnancy testing and counseling, breast cancer screening services, basic contraceptive supplies such as oral birth control pills, diaphragms, foams, creams, jellies, condoms (male and female), Norplant, injectables, intrauterine devices, and other family planning procedures as described in Exhibit F, Family Planning Services Procedures. The PH-MCO must pay for Out-of-Network Services.

The PH-MCO must provide Members with direct access to OB/GYN services and must have a system in place that does not erect barriers to care for pregnant women and does not involve a time-consuming authorization process or unnecessary travel.

The PH-MCO must permit Members to select a Network Provider, including nurse midwives, to obtain maternity and gynecological care without prior approval from a PCP. This includes selecting a Network Provider to provide an annual well-woman gynecological visit, primary and preventive gynecology care, including a PAP smear and referrals for diagnostic testing related to maternity and gynecological care, and Medically Necessary follow-up care.
In situations where a new Member is pregnant and already receiving care from an Out-of-Network OB-GYN specialist at the time of Enrollment, the Member may continue to receive services from that specialist throughout the pregnancy and postpartum care related to the delivery, pursuant to 28 Pa. Code §9.684.

7. **Behavioral Health Services**

The PH-MCO is not responsible to provide services as set forth in the agreements between the Department and the BH-MCOs in effect at the same time as this Agreement, as outlined in Exhibit U, Behavioral Health Services.

8. **Pharmacy Services**

The PH-MCO must comply with the Department’s outpatient drug services standards and requirements described in Exhibit BBB, Outpatient Drug Services.

9. **EPSDT Services**

The PH-MCO must comply with the requirements regarding EPSDT services as set forth in Exhibit J, EPSDT Guidelines.

The PH-MCO must also adhere to specific Department regulations at 55 Pa. Code Chapters 3700 and 3800 as they relate to EPSDT examination for individuals under the age of 21 and entering substitute care or a child residential facility placement.

10. **Emergency Services**

The PH-MCO must develop a process for paying for emergency services (including their plans, if any, to pay for triage). The PH-MCO shall pay for Emergency Services in or outside of the HealthChoices Zone (including outside of Pennsylvania). Payment for Emergency Services shall be made in accordance with applicable law.
The PH-MCO is financially responsible for the provision of Emergency Services without regard to Prior Authorization or the emergency care Provider's contractual relationship with the PH-MCO.

For emergency services rendered by a licensed emergency medical services agency, as defined in 35 Pa.C.S. § 8103, that has the ability to transport patients or is providing and billing for emergency services under an agreement with an emergency medical services agency that has that ability, the managed care plan may not deny a claim for payment solely because the enrollee did not require transport or refused to be transported.

The PH-MCO must limit the amount to be paid to Non-participating Providers of Emergency Services to no more than the amount that would have been paid for such services under the Department’s FFS Program.

- Health Care Providers may initiate the necessary intervention to stabilize an Emergency Medical Condition of a Member without seeking or receiving prospective authorization by the PH-MCO. The attending physician or the Provider treating the Member is responsible for determining when the Member is sufficiently stabilized for transfer or discharge, and that determination is binding on the PH-MCO.

- The PH-MCO is responsible for all Emergency Services including those categorized as mental health or drug and alcohol except for emergency room evaluations for voluntary and involuntary commitments pursuant to 50 P.S. §§7101 et seq., which shall be the responsibility of the BH-MCO.

The PH-MCO may not deny payment for treatment obtained under either of the following circumstances:

- A Member has an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have placed the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

- A representative of the PH-MCO instructs the Member to seek emergency services.

The PH-MCO may not:
• Limit what constitutes an Emergency Medical Condition with reference to the definition of “Emergency Medical Condition, Emergency Services, and Post Stabilization Services” on the basis of lists of diagnoses or symptoms.

• Refuse to cover emergency services based on the emergency room provider, hospital, or fiscal agent not notifying the Member’s Primary Care Practitioner, PH-MCO, or applicable state entity of the Member’s screening and treatment within ten (10) calendar days of presentation for emergency services.

• Hold a Member who has an Emergency Medical Condition liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient.

• Deny a claim for payment for emergency services rendered by a licensed emergency medical services agency, as defined in 35 Pa.C.S. § 8103, that has the ability to transport patients or is providing and billing for emergency services under an agreement with an emergency medical services agency that has that ability, solely because the enrollee did not require transport or refused to be transported.

The PH-MCO must also develop a process to ensure that PCPs promptly see Members who did not require or receive hospital Emergency Services for the symptoms prompting the attempted emergency room visit.

Nothing in the above section shall be construed to imply that the PH-MCO may not:

• track, trend and profile emergency department utilization;

• retrospectively review and where appropriate, deny payment for inappropriate emergency room use;

• use all appropriate methods to encourage Members to use PCPs rather than emergency rooms for symptoms that do not qualify as an Emergency Medical Condition; or

• use a Recipient restriction methodology for Members with a history of significant inappropriate emergency department usage.
11. **Post-Stabilization Services**

The PH-MCO must cover Post-Stabilization Services, as defined in 42 C.F.R. §438.114.

The PH-MCO must limit charges to Members for Post-Stabilization Services to an amount no greater than what the PH-MCO would charge the Member if he or she had obtained the services through a Network Provider.

The PH-MCO must cover Post-Stabilization Services without authorization, and regardless of whether the Member obtains the services within or outside its Provider Network if any of the following situations exist:

- a. The Post-Stabilization Services were administered to maintain the Member’s stabilized condition within one hour of Provider’s request to the PH-MCO for pre-approval of further Post-Stabilization Services.

- b. The Post-Stabilization Services were not pre-approved by the PH-MCO because the PH-MCO did not respond to the Provider’s request for pre-approval of these Post-Stabilization Services within one (1) hour of the request.

- c. The Post-Stabilization Services were not pre-approved by the PH-MCO because the Provider could not reach the PH-MCO request pre-approval for the Post-Stabilization Services.

- d. The PH-MCO and the treating physician cannot reach an agreement concerning the Member’s care and a PH-MCO physician is not available for consultation. In this situation, the MCO must give the treating physician the opportunity to consult with a PH-MCO physician and the treating physician may continue with care of the patient until a PH-MCO physician is reached or one of the criteria applicable to termination of PH-MCO’s financial responsibility described below is met.

The PH-MCO’s financial responsibility for Post-Stabilization Services it has not pre-approved ends when:

- a. A Network physician with privileges at the treating hospital assumes responsibility for the Member’s care;
b. A Network physician assumes responsibility for the Member's care through transfer;

c. The PH-MCO and the treating physician reach an agreement concerning the Member's care; or

d. The Member is discharged.

12. Examinations to Determine Abuse or Neglect

a. Upon notification by the County Children and Youth Agency system, the PH-MCO must provide Members under evaluation as possible victims of child abuse or neglect and who present for physical examinations for determination of abuse or neglect, with such services. These services must be performed by trained examiners in a timely manner according to the Child Protective Services Law, 23 Pa. C.S. §§6301 et seq. and Department regulations.

b. The PH-MCO must ensure that emergency department staff and physicians know the procedures for reporting suspected abuse and neglect in addition to performing exams for Members under the care of the county Children and Youth Agency consistent with their obligations mandated in 18 Pa.C.S.A. §5106 and all other applicable statutes. This includes reporting to Adult Protective Services any suspected abuse or neglect of Members over the age of 18. These requirements must be included in all applicable Provider Agreements.

c. Should a PCP determine that a mental health assessment is needed, the PCP must inform the Member or the County Children and Youth Agency representative how to access these mental health services and coordinate access to these services, when necessary.

13. Hospice Services

The PH-MCO must provide hospice care and use certified hospice Providers in accordance with the provisions outlined at 42 C.F.R. 418.1 et seq.

Recipients who are enrolled in the Department's Hospice Program and were not previously enrolled in the HealthChoices Program will not be enrolled in HealthChoices. However, if a PH-MCO Member is determined eligible for the Department's Hospice Program after
being enrolled in the PH-MCO, the Member will remain the responsibility of the PH-MCO and will not be disenrolled from HealthChoices.

14. **Organ Transplants**

The PH-MCO will pay for transplants to the extent that the MA FFS Program pays for such transplants. When Medically Necessary, the MA FFS program currently covers the following transplants: Kidney (cadaver and living donor), kidney/pancreas, cornea, heart, heart/lung, single lung, double lung, liver (cadaver and living donor), liver/pancreas, small bowel, pancreas/small bowel, bone marrow, stem cell, pancreas, liver/small bowel transplants, and multivisceral transplants.

15. **Transportation**

The PH-MCO must provide for all Medically Necessary emergency ambulance transportation and all Medically Necessary non-emergency ambulance transportation.

Any non-emergency transportation (excluding Medically Necessary non-emergency ambulance transportation) for Members to and from MA compensable services must be arranged through the MATP. A complete description of MATP responsibilities can be found in Exhibit L, Medical Assistance Transportation Program.

16. **Waiver Services/State Plan Amendments**

a. **HIV/AIDS Targeted Case Management (TCM) Program**

The PH-MCO must provide for TCM services for persons with AIDS or symptomatic HIV, including access to needed medical and social services using the existing TCM program standards of practice followed by the Department or comparable standards approved by the Department. In addition, individuals within the PH-MCO who provide the TCM services must meet the same qualifications as those under the Department's TCM Program.

b. **Healthy Beginnings Plus (HBP) Program**

The PH-MCO must provide services that meet or exceed HBP standards in effect as defined in current or future MA Bulletins that govern the HBP Program. The PH-MCO must also continue the coordinated prenatal activities of the HBP
Program by utilizing enrolled HBP Providers or developing comparable resources. Such comparable programs will be subject to review and approval by the Department. The PH-MCO must provide a full description of its plan to provide prenatal care for pregnant women and infants in fulfillment of the HBP Program objectives for review and advance written approval by the Department. This plan must include comprehensive postpartum care.

The HBP Program also requires that high risk pregnant women should be adequately treated for substance use disorder (SUD). The PH-MCO will contract with high volume obstetrical hospitals and health systems that perform more than 900 Medicaid deliveries to establish highly coordinated health homes for pregnant Members with SUD. These health homes will be focused on identifying, initiating treatment, and referring pregnant Members for comprehensive drug and alcohol counseling services. If the PH-MCO is unsuccessful in contracting with any of the high-volume obstetrical hospitals or health systems, it must document its efforts to negotiate with the provider for review by the Department.

The PH-MCO maternity program must provide a maternal continuum of care by instituting a community-based maternal home visiting program. An in-person maternal home visiting program must be an extension of the PH-MCO’s traditional case management program that transitions maternal family care to an evidence-informed or evidence-based home visiting program. The PH-MCO’s must provide a full description of its community-based maternal home visiting program that fulfills the Department’s HBP Program Description objectives for review and approval by the Department as per Exhibit B(5).A. Home Visiting Program.

17. Nursing Facility Services

The PH-MCO is responsible for payment for nursing home care (including hospital reserve or bed hold days).

A PH-MCO may not deny or otherwise limit Medically Necessary services, such as home health services, on the grounds that the Member needs, but is not receiving, a higher level of care.
The PH-MCO must abide by the decision of the Functional Eligibility Determination process determination letter related to the need for Nursing Facility services.

The Department will not enroll Recipients who are placed into a Nursing Facility and who were not previously enrolled in the HealthChoices Physical Health Program or individuals who enter a Nursing Facility and are then determined eligible for MA in the HealthChoices Physical Health Program. If an individual leaves the Nursing Facility to reside in the HealthChoices Physical Health Zone covered by this Agreement and is then determined eligible for Enrollment into the HealthChoices Physical Health Program, the individual will be enrolled in the HealthChoices Physical Health Program.

18. **Benefit Limits and Benefit Limit Exceptions (BLEs)**

The PH-MCO has the option to impose the same benefit limits or lesser benefit limits as the Department. For those services that are covered in a Member’s benefit package only with an approved BLE, the PH-MCO must use the same criteria as the Department or may use criteria that are less restrictive for its review of BLE requests.

The PH-MCO must establish and maintain written policies and procedures for its BLE process. The PH-MCO must receive advance written approval from the Department of these policies and procedures. The policies and procedures must comply with guidance issued by the Department. The PH-MCO’s submission of revised policies and procedures for review and approval by the Department shall not act to void any existing policies and procedures which have been prior approved by the Department for operation in a HC Zone. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the Department approves the new or revised version thereof. The Department may periodically request ad hoc information related to PH-MCO operations surrounding these BLE requests.

If the PH-MCO imposes benefit limits, the PH-MCO must issue notices to its members and notify network providers at least thirty (30) days in advance of the changes. The member notices must receive advance Department approval prior to being sent to Members.

The time frames for notices of decisions for prior authorization set forth at Section V.B.2 and V.B.3. apply to requests for BLEs. If the
PH-MCO denies a BLE request, the PH-MCO must issue a written denial notice, using the appropriate template available in Docushare.

If the Member is currently receiving a service or item that is subject to a benefit limit and the request for a BLE is denied, and the recipient files a complaint, grievance or request for a Fair Hearing that is postmarked or hand-delivered within 10 days of the date of the notice, the PH-MCO must continue to provide the service until a decision is made.

Recipients with approved BLE’s are in a course of treatment. As such, the requirements for Continuity of Care for Course of Treatment Services Not Requiring Prior Authorization for Adults Age 21 and Older and Children Under the Age of 21, set forth in MA Bulletin 99-03-13, Attachment D, apply. PH-MCOs are required to honor all approved BLE requests issued by the Fee-for-Service (FFS) program, another PH-MCO, or a CHC-MCO. The FFS delivery system and CHC-MCOs will also honor all approved BLE requests issued by PH-MCOs.

19. Environmental Lead Testing

The PH-MCO must provide for necessary comprehensive environmental lead investigations as part of covered blood lead treatment services. The PH-MCO must contract with the necessary number of MA-enrolled Comprehensive Lead Investigation Providers to ensure access to this service in all HealthChoices zones in which the PH-MCO operates. The PH-MCO will ensure that results of environmental lead investigations are shared with the referring provider and the Member (or Member’s guardian).

20. Opioid Use Disorder/Substance Abuse Disorder Management

The PH-MCO must implement and maintain an opioid use disorder/substance abuse disorder (OUD/SUD) strategy for its members with OUD/SUD. The OUD/SUD strategy must address how the PH-MCO will manage their members with OUD/SUD and include initiatives similar to those described in the following links:

At a minimum, the OUD/SUD strategy must include care management initiatives, alternative treatment modalities such as pain management, strategies to address opioid related harm reduction, tapering strategies and medication assisted treatment (MAT). In addition, the PH-MCO must coordinate and collaborate with the Opioid Use Disorder Centers of Excellence for its member with OUD/SUD.

B. Prior Authorization of Services

1. General Prior Authorization Requirements

If the PH-MCO wishes to require Prior Authorization of any services, the PH-MCO must establish and maintain written policies and procedures which must have advance written approval by the Department. In addition, the PH-MCO must include a list and scope of services for referral and Prior Authorization, which must be included in the PH-MCO’s Provider manual and Member handbook. The PH-MCO must receive advance written approval of the list and scope of services to be referred or prior authorized by the Department as outlined in Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and Exhibit M(1), Quality Management and Utilization Management Program Requirements. The Department will consider Prior Authorization policies and procedures approved under previous HealthChoices agreements approved under this Agreement. The PH-MCO’s submission of new or revised policies and procedures for PARP review and approval shall not act to void any existing, previously approved policies and procedures. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the PARP approves the new or revised version.

The Department may subject Prior Authorization Denials issued under unapproved Prior Authorization policies to Retrospective Review and reversal and may impose sanctions and/or require corrective action plans in the event that the PH-MCO improperly implements any Prior Authorization policy or procedure or implements such policy or procedure without Department approval.

When the PH-MCO denies a request for services, the PH-MCO must issue a written notice of denial using the appropriate notice outlined in templates N(1), N(2), N(3), and N(7) which are available in
Docushare. In addition, the PH-MCO must make the notice available in accessible formats for individuals with visual impairments and for persons with limited English proficiency. If the PH-MCO receives a request from the Member, prior to the end of the required period of advance notice, for a translated and/or accessible version of the notice of denial, the required period of advance notice will begin anew as of the date that PH-MCO mails the translated and/or accessible notice of denial to the Member.

For Children in Substitute Care, the PH-MCO must send notices to the County Children and Youth Agency with legal custody of the child or to the court-authorized juvenile probation office with primary supervision of a juvenile provided the PH-MCO knows that the child is in substitute care and the address of the legal custodian of the child.

The Department will use its best efforts to review and provide feedback to the PH-MCO (e.g., written approval, request for corrective action plan, denial, etc.) within sixty (60) days from the date the Department receives the request for review. For minor updates to existing approved Prior Authorization plans, the Department will use its best efforts to review updates within forty-five (45) days from the date the Department receives the request for review.

The PH-MCO may waive the Prior Authorization requirements for services which are required by the Department to be Prior Authorized.

2. Time Frames for Notice of Decisions

a. The PH-MCO must process each request for Prior Authorization of a service and notify the Member of the decision as expeditiously as the Member’s health condition requires, or at least orally, within two (2) Business Days of receiving the request, unless additional information is needed. If no additional information is needed, the PH-MCO must mail written notice of the decision to the Member, the Member’s PCP, and the prescribing Provider within two (2) Business Days after the decision is made. The PH-MCO may make notification of coverage approvals via electronic notices as permitted under 28 Pa. Code 9.753(b). If additional information is needed to make a decision, the PH-MCO must request such information from the appropriate Provider within forty-eight (48) hours of receiving the request and allow fourteen (14) days for the Provider to submit the additional information. If the PH-MCO requests additional
information, the PH-MCO must notify the Member on the date the additional information is requested, using the template, N(7) Request for Additional Information Letter available in Docushare.

b. If the requested information is provided within fourteen (14) days, the PH-MCO must make the decision to approve or deny the service, and notify the Member orally, within two (2) Business Days of receipt of the additional information. The PH-MCO must mail written notice of the decision to the Member, the Member’s PCP, and the prescribing Provider within two (2) Business Days after the decision is made.

c. If the requested information is not received within fourteen (14) days, the PH-MCO must make the decision to approve or deny the service based upon the available information and notify the Member orally within two (2) Business Days after the additional information was to have been received. The PH-MCO must mail written notice of the decision to the Member, the Member’s PCP, and the prescribing Provider within two (2) Business Days after the decision is made.

d. In all cases, the PH-MCO must make the decision to approve or deny a covered service or item and the Member must receive written notification of the decision no later than twenty-one (21) days from the date the PH-MCO received the request, or the service or item is automatically approved. To satisfy the twenty-one (21) day time period, the PH-MCO may mail written notice to the Member, the Member’s PCP, and the prescribing Provider on or before the eighteenth (18th) day from the date the request is received. If the notice is not mailed by the eighteenth (18th) day after the request is received, the PH-MCO must hand deliver the notice to the Member, or the request is automatically approved.

e. If the Member is currently receiving a requested service and the PH-MCO decides to deny the Prior Authorization request, the PH-MCO must mail the written notice of denial at least (10) days prior to the effective date of the denial of authorization for continued services. If probable Member fraud has been verified, the period of advance notice is shortened to five (5) days. The PH-MCO is not required to provide advance notice when it has factual information on the following:

- confirmation of the death of a Member;
- receipt of a clear written statement signed by a Member that she or he no longer wishes services or gives information that requires termination or reduction of
services and indicates that she or he understands that termination must be the result of supplying that information;

- the Member has been admitted to an institution where she or he is ineligible under the PH-MCO for further services;
- the Member’s whereabouts are unknown and the post office returns mail directed to him or her indicating no forwarding address;
- the PH-MCO established the fact that the Member has been accepted for MA by another State; or
- a change in the level of medical care is prescribed by the Member’s physician.

3. Prior Authorization of Outpatient Drug Services

The PH-MCO must comply with the requirements of Exhibit BBB specific to Prior Authorization of Outpatient Drug Services.

C. Continuity of Care

The PH-MCO must comply with the procedures outlined in MA Bulletin #99-96-01, Continuity of Prior Authorized Services Between FFS and Managed Care Plans and Between Managed Care Plans for Individuals Under Twenty-One (21), and MA Bulletin 99-03-13 Continuity of Care for Recipients Transferring Between and Among Fee-for-Service and Managed Care Organizations to provide for continuity of Prior Authorized Services.

The PH-MCO must comply with Section 2117 of Article XXI of the Insurance Company Law of 1921, as amended, 40 P.S. §991.2117, regarding continuity of care requirements and 28 Pa. Code §9.684 and 31 Pa. Code §154.15. The PH-MCO must comply with the procedures outlined in MA Bulletin 99-03-13, Continuity of Care for Recipients Transferring Between and Among Fee-for-Service and Managed Care Organizations, to ensure continuity of Prior Authorized Services for individuals age twenty-one (21) and older and continuity of non-prior authorized services for all Members.

The PH-MCO must implement a transition of care policy consistent with the above requirements and compliant with 42 C.F.R. 438.62 (b) (1) (2) (3).

The PH-MCO Special Needs Unit must have a resource account email box in place for receipt of transition of care documentation to ensure timely...
access to all medically necessary services. The Special Needs Unit Coordinator and multiple staff must have access to this resource account.

D. Coordination of Care

The PH-MCO must coordinate care for its Members. The PH-MCO must provide for seamless and continuous coordination of care across a continuum of services for the Member with a focus on improving health care outcomes. The continuum of services may include the In-Plan comprehensive service package, out-of-plan services, and non-MA covered services provided by other community resources such as:

- Nursing Facility Care

Out-of-Plan Services are described in Exhibit P, Out-of-Plan Services. Recipient coverage rules are outlined in Exhibit BB, PH-MCO Recipient Coverage Document.

1. **Coordination of Care/Letters of Agreement**

The PH-MCO must coordinate the comprehensive in-plan package with entities providing Out-of-Plan Services. To facilitate the efficient administration of the Medical Assistance Program, to enhance the treatment of Members who need Out-of-Plan services and to clearly define the roles of the entities involved in the coordination of services, the PH-MCO must enter into coordination of care letters of agreement with County Children and Youth Agencies (CCYAs), Juvenile Probation Offices (refer to Sample Model Agreement, Exhibit Q), and BH-MCOs (refer to Exhibit R, Coordination with BH-MCOs). In addition, the PH-MCO must make a good faith effort to enter into coordination of care letters of agreement with school
districts and other public, governmental, county, and community-based service providers.

Should the PH-MCO be unable to enter into coordination of care letters of agreement as required under this Agreement, the PH-MCO must submit written justification to the Department. Justification must include all the steps taken by the PH-MCO to secure coordination of care letters of agreement, or must demonstrate an existing, ongoing, and cooperative relationship with the entity. The Department will determine whether to waive strict compliance with this requirement.

All written coordination documents developed and maintained by the PH-MCO must have advance written approval by the Department and must be reviewed and, if necessary, revised at least annually by the PH-MCO. Coordination documents must be available for review by the Department upon request.

The PH-MCO must obtain the Department’s prior written approval of all written coordination documents entered into between a service provider and the PH-MCO. - The PH-MCO will monitor claims to a provider during a payment suspension, and report on a monthly basis in writing to BPI the amount of funds withheld to the provider during the payment suspension. If the PH-MCO’s Provider Network is unable to provide necessary medical services covered under the Agreement, to a particular Member, the PH-MCO must adequately and timely cover these services out-of-network, for the Member for as long as the PH-MCO is unable to provide them and must coordinate with the Out-of-Network Provider with respect to payment.

1. Provider Agreements

The PH-MCO must have written Provider Agreements with a sufficient number of Providers to ensure Member access to all Medically Necessary services covered by the HealthChoices Program.

The requirements for these Provider Agreements are set forth in Exhibit CCC, PH-MCO Provider Agreements.
2. **Cultural Competency**

Both the PH-MCO and Network Providers must demonstrate Cultural Competency and must understand that racial, ethnic and cultural differences between Provider and Member cannot be permitted to present barriers to accessing and receiving quality health care; must demonstrate the willingness and ability to make the necessary distinctions between traditional treatment methods and/or non-traditional treatment methods that are consistent with the Member’s racial, ethnic or cultural background and which may be equally or more effective and appropriate for the particular Member; and demonstrate consistency in providing quality care across a variety of races, ethnicities and cultures. For example, language, religious beliefs, cultural norms, social-economic conditions, diet, etc., may make one treatment method more palatable to a Member of a particular culture than to another of a differing culture.

3. **Primary Care Practitioner Responsibilities**

The PH-MCO must have written policies and procedures for ensuring that every Member is assigned to a PCP. The PCP must serve as the Member’s initial and most important point of contact regarding health care needs. At a minimum, the PH-MCO Network PCP are responsible for:

a. Providing primary and preventive care and acting as the Member’s advocate, providing, recommending and arranging for care.

b. Documenting all care rendered in a complete and accurate Encounter record that meets or exceeds the DHS data specifications.

c. Maintaining continuity of each Member’s health care.

d. Communicating effectively with the Member by using sign language interpreters for those who are deaf or hard of hearing and oral interpreters for those individuals with LEP when needed by the Member. Services must be free of charge to the Member. Notice of nondiscrimination and the taglines must be posted in physical locations where providers interact with the public.

e. Making referrals for specialty care and other Medically Necessary services, both in and out-of-plan.
f. Maintaining a current medical record for the Member, including documentation of all services provided to the Member by the PCP, as well as any specialty or referral services.

g. Arranging for Behavioral Health Services in accordance with Exhibit U of this Agreement, Behavioral Health Services.

The PH-MCO will retain responsibility for monitoring PCP actions to ensure they comply with the provisions of this Agreement.

4. Specialists/School Based Health Centers as PCPs

A Member may qualify to select a specialist to act as PCP if s/he has a disease or condition that is life threatening, degenerative, or disabling. The PH-MCO must allow members to access school based health centers for primary care services regardless of PCP on record.

The PH-MCO must adopt and maintain procedures by which a Member with a life-threatening, degenerative or disabling disease or condition shall, upon request, receive an evaluation and, if the PH-MCO’s established standards are met, be permitted to receive:

- A standing referral to a specialist with clinical expertise in treating the disease or condition; or

- The designation of a specialist to provide and coordinate the Member’s primary and specialty care.

The referral to or designation of a specialist must be pursuant to a treatment plan approved by the PH-MCO, in consultation with the PCP, the Member and, as appropriate, the specialist. When possible, the specialist must be a Health Care Provider participating in the PH-MCO’s Network. If the specialist is not a Network Provider, the PH-MCO may require the specialist to meet the requirements of the PH-MCO’s Network Providers, including the PH-MCO’s credentialing criteria and QM/UM Program policies and procedures.

Information for Recipients must include a description of the procedures that a Member with a life-threatening, degenerative or disabling disease or condition shall follow and satisfy to be eligible for:
• A standing referral to a specialist with clinical expertise in treating the disease or condition; or

• The designation of a specialist to provide and coordinate the Member’s primary and specialty care.

The PH-MCO must have adequate Network capacity of qualified specialists to act as PCPs. These physicians may be predetermined and listed in the directory but may also be determined on an as needed basis. All determinations must comply with specifications set out by Act 68 regulations. The PH-MCO must establish and maintain its own credentialing and recredentialing policies and procedures to ensure compliance with these specifications.

The PH-MCO must require that Providers credentialed as specialists and as PCPs agree to meet all of the PH-MCO's standards for credentialing PCPs and specialists, including compliance with record keeping standards, the Department's access and availability standards and other QM/UM Program standards. The specialist as a PCP must agree to provide or arrange for all primary care, consistent with PH-MCO preventive care guidelines, including routine preventive care, and to provide those specialty medical services consistent with the Member’s "special need" in accordance with the PH-MCO's standards and within the scope of the specialty training and clinical expertise. In order to accommodate the full spectrum of care, the specialist as a PCP also must have admitting privileges at a hospital in the PH-MCO's Network.

5. Hospital Related Party

The Department requires that a PH-MCO that is a Related Party to a Hospital or system must insure that the Related Party is willing to negotiate in good faith with other PH-MCOs regarding the provision of services to Recipients. The Department reserves the right to terminate this Agreement with the PH-MCO if it determines that a hospital related to the PH-MCO has refused to negotiate in good faith with other PH-MCOs.

6. Mainstreaming

The PH-MCO must prohibit Network Providers from intentionally segregating their Members in any way from other persons receiving services.

The PH-MCO must investigate Complaints and take affirmative action so that Members are provided covered services without
regard to race, color, creed, sex, religion, age, national origin, ancestry, marital status, gender identity or expression, sexual orientation, language, MA status, health status, disease or pre-existing condition, anticipated need for health care or physical or mental handicap, except where medically indicated. Examples of prohibited practices include, but are not limited to, the following:

- Denying or not providing a Member any MA covered service or availability of a facility within the PH-MCO's Network. The PH-MCO must have explicit policies to provide access to complex interventions such as cardiopulmonary resuscitations, intensive care, transplantation and rehabilitation when medically indicated and must educate its Providers on these policies. Health care and treatment necessary to preserve life must be provided to all persons who are not terminally ill or permanently unconscious, except where a competent Member objects to such care on his/her own behalf.

- Subjecting a Member to segregated, separate, or different treatment, including a different place or time from that provided to other Members, public or private patients, in any manner related to the receipt of any MA covered service, except where Medically Necessary.

- The assignment of times or places for the provision of services on the basis of the race, color, creed, religion, age, sex, national origin, ancestry, marital status, sexual orientation, gender identity or expression, income status, program membership, language, MA status, health status, disease or pre-existing condition, anticipated need for health care or physical or mental disability of the participants to be served.

If the PH-MCO knowingly executes an agreement with a Provider with the intent of allowing or permitting the Provider to implement barriers to care (i.e. the terms of the Provider Agreement are more restrictive than this Agreement), the PH-MCO shall be in breach of this Agreement.

7. Network Changes/Provider Terminations

a. Network Changes

i. Notification to the Department

Other than terminations outlined below in Section 7.b (Provider Terminations), the PH-MCO must review its network and notify the Department of any changes to

ii. Procedures and Work Plans
The PH-MCO must have procedures to address changes in its Network that impact Member access to services, in accordance with the requirements of Exhibit AAA, as applicable, Network Composition, of this Agreement. Failure of the PH-MCO to address changes in Network composition that negatively affect Member access to services may be grounds for termination of this Agreement.

iii. Timeframes for Notification to Members
The PH-MCO must update web-based Provider directories to reflect any changes in the Provider Network as required in Section V.F.16, Provider Directories, of this Agreement.

b. Provider Terminations
The PH-MCO must comply with the Department’s requirements for provider terminations as outlined in Exhibit C, PH-MCO Requirements for Provider Terminations.

c. The Commonwealth must screen, enroll and periodically revalidate all MA providers. The PH-MCO may execute network provider agreements pending the outcome of the revalidation process of up to 120 days. The PH-MCO must terminate a network provider immediately upon notification from the Commonwealth that the network provider cannot be revalidated, or the expiration of one 120 day period without revalidation of the provider. The PH-MCO must notify affected members in accordance with the provider termination requirements of this agreement.

8. Other Provider Enrollment Standards
The PH-MCO will comply with the program standards regarding Provider enrollment that are set forth in this Agreement.

The PH-MCO must require all Network Providers to be enrolled in the Commonwealth’s MA Program and possess an active MMIS Provider ID for each location at which they provide services for the PH-MCO. The PH-MCO must be able to store and utilize the MMIS
Provider ID and NPI stored in the Department’s MMIS for each location.

The PH-MCO must enroll a sufficient number of Providers qualified to conduct the specialty evaluations necessary for investigating alleged physical and/or sexual abuse.

The Department encourages the use of Providers currently contracting with the County Children and Youth Agencies who have experience with the foster care population and who have been providing services to children and youth Recipients for many years.

9. **Twenty-Four Hour Coverage**

It is the responsibility of the PH-MCO to have coverage available directly or through its PCPs, who may have on-call arrangements with other qualified Providers, for urgent or emergency care on a twenty-four (24) hour, seven (7) day-a-week basis. The PH-MCO must not use answering services in lieu of the above PCP emergency coverage requirements without the knowledge of the Member. For Emergency or Urgent Medical Conditions, the PH-MCO must have written policies and procedures on how Members and Providers can make contact to receive instruction for treatment. If the PCP determines that emergency care is not required, 1) the PCP must see the Member in accordance with the time frame specified in Exhibit AAA, as applicable, under Appointment Standards, or 2) the Member must be referred to an urgent care clinic which can see the Member in accordance with the time frame specified in Exhibit AAA, as applicable, under Appointment Standards.

10. **Opioid Use Disorder Centers of Excellence**

The Department will implement OUD-COE in the Physical Health Program throughout the Commonwealth. This initiative will increase the capacity to care for those seeking treatment for OUD, as well as increase the overall quality of care. The PH-MCO must comply with the Department’s OUD-COE requirements specified in Exhibit G Opioid Use Disorder Centers of Excellence.

11. **Health Information Organization**

PH-MCOs must contract with at least one Health Information Organization (HIO) that is capable of connecting to the PA Patient and Provider Network, or P3N. Information about certified regional networks of HIOs can be found at: [http://dhs.pa.gov/ehealth](http://dhs.pa.gov/ehealth).

Information regarding QM and UM reporting requirements may be found on the Pennsylvania HealthChoices Extranet.

6. Delegated Quality Management and Utilization Management Functions

7. Consumer Involvement in the Quality Management and Utilization Management Programs

The PH-MCO will participate and cooperate in the work and review of the Department’s formal advisory body through participation in the Medical Assistance Advisory Committee (MAAC) and its subcommittees.

The centralized credentialing vendor will facilitate the gathering of administrative materials needed for provider credentialing and recredentialing, perform primary source verifications, and provide the results of the primary source verification to the PH-MCO. The PH-MCO will evaluate the information provided by the centralized credentialing vendor and make the final determination of whether a provider will be credentialled or recredentialled with the PH-MCO and added to the PH-MCO’s Network. The PH-MCO must establish agreements and cooperate with the Commonwealth-procured centralized credentialing vendor to support the activities of the vendor, including but not limited to data exchange, receipt of verified application materials and other information, marketing, and notification of the outcome of the PH-MCO’s credentialing and recredentialing decisions. The Department may continue development of readiness review elements, program standards and forms prior to scheduling the actual on-site readiness review visits.

**SECTION VII: FINANCIAL REQUIREMENTS**

A. **Financial Standards**

The PH-MCO must comply with all financial requirements included in this Agreement, in addition to those of the PID. As proof of financial responsibility and adequate protection against insolvency in accordance with 42 C.F.R. §438.116, the following applies:
1. **Risk Protection Reinsurance for High Cost Cases**

If the PH-MCO is eligible for inclusion in the High Cost Risk Pool, for every HealthChoices Zone of operation, per Appendix 3k, then risk protection reinsurance is not required. Reinsurance is also not required if the PH-MCO has, at a minimum, a combined membership of 60,000 Members across all Pennsylvania lines of business.

a. If risk protection reinsurance is required, the PH-MCO must obtain reinsurance to cover, at a minimum, eighty (80) percent of inpatient costs incurred by one (1) Member in one (1) year in excess of $200,000 except as provided at 1. b) below the Department may alter or waive the reinsurance requirement if the PH-MCO proposes an alternative risk protection arrangement that the Department determines is acceptable.

The PH-MCO may not change or discontinue the approved risk protection arrangement without advance written approval from the Department, which approval shall not be unreasonably withheld. Not less than forty-five (45) days before each risk protection arrangement expires, the PH-MCO must provide the Department with a detailed plan for risk protection after the current arrangement expires, including any planned changes. The PH-MCO must submit each risk protection arrangement to the Department for prior approval. If the risk protection arrangement is an annual agreement, the PH-MCO must submit each annual agreement to the Department for prior written approval.

b. The reinsurance threshold requirement shall be $100,000, if any of the following criteria is met:

i. The PH-MCO has been operational (providing medical benefits to any type of consumer) for less than three (3) years; or

ii. The PH-MCO’s SAP basis Equity is less than six (6.0) percent of revenue earned by the licensed HMO during the most recent four (4) quarters for which the due date has passed for submission of the unaudited reports filed by the PH-MCO with the PID; or

iii. The net income as reported to the PID over the past three (3) years was less than zero.
c. The PH-MCO may not purchase required reinsurance risk protection from a Related Party or an Affiliate unless all of the following conditions are met:

- The Related Party or Affiliate is a reinsurance or insurance company in the business to provide such reinsurance risk protection;

- The PH-MCO’s reinsurance risk protection annual premium is less than six (6.0) percent of the Related Party or Affiliate’s total annual written reinsurance or insurance related premium; and

- The PH-MCO has received prior written approval from the Department to purchase the reinsurance risk protection from the Related Party or Affiliate.

2. **Equity Requirements and Solvency Protection**

The PH-MCO must meet the Equity and solvency protection requirements set forth below.

The PH-MCO must maintain SAP-basis Equity equal to the highest of the amounts determined by the following “Three (3) Part Test” as of the last day of each calendar quarter:

- $20.00 million;

- 7.000% of Revenue earned by the licensed HMO during the most recent four (4) calendar quarters; or

- 7.000% of Revenue earned by the licensed HMO during the current quarter multiplied by three (3).

Revenue, for the purpose of the Equity requirement calculation, is defined as the total gross Direct Business Premiums, for all Pennsylvania lines of business, reported in Schedule T, “Premiums and Other Considerations,” of the PID report.

For the purpose of this requirement, Equity amounts, as of the last day of each calendar quarter, shall be determined in accordance with statutory accounting principles as specified or accepted by the PID. The Department will accept PID determinations of Equity amounts, and in the absence of such determination, will rely on required financial statements filed by the PH-MCO with PID to determine Equity amounts.
The PH-MCO must provide the Department with reports as specified in Section VIII.D and E. Financial Reports and Equity.

With approval from the Department, the PH-MCO may elect this alternative equity requirement. This alternative requirement has three parts:

a. PH-MCO RBC ratio of at least three (3.0); and

b. Substitution of five and one-half percent (5.5%) where the figure seven percent (7.0%) is included in the Three Part Test above; and

c. Compliance with the Three Part Test with the figure of eight and three tenths percent (8.3%), where seven percent (7.0%) is stated, by individual at-risk Subcontractors who collectively receive at least seventy five percent (75%) of the revenue provided by the Department to the PH-MCO. Revenue, for the purpose of this alternative equity requirement, would be premium revenue reported on the most recently available audited statements and updated to incorporate more recent quarterly information.

The PH-MCO must provide documentation of compliance that is satisfactory to the Department, and failing that, must comply with the standard Three Part Test equity requirement.

3. **Risk Based Capital (RBC)**

The PH-MCO must maintain a RBC ratio of 2.0.

4. **Prior Approval of Payments to Affiliates**

With the exception of payment of a Claim, the PH-MCO may not pay money or transfer any assets for any reason to an Affiliate without prior approval from the Department, if any of the following criteria apply:

a. The PH-MCO’s RBC ratio was below the requirement in Section VII.A.3 as of December 31 of the most recent year for which the due date for filing the annual unaudited PID financial report has passed;

b. The PH-MCO was not in compliance with the Agreement Equity and solvency protection requirement as of the last day
of the most recent quarter for which the due date for filing PID financial reports has passed;

c. After the proposed transaction took place, the PH-MCO would not be in compliance with the Agreement Equity and solvency protection requirement; or

d. Subsequent adjustments are made to the PH-MCO’s financial statement as the result of an audit, or are otherwise modified, such that after the transaction took place, a final determination is made that the PH-MCO was not in compliance with the Agreement Equity requirements. In this event, the Department may require repayment of amounts involved in the transaction.

The Department may elect to waive the requirements of this section.

5. **Change in Independent Actuary or Independent Auditor**

The PH-MCO must notify the Department within ten (10) calendar days when its contract with an independent auditor or actuary has ended. The notification must include the date and reason for the change or termination and the name of the replacement auditor or actuary, if any. If the change or termination occurred as a result of a disagreement or dispute, the PH-MCO must disclose the nature of the disagreement or dispute.

6. **Modified Current Ratio**

The PH-MCO must maintain current assets, plus long-term investments that can be converted to cash within five (5) Business Days without incurring an assessment of more than twenty (20) percent, which equal or exceed current liabilities.

- If an assessment for conversion of long-term investments is applicable, only the value net of the assessment may be counted for the purpose of compliance with this requirement.

- The definitions of current assets and current liabilities are included in the Financial Reporting Requirements.

- Restricted assets may be included only with authorization from the Department.
• The following types of long-term investments may be counted, consistent with above requirements, so long as they are not issued by or include an interest in an Affiliate:
  – Certificates of Deposit
  – United States Treasury Notes and Bonds
  – United States Treasury Bills
  – Federal Farm Credit Funding Corporation Notes and Bonds
  – Federal Home Loan Bank Bonds

d. Payments to a Provider that furnishes compensable services under a contractual, referral or other arrangement with the PH-MCO in excess of the amount that would be owed by the Member if the PH-MCO had directly provided the services.

10. **Related Party Hospitals**

The PH-MCO may not include a related party hospital in its network unless the related party hospital, and all physician sites and clinics owned or controlled by the hospital, are included in the network of all but one other PH-MCO that has an Agreement with the Department to operate in the applicable zone. The Department will recover Capitation payments made for Members who were later determined to be ineligible for managed care for up to twelve (12) months after the service month for which payment was made. The Department will recover Capitation payments made for deceased Members or for Members aged twenty-one through sixty-four (21 – 64) residing in a free-standing IMD at least 16 days during the calendar month and the Member’s condition is not related to Substance Use Disorder for up to eighteen (18) months after the service month for which payment was made. The Capitation amount recovered for IMD Members is calculated in accordance with Section VII.E.13.

2. Maternity Care Payment

For each live birth, the Department will make a one-time maternity care payment to the PH-MCO with whom the mother is enrolled on the date of birth. However, if the mother is admitted to a hospital and a change in the PH-MCO coverage occurs during the hospital admission, the PH-MCO responsible for the hospital stay shall receive the maternity care payment. Similarly, if the mother is covered by FFS when admitted to the hospital and then assumes PH-MCO coverage while still in the hospital, the Department will not
make a maternity care payment to the PH-MCO. In the event of multiple births (twins, etc.), the Department will make only one maternity care payment.

The PH-MCO must pay fees for delivery services at least equal to the Department’s MA fee schedule when the PH-MCO is the primary payer.

The PH-MCO must submit information on maternity events to the Department’s MMIS in accordance with Section VIII.B.6.

3. **Program Changes**

Amendments, revisions, or additions to the MA State Plan or to state or federal regulations, laws, guidelines, or policies shall, insofar as they affect the scope or nature of benefits available to eligible Members, amend the PH-MCO’s obligations as specified herein, unless the Department notifies the PH-MCO otherwise. The Department will inform the PH-MCO of any changes, amendments, revisions, or additions to the Medicaid State Plan or changes in the Department’s regulations, guidelines, or policies in a timely manner.

If the scope of Recipients or services, inclusive of limitations on those services that are the responsibility of the PH-MCO is changed, the Department will determine whether the change is sufficient that an actuarial analysis might conclude that a rate change is appropriate. If yes, the Department will arrange for the actuarial analysis, and the Department will determine whether a rate change is appropriate. The Department will take into account the actuarial analysis, and the Department will consider input from the PH-MCO, when making this determination. At a minimum, the Department will adjust the rates as necessary to maintain Actuarial Sound Rates. If the Department makes a change, the Department will provide the analysis used to determine the rate adjustment. If the scope of services or consumers that are the responsibility of the PH-MCO is changed, upon request by the PH-MCO, the Department will provide written information on whether the rates will be adjusted and how, along with an explanation for the Department’s decision.

The rates in Appendix 3f, Capitation Rates will remain in effect until agreement is reached on new rates and their effective date, unless modified to reflect changes to the scope of services or consumers in the manner described in the preceding paragraph.

**C. Acceptance of Actuarially Sound Rates**
By executing the Agreement, the PH-MCO has reviewed the rates as set forth in the Rate Appendices in this Agreement, Capitation Rates, and accepts the rates for the relevant Agreement period.

D. Claims Processing Standards, Monthly Report and Assessments

These requirements and assessments are applied separately by zone.

1. Timeliness Standards

The PH-MCO must adjudicate Provider Claims consistent with the requirements below. These requirements apply collectively to Claims processed by the PH-MCO and any Subcontractor. Subcapitation payments are excluded from these requirements.

The adjudication timeliness standards follow for each of three (3) categories of Claims:

a. Claims received from a hospital for inpatient admissions ("Inpatient"):

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

b. Drug Claims:

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

c. All Claims other than inpatient and drug:

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.
100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

The adjudication timeliness standards do not apply to Claims submitted by Providers under investigation for Fraud or Abuse from the date of service to the date of adjudication of the Claims. Providers can be under investigation by a governmental agency or the PH-MCO; however, if under investigation by the PH-MCO, the Department must have immediate written notification of the investigation.

The PH-MCO must adjudicate every Claim entered into the PH-MCO's computer information system that is not a Rejected Claim. The PH-MCO must maintain an electronic file of Rejected Claims, inclusive of a reason or reason code for rejection. The PH-MCO must deny a claim for a Recipient who was not a MCO Member as of the date of service at the time of processing of the claim and must notify the Provider.

The amount of time required to adjudicate a paid Claim is computed by comparing the date the Claim is received with the check date or the MCO bank notification date for electronic payment. The check date is the date printed on the check. The amount of time required to adjudicate a Denied Claim is computed by comparing the date the Claim is received with the date the denial notice was created or the transmission date of an electronic denial notice. The PH-MCO must mail checks not later than three (3) Business Days from the check date and make electronic payments within three (3) Business Days of the bank notification date.

The PH-MCO must record, on every Claim processed, the date the Claim was received. A date of receipt imbedded in a Claim reference number is acceptable for this purpose. This date must be carried on Claims records in the Claims processing computer system. Each hardcopy Claim received by the PH-MCO, or the electronic image thereof, must be date-stamped with the date of receipt no later than the first (1st) Business Day after the date of receipt. The PH-MCO must add a date of receipt to each Claim received in the form of an electronic record or file within one (1) Business Day of receipt.
If responsibility to receive Claims is subcontracted, the date of initial receipt by the Subcontractor determines the date of receipt applicable to these requirements.

2. **Assessments**

The Department will utilize the monthly report that is due on the fifth (5\textsuperscript{th}) calendar day of the fifth (5\textsuperscript{th}) subsequent month after the Claim is received to determine Claims processing timeliness. For example, the Department shall utilize the monthly report that is due January 5\textsuperscript{th}, to determine Claims processing timeliness for Claims received in the previous August. The Department shall utilize the monthly report that is due February 5\textsuperscript{th}, to determine Claims processing timeliness for Claims received in the previous September. The Department shall utilize the monthly report that is due March 5\textsuperscript{th}, to determine Claims processing timeliness for Claims received in the previous October, and so on.

All Claims received during the month, for which an assessment is being computed, that have not been adjudicated at the time the assessment is being determined, shall be considered a Clean Claim.

If a Commonwealth audit, or an audit required or paid for by the Commonwealth, determines Claims processing timeliness data that are different than data submitted by the PH-MCO, or if the PH-MCO has not submitted required Claims processing data, the Department will use the audit results to determine the assessment amount.

The assessments included in the charts below shall apply separately to:

a. Inpatient Claims

b. Claims other than inpatient and drug

The PH-MCO will be considered in compliance with the requirement for adjudication of 100.0% of all inpatient Claims if 99.5% of all inpatient Claims are adjudicated within ninety (90) days of receipt. The PH-MCO will be considered in compliance with the requirement of adjudication of 100.0% of all Claims other than inpatient and drug if 99.5% of all Claims other than inpatient and drug are adjudicated within ninety (90) days of receipt.

The Department will reduce the assessments in the charts below by one-third if the PH-MCO has 25,000-50,000 Members and by two-thirds if the PH-MCO has less than 25,000 Members.
The total assessment for the current month will increase to $10,000 if the following conditions exist:

- PH-MCO fails to comply with any adjudication timeliness requirement for Claims received in any seven (7) of the nine (9) previous months; and

The sum of adjudication timeliness assessments for the current month is greater than zero (0) but less than $10,000.

**CLAIMS ADJUDICATION MONTHLY ASSESSMENT CHART**

The Department will compute assessments as for failure to adjudicate inpatient Claims and Claims other than inpatient or pharmacy.

**E. Other Financial Requirements**

1. **Physician Incentive Arrangements**
a. PH-MCOs must comply with the PIP requirements included under 42 C.F.R. §§ 422.208 and 422.210, which apply to Medicaid managed care under 42 C.F.R. §438.3.

b. PH-MCOs are only permitted to operate PIPs if 1) no specific payment is made directly or indirectly to a physician or physician group as an inducement to reduce or limit Medically Necessary services furnished to a Member; and 2) the disclosure, computation of Substantial Financial Risk, Stop-Loss Protection, and Member survey requirements of this section are met.

c. PH-MCOs must provide information specified in the regulations to the Department and CMS, upon request. In addition, PH-MCOs must provide the information on their PIPs to any Member, upon request. PH-MCOs that have PIPs placing a physician or physician group at Substantial Financial Risk for the cost of services the physician or physician group does not furnish must assure that the physician or physician group has adequate Stop-Loss Protection. PH-MCOs that have PIPs placing a physician or physician group at Substantial Financial Risk for the cost of service the physician or physician group does not furnish must also conduct surveys of Members and disenrollees addressing their satisfaction with the quality of services and their ability to access services.

d. PH-MCOs must provide the following disclosure information concerning its PIPs to the Department prior to approval of the contract:

- whether referral services are included in the PIP,
- the type of incentive arrangement used, i.e. withhold bonus, capitation,
- a determination of the percent of payment under the contract that is based on the use of referral services to determine if Substantial Financial Risk exists,
- panel size, and if Members are pooled, pooling method used to determine if Substantial Financial Risk exists,
- assurance that the physician or physician group has adequate Stop-Loss Protection and the type of coverage, if this requirement applies.
Where Member/disenrollee survey requirements apply, the PH-MCOs must provide the survey results.

e. The PH-MCO must provide the disclosure information specified in 1.d. above to the Department annually, unless the Department has provided the PH-MCO with notice of suspension of this requirement.

2. **Retroactive Eligibility Period**

The PH-MCO shall not be responsible for any payments owed to Providers for services that were rendered prior to the effective date of a Member's Enrollment into the PH-MCO.

3. **Payment for Services Provided by In-Network Providers**

The PH-MCO must make timely payment for Medically Necessary, covered services rendered by Network Providers when:

a. Services were rendered to treat an Emergency Medical Condition;

b. Services were rendered under the terms of the PH-MCO's agreement with the Provider;

c. Services were Prior Authorized; or

d. It is determined by the Department, after a hearing, that the services should have been authorized.

4. **Payments for Out-of-Network Providers**

a. The PH-MCO must make timely payments to Out-of-Network Providers for Medically Necessary, covered services when:

   i. Services were rendered to treat an Emergency Medical Condition;

   ii. Services were Prior Authorized;

   iii. It is determined by the Department, after a hearing, that the services should have been authorized; or
iv. A child enrolled in the PH-MCO is placed in emergency substitute care and the county placement agency cannot identify the child nor verify MA coverage.

b. The PH-MCO is not financially liable for:

i. Services rendered to treat a non-emergency condition in a hospital emergency department (except to the extent required by law), unless the services were Prior Authorized; or

ii. Prescriptions presented at Out-of-Network Provider pharmacies that were written by Non-participating providers or Out–of-Network Providers unless:

- the Non-participating Provider or Out-of-Network provider arrangements were approved in advance by the PH-MCO and any prior authorization requirements (if applicable) were met;

- the Non-participating Provider or Out-of-Network Provider prescriber and the pharmacy are the Member’s Medicare providers; or

- the Member is covered by a third party carrier and the Non-participating or Out-of-Network Provider prescriber and the pharmacy are the Member’s third party providers.

The PH-MCO must assume financial responsibility, in accordance with applicable law, for emergency services and urgently needed services as defined in 42 C.F.R. §417.401 that are obtained by its Members from Providers and suppliers outside the PH-MCO’s Provider Network even in the absence of the PH-MCO’s prior approval.

5. Payments to FQHCs and RHCs

Effective with dates of services beginning on or after January 1, 2016, the PH-MCO must pay all FQHCs and RHCs rates that are not less than the FFS Prospective Payment System (PPS) rate(s), as determined by the Department. Beginning on or after December 1, 2016, the PH-MCO must also make a payment separate from the PPS rate(s) to any FQHC that has opted–in to the Alternative Payment Methodology for inpatient deliveries. The PH-MCO must also include in its Provider Network every FQHC and RHC located
within this HealthChoices Zone that the MCO operates its Program in that is willing to accept PPS rates as payment in full. The PH-MCO must pay all FQHCs and/or RHCs in the Network for eligible visits regardless of whether the FQHC and/or RHC is the Member’s primary care physician. This requirement applies to any Subcontractor of the PH-MCO, as required by Section V.O.2. If a FQHC/RHC has opted-out of receiving the PPS rate from the PH-MCOs, upon notification from the Department of the date that the FQHC/RHC has opted-out, the PH-MCO is no longer required to make payment at the FFS PPS rate, as noted above. Effective with the FQHC/RHC opt-out, the PH-MCO must negotiate and pay the opted-out FQHC/RHC at rates that are no less than what the PH-MCO pays to other providers who provide comparable services within the PH-MCO’s Provider Network.

6. **Payments to Ambulance Service Providers**

Effective with dates of services beginning January 1, 2019, the PH-MCO must pay rates for certain ambulance services that are not less than the amounts listed in PA’s MA fee schedule:

- Basic Life Support
- Advanced Life Support
- Air Ambulance Transport
- Ground Mileage
- Air Mileage

This requirement applies to any Subcontractor of the PH-MCO, as required by Section V.O.2.

7. **Prohibited Payments**

a. In compliance with the Social Security Act §1903(i)(2)(A-C) and (i)(16-18), the PH-MCO is prohibited from paying for: Medically necessary medical services or products provided or dispensed to Members when:

i. The provider is excluded from participation under this or any other Federal funded program;

ii. The service is provided at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under this or any other Federally funded program;
iii. When the provider furnishing the medical product or service knew or had reason to know of the ordering or referring physician’s exclusion from participation under this or any other Federally funded program (after a reasonable time period after reasonable notice has been furnished to the provider); or

iv. When the Department has failed to suspend payments during any period when there is a pending investigation of credible allegation of fraud against a provider, unless the Department determines there is good cause not to suspend such payments in accordance with regulations at 42 C.F.R. 455.23 promulgated by the Secretary of Health and Human Services for purposes of Section 1862(o) of the Social Security Act.

v. Exception – When the medically necessary medical service or product is provided as an emergency service to the Member.

b. The PH-MCO shall not make payment with respect to any amount expended for which funds may not be used under the Assisted Suicide Funding Restriction Act of 1997.

c. The PH-MCO shall not make payment with respect to any amount expended for roads, bridges, stadiums, or any other item or service not covered under the Medicaid State Plan.

d. The PH-MCO shall not make payment with respect to any amount expended for home health care services provided by any agency or organization, unless the agency or organization provides the Department with a surety bond as specified in §1861(o)(7) of the Social Security Act.

8. **Value Based Purchasing (VBP)**

Value-based purchasing (VBP) is the Department’s initiative to transition providers to being paid for the value of the services provided, rather than simply the volume of services. VBP Payment Strategies and VBP Models are critical for improving quality of care, efficiency of services, reducing cost, and addressing Social Determinants of Health.

The Department has developed an aligned VBP framework that consists of both VBP Payment Strategies and VBP Models. VBP Payment Strategies define the mechanism by which the providers
are paid by the MCO. VBP Payment Strategies are tiered by three levels of risk: low, medium, and high.

VBP Models define a way to organize and deliver care and may incorporate one or more VBP Payment Strategies as ways to pay providers. The Department is categorizing VBP Models into recommended models and required models.

PH-MCOs, BH-MCOs, CHC-MCOs, and CHIP-MCOs can form integrated VBP models. MCOs should work towards integrating VBP models, because addressing physical health needs can improve behavioral health outcomes, and vice versa.

a. VBP Payment Strategies

The MCO must enter into VBP Payment Arrangements with Providers that incorporate approved VBP Payment Strategies. The Department retains the ability to accept or reject any proposals to count toward the required VBP medical spend percentage. The approved VBP Payment Strategies are tiered as low-risk (performance based contracting), medium risk (shared savings, shared risk, bundled payments), and high risk (global payments).

Each arrangement must include quality benchmarks, financial incentives, penalties or both, without which the Department will reject the arrangement as counting towards the required VBP medical spend percentage. MCOs can also layer additional non-financial incentives as long as financial incentives are also in the arrangement.

Approved payment strategies:

i. Performance based contracting (low-risk strategy): FFS contracts in which incentives payments and/or penalties are linked to Network Provider performance. The MCO must measure Network Providers against quality benchmarks or incremental improvement benchmarks, and must include in the contract incentives or penalties or both based upon meeting these benchmarks.

ii. Shared Savings (medium-risk strategy): Supplemental payments to Network Providers if they can reduce health care spending relative to an annual cost benchmark, either for a defined Member sub-population or the total Member population served by a Network Provider. The cost benchmark should be developed prospectively, based at least in part on historical claims, and be risk
adjusted if needed. The supplemental payment is a percentage of the net savings generated by the Network Provider.

iii. Shared Risk (medium-risk strategy): Supplemental payments to Network Providers if they are able to reduce health care spending relative to a cost benchmark, either for a defined Member sub-population or the total Member population served by a Network Provider. The cost benchmark should be developed prospectively, based at least in part on historical claims, and risk adjusted if needed. The payment is a percentage of the net savings generated by the Network Provider. These arrangements also include shared losses with Network Providers if costs are higher relative to a benchmark.

iv. Bundled payments (medium-risk strategy): Bundled payments include all payments for services rendered to treat a Member for an identified condition during a specific time period. The payments may either be made in bulk, or be paid over regular predetermined intervals. DHS may specify certain services that must be paid through bundled payments.

v. Global payment (high-risk strategy): Population-based payments that cover all services rendered by a Network Provider, hospital, or health system by the participating MCO.

i. An annual global budget is developed prospectively. These payments can either be made in bulk, delivered over regular predetermined intervals, or based on fee-for-service payments with retrospective reconciliation to the global budget. If these payments are subject to retrospective reconciliation, at least a portion of the payment must be prospective to allow Network Providers to make upfront investments in population health infrastructure.

ii Global payments should link payments to both improved physical health and behavioral health quality measures, and provide incentive to reduce potentially avoidable utilization and address social determinants of health. Global payments must also take into consideration market shift on an annual basis, to ensure that Network Providers are not simply decreasing the amount of care provided.

iii Network Providers who are paid via global payments are excluded from participating in separate bundled payment, shared savings, and shared risk arrangements with the same
MCO, because this would be a duplication of payment for services rendered.

b. VBP Models:

VBP Models are divided into Recommended Models, which the Department encourages MCOs to adopt, and Required Models, which are models that MCOs must adopt if they decide to contract with participating Network Providers. MCOs may also implement VBP payment arrangements outside of the recommended models and required models.

Recommended Model:

i. Accountable Care Organization (ACO): An ACO Model integrates the financing arm with the delivery arm within the same organization, such that both are collectively responsible for the Member. ACO models may include shared savings, shared risk, or global payments.

Required Models: MCOs must participate in required VBP payment models as specified by the Department and work with the Department on the development of new models. Required models include, but are not limited to:

i. Maternity Care Bundled Payment: The MCO must pay Network Providers who elect to partake in the Maternity Care Bundled Payment as specified by the Department.

ii. Patient Centered Medical Home (PCMH): The MCO must include all requirements for PCMHs as defined in Exhibit DDD to have the arrangement qualify as a PCMH. Note that payments to PCMHs must be categorized as one of the VBP payment arrangements listed in Section A, and still include quality benchmarks, with incentives or penalties or both based upon meeting these benchmarks, without which the payments will not count towards the required VBP medical spend percentage.

iii. Rural Health Model: MCOs that pay greater than $500,000 to a hospital participating in the PA Rural Health Model, must offer to pay the participating hospital in the form of a global budget as established by the current Technical Specifications for Rural Hospital Global Budget as published by the Rural Health Redesign Center. Hospitals participating in the Rural Health Model are excluded from bundled
payment arrangements, because this would make the hospital doubly liable for a member (in both the global budget and the bundled payment). Payments that are linked to the Rural Health Model count as a Global Payment.

c. Financial Goals

The financial goals for the VBP strategies for each calendar year are based on a percentage of the PH-MCO’s expenditures to the medical portion of the risk adjusted capitation and maternity revenue without consideration of risk sharing risk pools, P4P or other revenue or revenue adjustments. These goals apply collectively to all HealthChoices Agreements between the PH-MCO and the Department in all HealthChoices Zones. For the purpose of this requirement, Capitation revenue is gross of premiums for risk sharing or risk pool arrangements without adjustment for risk sharing or risk pool results. The PH-MCO must achieve the following percentages through VBP arrangements:

i. Calendar year 2021 – 50% of the medical portion of the capitation and maternity care revenue rate must be expended through VBP. At least 50% of the 50% must be from a combination of strategies 8.a.ii. through 8.a. v.

In addition, the MCOs must incorporate CBOs into VBP arrangements with Network Providers to address SDOH as follows:

ii. By March 1, 2021, at least 25% of VBP Payment Strategies that are medium risk and high risk must incorporate at least one CBO that addresses at least one SDOH Domain.

iii. By June 1, 2021, at least 50% of VBP Payment Strategies that are medium risk and high risk must incorporate at least one CBO that addresses at least one SDOH Domain.

iv. By September 1, 2021, at least 75% of VBP Payment Strategies that are medium risk and high risk must incorporate at least one CBO that addresses at least one SDOH Domain, and 25% of VBP Payment Strategies that are medium risk and high risk must incorporate one or more CBOs that together address 2 or more SDOH Domains.
The MCO must require the CBO to address at least one of the following SDOH domains, which are included in the statewide resource and referral tool:

i. Childcare access and affordability
ii. Clothing
iii. Employment
iv. Financial Strain
v. Food insecurity
vi. Housing instability/homelessness
vii. Transportation
viii. Utilities

Additionally, in determining which CBOs to incorporate into VBP agreements, the MCO should also consider the following characteristics of CBOs:

i. Types of services provided
ii. Accessibility to community members, including hours of operation, location, staffing capacity, accommodations for individuals with special needs including physical disabilities and language barriers
iii. Number of MA participants served
iv. Quality of social services provided and experience addressing SDOH
v. Soundness of fiscal, operational and administrative practices and capacity
vi. Service area and populations served
vii. Capacity for increased referrals from providers or the MCO
viii. Ability to capture and report SDOH data

The MCO must incorporate CBOs into VBP arrangements by either:

i. Contracting with a CBO directly. The contract structures between the MCOs and CBOs may include, but are not limited to, payment for services rendered, capitation payments, or value-based payments as long as there is no downside risk to the CBO; or
ii. Contracting with a Network Provider that subcontracts with a CBO.

b. Reporting
The Department will measure compliance through required reports that have been accepted by the Department. By January 1 of each calendar year, the PH-MCO must submit its proposed VBP plan to the Department that outlines and describes its plan for compliance in that calendar year. The Department will review and provide feedback on the plan to the PH-MCO. By the last work day of every quarter, the PH-MCO must submit a progress report.

By June 30 of the subsequent calendar year, the PH-MCO must submit a report on accomplishments from the prior year. This annual report must include a listing of the VBP arrangements by provider; and an explanation of each arrangement; and the dollar amount spent for medical services provided during the previous year through these arrangements. The dollar amounts that qualify toward meeting the VBP goals are as follows:

i. Performance based contracting – dollar value of performance (bonus) payments and direct payments made to the Provider for Members attributed to the provider’s panel during the calendar year.

ii. Shared savings – dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-MCO for Members of the provider’s panel during the time period of the calendar year the Member was attributed to the provider’s panel.

iii. Shared risk – dollar value of any performance (bonus) payments and penalty payments, direct payments made to the provider total medical costs incurred by the PH-MCO for Members of the provider’s panel during the time period of the calendar year the Member was attributed to the provider’s panel.

iv. Bundled payments – dollar value of bundled payments made to providers. The Department may add additional reporting requirements depending on the services being bundled.

v. Global payments – dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-
MCO for Members of the provider’s panel inclusive of any previous (bonus) payments during the time period of the calendar year the Member was attributed to the provider’s panel.

vi. Patient Centered Medical Homes – dollar value of any PCMH payments, performance (bonus) payments, direct payments made to the provider and total medical costs, incurred by the PH-MCO for Members of the provider’s panel during the time period of the calendar year the Member was attributed to the provider’s panel.

c. New Agreements

If a new PH-MCO Agreement is executed and effective during a calendar year, the reporting requirements are applicable to the calendar year that crosses Agreements, and the Department will determine compliance for the complete calendar year.

d. Assessment

This section provides for an assessment against the PH-MCO’s revenue if an annual goal is not met.

Not later than 60 calendar days after receipt from the PH-MCO of the annual report on VBP accomplishments, the Department will notify the PH-MCO of its determination about compliance with the goal for the preceding year. The PH-MCO may provide a response within 30 calendar days. After considering the response from the PH-MCO, if any, the Department will notify the PH-MCO of its final determination of compliance.

If the PH-MCO fails to provide a timely and adequate report on VBP accomplishments, the Department may determine that the PH-MCO is not compliant with the goal of the preceding year.

If the determination results in a finding of non-compliance, the Department will reduce the next monthly capitation payment by an amount equivalent to one (1) percent of the capitation it paid to the PH-MCO for December of the prior calendar year.

e. Data Sharing
The PH-MCOs must provide timely and actionable data to its providers participating in VBP arrangements. This data should include, but is not limited to, the following:

i. Identification of high risk patients;

ii. Comprehensive care gaps inclusive of gaps related to quality metrics used in the VBP arrangement; and

iii. Service utilization and claims data across clinical areas such as inpatient admissions, non-inpatient facility (Short Procedure Unit/Ambulatory Surgical Center), emergency department, radiology services, lab services, durable medical equipment and supplies, specialty physician services, home health services, and prescriptions.

9. Financial Obligations when the Agreement has Ended

The Department’s obligation to make payments under this HealthChoices Agreement survives the expiration or termination of the Agreement.

10. Liability During an Active Grievance or Appeal

The PH-MCO shall not be liable to pay Claims to Providers if the validity of the Claim is being challenged by the PH-MCO through a Grievance or appeal, unless the PH-MCO is obligated to pay the Claim or a portion of the Claim through a separate agreement with the Provider.

11. Financial Responsibility for Dual Eligibles

Dual Eligibles age 21 and older who the Department has confirmed are enrolled in Medicare Part D will not participate in HealthChoices and will be disenrolled from HealthChoices prospectively. The PH-MCO must pay Medicare deductibles and coinsurance amounts relating to any Medicare-covered service for qualified Medicare beneficiaries up to the managed care plan Disenrollment date, in accordance with Section 4714 of the Balanced Budget Act of 1997. The PH-MCO will not be responsible for copayments or cost-sharing for Medicare Part D prescriptions.
If no contracted PH-MCO rate exists or if the Provider of the service is an Out-of-Network Provider, the PH-MCO must pay deductibles and coinsurance up to the applicable MA fee schedule for the service.

For Medicare services that are not covered by either MA or the PH-MCO, the PH-MCO must pay cost-sharing to the extent that the payment made under Medicare for the service and the payment made by the PH-MCO do not exceed eighty percent (80%) of the Medicare-approved amount.

The PH-MCO, its Subcontractors and Providers are prohibited from balance billing Members for Medicare deductibles or coinsurance. The PH-MCO must provide a Member who is Dual Eligible access to a Medicare product or service from the Medicare Provider of his or her choice. The PH-MCO must pay any Medicare coinsurance and deductible amount, whether or not the Medicare Provider is included in the PH-MCO’s Provider Network and whether or not the Medicare Provider has complied with the Prior Authorization requirements of the PH-MCO.

The Commonwealth enters into a Coordination of Benefits Agreement with Medicare for the Medical Assistance populations. Consistent with 42 C.F.R. §438.3 (t), the PH-MCO must enter into individual Coordination of Benefits Agreements with Medicare for members dually eligible for Medicaid and Medicare, and participate in the automated claims crossover process.

12. Financial Responsibility for transitioning CHC Members

A. Section 12.A applies to the PH-MCO’s responsibility to provide benefits to a Member who is transitioning to CHC due to approval of LTSS and does not have a spend down period.

i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.

ii. The PH-MCO is responsible for nursing facility services so long as the Member is enrolled in the PH-MCO. Once the PH-MCO is notified that a Member has been determined Nursing Facility Clinically Eligible (NFCE), despite not being enrolled in CHC at the time, the PH-MCO would continue to be responsible to provide nursing facility benefits and all other covered health benefits from the thirty-first (31st) day forward.
iii. If CIS/eCIS provides a CHC start date and if the PH-MCO’s responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO’s responsibility to provide nursing facility benefits and all other covered health benefits is the date prior to the Member’s CHC start date.

B. Section 12.B applies to the PH-MCO’s responsibility to provide benefits to a Member who is transitioning to CHC due to approval for LTSS and is subject to a spend down period.

i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.

ii. The PH-MCO will not be responsible to pay the nursing facility benefits for the Member having a spend down period for any day after the thirtieth (30th) consecutive day the Member resides in the nursing facility and is a Member of this PH-MCO.

iii. The PH-MCO is responsible for all other services covered by this Agreement on the 31st consecutive day and all subsequent days that the Member is enrolled in the PH-MCO. This exemption from responsibility to pay the nursing facility will continue unabated if the Member is admitted to a hospital and returns to the nursing facility. It is acceptable for the PH-MCO to decline to accept or approve nursing facility claims for days after the thirtieth (30th) consecutive day the Member is in the nursing facility until notice is received that the Member’s spend down requirement has been met.

iv. The PH-MCO’s responsibility for nursing facility benefits begins the date after the spend down period is complete.

v. If CIS/eCIS provides a CHC start date and if the PH-MCO’s responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO’s responsibility to provide nursing facility benefits and all other covered health benefits is the date prior to the Member’s CHC start date. The CHC start date may be
retroactive to the date the Member both received NFCE status and the spend down period commenced.

C. Section 12.C applies to the PH-MCO’s responsibility to provide benefits to a Member who was determined not to be NFCE due to a penalty period.

i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.

ii. The PH-MCO will not be responsible to pay the nursing facility during the Member’s penalty period, as determined by the Department.

iii. The PH-MCO is responsible for all other services covered by this Agreement during the Member’s penalty period as long as the Member remains enrolled in the PH-MCO.

iv. This exemption from responsibility to pay the nursing facility will continue unabated if the Member is admitted to a hospital and returns to the nursing facility within the Member’s penalty period. It is acceptable for the PH-MCO to decline to accept or approve nursing facility claims during the Member’s established penalty period.

v. If the Member’s penalty period has ended and the Member remained enrolled in the PH-MCO, then the PH-MCO is responsible for nursing facility benefits the day after the penalty period is complete and all subsequent days the Member remains enrolled in the PH-MCO.

vi. If CIS/eCIS provides a CHC start date and if the PH-MCO’s responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO’s responsibility to provide nursing facility benefits and all other covered health benefits is the date prior to the Member’s CHC start date, which is a date subsequent to completion of the Member’s penalty period.

D. Section 12.D applies to the PH-MCO’s responsibility to provide benefits to a Member who was determined not to be NFCE.
i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.

ii. The PH-MCO is responsible to pay the nursing facility after the thirtieth (30th) day of residence until the participant leaves the facility, including situations when the member passes away or is discharged prior to being determined eligible for CHC.

13. Coverage for Members in an IMD

Effective January 1, 2020, the Department will make Capitation payments for a Member aged twenty-one through sixty-four (21 – 64) residing in a freestanding IMD and the Member’s condition is not related to Substance Use Disorder (SUD) based on the following criteria:

- If the stay is no more than fifteen (15) cumulative days during the period of the monthly capitation payment and the provision of inpatient psychiatric treatment in a freestanding IMD meets the requirements for in lieu of services in 42 C.F.R. 438.3 (e) (2)(i) through (iii), payment will be full capitation in which a Member is enrolled in the PH-MCO.
- If the stay is at least sixteen (16) cumulative days during the period of the monthly capitation payment and the provision of inpatient psychiatric treatment in a freestanding IMD meets the requirements for in lieu of services in 42 C.F.R. 438.3 (e) (2)(i) through (iii), the payment will be based as follows: per diem rate identified in Section VII.B.1 multiplied by the number of days the Member is both enrolled in the PH-MCO and not residing in a freestanding IMD.

14. Telephonic Psychiatric Consultation Team Services

The PH-MCO will provide documentation on the expenditure of the funds upon request.

15. Confidentiality

The Department may from time to time share with the PH-MCO an internal Business Requirements Document (BRD) or an internal Business Design Document (BDD). The Department may also elect to share FFS inpatient hospital rates and cost-to-charge ratio information with the PH-MCO. The PH-MCO shall not use this...
information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per its Agreement with the Department and related responsibilities provided by law. The PH-MCO may share a BRD, a BDD, or the FFS/inpatient hospital rates and cost-to-charge ratio information provided by the Department with another party, provided that the other party does not use the information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per this Agreement and any other related responsibilities provided by law.

16. Audits

The PH-MCO is responsible to comply with audit requirements as specified in Exhibit WW of this Agreement, HealthChoices Audit Clause.

17. Restitution for Overpayments

The PH-MCO must make full and prompt restitution to the Department, as directed by the Department, for any payments received in excess of amounts due to the PH-MCO under this Agreement whether such overpayment is discovered by the PH-MCO, the Department, or other third party.

F. Third Party Liability

The PH-MCO must comply with the TPL procedures defined by Section 1902(a)(25) of the Social Security Act, 42 U.S.C. 1396a(a)(25) implemented by the Department. Under this Agreement, the TPL responsibilities of the Department will be allocated between the Department and the PH-MCO.

1. Cost Avoidance Activities

a. The PH-MCO will have primary responsibility for cost avoidance through the COB relative to federal and private health insurance-type resources including, but not limited to, Medicare, private health insurance, ERISA plans, and Workers Compensation. Except as provided in subparagraph b., the PH-MCO must attempt to avoid initial payment of Claims, whenever possible, where federal or private health insurance-type resources are available. The number of claims cost avoided by the MCO's claims system should be reported in Financial Report #8A, “Claims Cost Avoided.” The PH-MCO shall not be held responsible for any TPL errors in
the Department's Eligibility Verification System (EVS) or the Department's TPL file.

b. The PH-MCO and its Subcontractors must pay, and then chase all Clean Claims for preventive pediatric care (including EPSDT services to children), and services to children having medical coverage under a Title IV-D child support order to the extent the PH-MCO is notified by the Department of such support orders or to the extent the PH-MCO becomes aware of such orders, and then seek reimbursement from liable third parties. The PH-MCO recognizes that cost avoidance of these claims is prohibited with the exception of hospital delivery claims, which may be cost-avoided.

c. The PH-MCO may not deny or delay approval of otherwise covered treatment or services based upon TPL considerations. The PH-MCO may neither unreasonably delay payment nor deny payment of claims unless the existence of TPL is established at the time the claim is adjudicated.

2. **Post-Payment Recoveries**

a. Post-payment recoveries are categorized by (a) health-related insurance resources and (b) Other Resources. Health-related insurance resources are ERISA health benefit plans, Blue Cross/Blue Shield subscriber contracts, Medicare, private health insurance, workers compensation, and health insurance contracts. Other resources include, but are not limited to recoveries from personal injury claims, liability insurance, first-party automobile medical insurance and accident indemnity insurance.

b. The Department's Division of TPL retains the sole and exclusive right to investigate, pursue, collect, and retain all Other Resources. The Department is assigned the Contractor’s subrogation rights to collect the “Other Resources” covered by this provision. Any correspondence or Inquiry forwarded to the PH-MCO (by an attorney, provider of service, insurance carrier, etc.) relating to a personal injury accident or trauma-related medical service, or which in any way indicates that there is, or may be, legal involvement regarding the Member and the services which were provided, must be immediately forwarded to the Department's Division of TPL. The PH-MCO may neither delay payment nor deny payment of Claims because they involved an injury stemming from.
from an accident such as a motor vehicle accident, where the services are otherwise covered. Those funds recovered by the Commonwealth under the scope of these "Other Resources" shall be retained by the Commonwealth.

With respect to any third party payment received by the PH-MCO from a Provider, the PH-MCO shall return all casualty funds to the Department. PH-MCOs shall not instruct providers to send funds directly to the Department. These third party payments shall not be held by the PH-MCO for more than 30 calendar days. If the casualty funds received by the Department must be returned to the PH-MCO for any reason, for example, an outdated check or the amount of the check does not match supporting documentation, the PH-MCO shall have 60 calendar days to return all casualty funds to the Department using the established format.

The PH-MCO must pursue, collect and retain recoveries of a claim involving Workers' Compensation.

c. Due to potential time constraints involving cases subject to litigation and due to the large dollar value of many claims which are potentially recoverable by the Department's Division of TPL, the Department must ensure that it identifies these cases and establishes its claim before a settlement has been negotiated. Should the Department fail to identify and establish a claim prior to settlement due to the PH-MCO's untimely submission of notice of legal involvement where the PH-MCO has received such notice, the amount of the Department's actual loss of recovery shall be assessed against the PH-MCO. The Department's actual loss of recovery shall not include the attorney's fees or other costs, which would not have been retained by the Department.

d. Should the Department lose recovery rights to any Claim due to late or untimely filing of a Claim with the liable third party, and the untimeliness in billing that specific Claim is directly related to untimely submission of Encounter Data or additional records under special request, or inappropriate denial of Claims for accidents or emergency care in casualty related situations, the amount of the unrecoverable Claim shall be assessed against the PH-MCO.

e. Encounter Data that is not submitted to the Department in accordance with the data requirements and/or time frames identified in this Agreement can possibly result in a loss of
revenue to the Department. Strict compliance with these requirements and time frames shall therefore be enforced by the Department and could result in the assessment of penalties against the PH-MCO.

f. The PH-MCO has the sole and exclusive responsibility and right to pursue, collect and retain all health-related insurance resources for a period of nine (9) months from the date of service or six (6) months after the date of payment, whichever is later. The PH-MCO must indicate their intent to recover on health-related insurance by providing to the Department an electronic file of those cases that will be pursued. The cases must be identified and a file provided to the Department by the PH-MCO within the window of opportunity afforded by the nine (9) months from the date of service or six (6) months after the date of payment unless otherwise granted by the Department. The Department's Division of TPL may pursue, collect and retain recoveries of all health-related insurance cases which are outstanding, that is, not identified by the PH-MCO for recovery, after the later of nine (9) months from the date of service or six (6) months after the date of payment. Notification of intent to pursue, collect and retain health-related insurance is the sole responsibility of the PH-MCO, and cases not identified for recovery will become the sole and exclusive right of the Department to pursue, collect and retain. In such cases where the PH-MCO has identified the cases to be pursued, the PH-MCO shall retain the exclusive responsibility for the cases for a period not to exceed eighteen (18) months. The calculation of the eighteen (18) month period shall commence with receipt of the file from the PH-MCO identifying the cases to be pursued. Any case not completed within the eighteen (18) month period will become the sole and exclusive right of the Department to pursue, collect and retain. The PH-MCO is responsible to notify the Department through the prescribed electronic file process of all outcomes for those cases identified for pursuit. Cases included in Encounter files that were suspended will not be able to be included in the flagging process since the Claims cannot be adjusted in the Department’s automated processing system.

With respect to any third party payment received by the PH-MCO from a Provider, the PH-MCO shall ensure that the funds are within their right of recovery following the prescribed order outlined above. If the funds are outside the allowable recovery window, the funds shall be returned to the
Department. These third party payments shall not be held by the MCO for more than 30 calendar days. If the provider funds received by the Department must be returned to the PH-MCO for any reason, for example, an outdated check or the amount of the check does not match supporting documentation, the PH-MCO shall have 60 calendar days to return all provider funds to the Department using the established format.

3. **Health Insurance Premium Payment Program**

The HIPP Program pays for employment-related health insurance for Recipients when it is determined to be cost effective.

4. **Requests for Additional Data**

The PH-MCO must provide, at the Department's request, information not included in the Encounter Data submissions that may be necessary for the administration of TPL activity. The PH-MCO must provide this information within fifteen (15) calendar days of the Department's request. The PH-MCO must respond to Urgent requests within forty-eight (48) hours. Confidentiality of the information must be maintained as required by Federal and State regulations. The Department may request information such as individual medical records for the express purpose of determining TPL for the services rendered.

5. **Accessibility to TPL Data**

The Department will provide the PH-MCO with access to data maintained on the TPL monthly file.

6. **Third Party Resource Identification**

The PH-MCO must supply to the Department’s TPL Division Third Party Resources identified by the PH-MCO or its Subcontractors, which do not appear on the Department’s TPL database, within two weeks of its receipt by the PH-MCO. In addition to newly identified resources, the PH-MCO must provide information on coverage for other household members, addition of a coverage type, changes to existing resources, including termination of coverage and changes to coverage dates to the Department’s TPL Division. The method of reporting must be by electronic file or by any alternative method approved by the Department. TPL resource information must be submitted within two weeks of its receipt by the PH-MCO. A web-based referral is only to be submitted in the following instance: the PH-MCO is no longer the recipient’s MCO or the Contract/Policy ID
number is longer than 12 digits, or HIPP Referrals. For web-based referrals, the PH-MCO must use an exact replica of the TPL resource referral form supplied by the Department. For electronic submissions, the PH-MCO must follow the required report format, data elements, and specifications supplied by the Department.

The Department will contact the PH-MCO when the validity of a resource is in question. The PH-MCO shall verify inconclusive resource information within two (2) business days of notification by the Department that the resource information is in dispute. Unless the verification notification is requested on the last business day of the week, then the PH-MCO must respond by the close of business that day to avoid a potential access to care issue for the Member.

The PH-MCO must use the Department’s verification systems (EVS) and secured services on the internet (previously known as ‘POSNet’) to identify insurance information the recipients have on file. If there is additional or different insurance information the PH-MCO or their Subcontractors must communicate the information as directed above.

7. Estate Recovery

The Department's Division of TPL is solely responsible for administering the Estate Recovery Program.

A file with Encounter Data records that deny due to Department edits will be returned to the PH-MCO. These records must be corrected and resubmitted as “new” Encounter records within the timeframes referenced above.

Corrections and resubmissions must pass all edits before they are approved by the Department.
Failure of Subcontractors to submit Encounter Data timely shall not excuse the PH-MCO’s noncompliance with this requirement.

iii. Encounter File Specifications

The PH-MCO must adhere to the file size, format specifications, and file submission schedule.

iv. Response Files

The PH-MCO Encounter Data system must have a mechanism in place to receive, process, and reconcile the U277, NCPDP, and ESC Supplemental response files. The PH-MCO must also store the Department’s MMIS ICN associated with each processed Encounter Data record returned on the files.

c. Data Completeness

The PH-MCO must submit Encounter Data each time a Member has an Encounter with a Provider. The PH-MCO must have a data completeness monitoring program in place that:

In addition, the PH-MCO must validate files sent to them when requested.

The PH-MCO shall verify inconclusive resource information within two (2) business days of notification by the Department that the resource information is in dispute. Unless the verification notification is requested on the last business day of the week, then the PH-MCO must respond by the close of business that day to avoid a potential access to care issue for their member. The method of reporting shall be by electronic submission via a batch file or by hardcopy document, whichever is deemed most convenient and efficient by the PH-MCO for its individual use. For electronic submissions, the PH-MCO must follow the required report format, data elements, and specifications supplied by the Department. In addition to capturing the elements outlined above, the EVV system must meet the technical specifications outlined in the DHS EVV Addendum and be able to interface with the DHS EVV Aggregator.

   Providers may choose to use their own EVV vendor/system so long as the system meets all of the necessary requirements. Providers using an alternate EVV system in the HealthChoices Physical Health program will be required to establish an interface with the PH-MCO.

EXHIBIT B(1)

MCO PAY FOR PERFORMANCE

This Exhibit B(1) defines a potential payment obligation by the Department to the PH-MCO for Quality Performance Measures achieved per HEDIS® as defined below. This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2021. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2021 the Department has no payment obligation under this Exhibit.

This Exhibit supplements but does not supplant Exhibits that provide for Pay for Performance (P4P) and incorporate different dates in Section II. below.

I. Quality Performance Measures

The Department selected eleven (11) HEDIS® 2021 and one (1) 2021 Pennsylvania Performance Measure (PAPM) as quality indicators (representing CY 2020 data) for the MCO P4P program. The Department chose these indicators based on an analysis of past data indicating the need for improvement across the HealthChoices Program as well as the potential to improve health care for a broad base of the HealthChoices population. The twelve (12) quality indicators are:

HEDIS®

1. Adolescent Well-Care Visits
2. Annual Dental Visit (Ages 2 – 20 years)
3. Comprehensive Diabetes Care: HbA1c Poor Control
4. Controlling High Blood Pressure
5. Prenatal Care in the First Trimester
6. Postpartum Care
7. Well-Child Visits in the First 15 Months of Life, 6 or more
8. Well Child Visits in the Third, Fourth, Fifth and Sixth Years of Life
9. Asthma Medication Ratio
10. Lead Screening in Children
11. Plan All Cause Readmissions – Count of Observed 30-Day Readmissions

PAPM

1. Developmental Screening First Three Years of Life

The MCO P4P Program measures Benchmark Performance and Improvement Performance. The PAPM measure, Developmental Screening First Three Years of Life, will be eligible for the Improvement Performance component. In addition, the Department has set a performance goal for Developmental Screening First Three Years of Life. While this measure does not have a national benchmark, the
measure value will be calculated the same as HEDIS measures in the benchmark performance, Section I. A., below.

The PH-MCO will be eligible for a Health Equity Improvement Performance payout for Prenatal Care in the First Trimester and Well-Child Visits in the First 15 Months of Life, 6 or more for their African American population. The Department will be using the PH-MCO’s administrative rate for Prenatal Care in the First Trimester and Well-Child Visits in the First 15 Months of Life, 6 or more for their African American population to calculate the Improvement Performance payout.

NOTE: The MCO P4P measures are subject to change due to NCQA specifications.

NOTE: The Department intends to develop a PAPM related to the Home Visiting Program that will be added to the MCO P4P Program.

A. **Benchmark Performance:** The Department will award a Benchmark Performance payout amount for each measure in Section I. that will range from 0% up to and including 125% of the measure’s value, defined as half of the PH-MCO’s Maximum Program Payout amount (equivalent to 1.0% of the sum of the amounts defined in Section II. below) divided by thirteen (13) (consisting of twelve (12) quality indicators with Annual Dental Visit counted twice). The Department will make Benchmark Performance payouts for performance relative to the HEDIS® 2021(CY 2020) benchmarks, for all measures excluding Developmental Screening First Three Years of Life. A goal of 57 percent (57.00%) has been set for Developmental Screening First Three Years of Life (see Section I.A.3.) If the PH-MCO’s HEDIS 2021(CY 2020) performance rate is below the 50th Percentile Benchmark, the Department will implement a 75% off-set. The Department will distribute the payouts according to the following criteria:

1. **All HEDIS® Measures**
   - HEDIS® 2021 rate at or above the 90th percentile benchmark: 125 percent of the measure value.
   - HEDIS® 2021 rate at or above the 75th percentile and below the 90th percentile benchmark: 100 percent of the measure value.
   - HEDIS® 2021 rate at or above the 50th percentile and below the 75th percentile benchmark: No payout.
   - HEDIS® 2021 rate below the 50th percentile benchmark: -75 percent offset

2. **Annual Dental Visit Performance Only**
   - The Benchmark Performance measure value applicable to Annual Dental Visit Performance is equal to double the Benchmark Performance measure value (as identified in Section I.A.).
The -50% off-set will be applied to double the Benchmark Performance measure value (as identified in Section I. A.).

3. Developmental Screening First Three Years of Life

- Performance goal at or above 57.00 percent (57.00%): 100 percent of the measure value.
- Performance goal below 57.00 percent (57.00%): No payout

B. Benchmark Bonus Bundles: The Department will award a Benchmark Bonus Bundle payment for two groups of measures in the current MCO P4P model. If a bundle payment is earned this payment method will apply in addition to I.A.

The first bundle is the Perinatal and Infant Bundle. The measures in this bundle are:

- Prenatal Care in the First Trimester
- Postpartum Care, and
- Well-Child Visits in the First 15 Months of Life, 6 or more

The second bundle is the Child and Adolescent Well Care Bundle. The measures in this bundle are:

- Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life,
- Adolescent Well-Care Visits, and
- Lead Screening in Children

1. Perinatal and Infant Bundle:

- If the rate for Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months of Life, 6 or more is ≥75\textsuperscript{th} percentile benchmark: 115% of the measure value payout for each measure.
- If the rate for Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months of Life, 6 or more is ≥90\textsuperscript{th} percentile benchmark: 130% of the measure value payout for each measure.
- If a rate achieved is ≥50\textsuperscript{th} percentile benchmark or below: No bonus payout will be issued.

NOTE: If one or more of the measures in the bundle achieves a ≥ 75\textsuperscript{th} percentile benchmark and another measure(s) achieves a ≥90\textsuperscript{th} percentile benchmark, the measure(s) that achieved the ≥75\textsuperscript{th} percentile benchmark will receive 115% of the measure value payout, while the measure(s) that achieved a ≥90\textsuperscript{th} percentile benchmark will receive 130% of the measure value payout.
2. Child and Adolescent Well Care Bundle:

- If the rate for Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life, Adolescent Well-Care Visits and Lead Screening in Children are ≥75th percentile benchmark: 115% of the measure value payout will be issued for each measure.
- If the rate for each of the measures is ≥90th percentile benchmark: 130% of the measure value payout will be issued for each measure.
- If the rate achieved for any of the measures is ≥50th percentile benchmark or below: No bonus payout will be issued.

NOTE: If one or more of the measures in the bundle achieves a ≥75th percentile benchmark and another measure(s) achieves a ≥90th percentile benchmark, the measure(s) that achieved the ≥75th percentile benchmark will receive 115% of the measure value payout, while the other measure(s) that achieved a ≥90th percentile benchmark will receive 130% of the measure value payout.

C. Improvement Performance: The Department will award an Improvement Performance payout amount for each measure in Section I. that will range from 0% up to and including 100% of the measure’s value, defined as half of the PH-MCO’s Maximum Program Payout amount (equivalent to 1.0% of the sum of the amounts defined in Section II. below) divided by thirteen (13) (consisting of twelve (12) unique quality indicators with Annual Dental Visit counted twice).

The improvement performance payout scales will be applied contingent on benchmark percentile performance for each HEDIS 2021 measure (see Section I.C.1. and I.C.2.).

- If improvement is achieved and the benchmark performance for that measure is ≤50th percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance for that measure is >50th percentile and <75th percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance ≥75th percentile (see Section I.C.2.), Scale 2 will be applied.

Scale 2 applies to improvement performance for the PAPM Developmental Screening the First Three Years of Life. Receiving the Improvement Performance payout is not contingent on meeting the goal of 57 percent (57.00%) for Developmental Screening First Three Years of Life.

Scale 2 applies to improvement performance for the Health Equity quality measures Prenatal Care in the First Trimester and Well-Child Visits in the First 15 Months of Life, 6 or more.
1. Scale 1:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS® 2020 (CY 2019) to HEDIS® 2021 (CY 2020).

- ≥ 5 Percentage Point Improvement: 100 percent of the measure value.
- ≥ 4 and < 5 Percentage Point Improvement: 80 percent of the measure value.
- ≥ 3 and < 4 Percentage Point Improvement: 70 percent of the measure value.
- < 3 Percentage Point Improvement: No payout

2. Scale 2:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS® 2020 (CY 2019) to HEDIS® 2021 (CY 2020) and PAPM 2020 (CY 2019) to PAPM 2021 (CY 2020).

- ≥ 5 Percentage Point Improvement: 100 percent of the measure value.
- ≥ 4 and < 5 Percentage Point Improvement: 100 percent of the measure value.
- ≥ 3 and < 4 Percentage Point Improvement: 100 percent of the measure value.
- ≥ 2 and < 3 Percentage Point Improvement: 85 percent of the measure value.
- ≥ 1 and < 2 Percentage Point Improvement: 75 percent of the measure value.
- ≥ 0.5 and < 1 Percentage Point Improvement: 50 percent of the measure value.
- < 0.5 Percentage Point Improvement: No payout.

3. Annual Dental Visit Performance Only

The Improvement Performance measure value available for Annual Dental Visit Performance is equal to double the Improvement Performance measure value (identified in Section I.C.).

4. Limitation on Payout Amounts

The total awarded payout amount to a PH-MCO, which includes Benchmark Performance (I.A.) and Improvement Performance (I.C.),
cannot exceed the Maximum Program Payout amount, as identified in Section II. below.

II. Payment for MCO Pay for Performance

The Department will inform the PH-MCO of the Maximum Program Payout amount by November 30, 2021. The Maximum Program Payout amount will be equivalent to two (2.0) percent of the sum of the amounts defined below:

Capitation Revenue - For the purpose of this Exhibit, Capitation Revenue is defined as all Capitation revenues paid or payable by the Department to the PH-MCO in accordance with this Agreement or another HealthChoices Agreement, Appendix 3b and Appendix 3f, for the program period July 2020 through June 2021 inclusive of allowance amounts for the risk sharing and risk pool arrangements. Any settlements for the risk sharing and risk pool arrangements will not be considered in the Capitation Revenue.

Maternity Care Revenue - For the purpose of this Exhibit, Maternity Care Revenue is defined as all Maternity Care payments, paid or payable by the Department to the PH-MCO in accordance with this Agreement, for the program period July 2020 through June 2021.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously contracted with the Department to operate a HealthChoices program in the same zone (“Previous PH-MCO”); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will allow the PH-MCO to include Capitation Revenue and Maternity Care Revenue paid to the Previous PH-MCO for the program period July 2020 through June 2021, provided the Previous PH-MCO relinquishes any claims to payment under the terms of this Exhibit B(1).

Capitation Revenues or Maternity Care Revenue paid or payable by the Department can be included in only one Maximum Program Payout amount provided by the Department. Transition in HealthChoices Agreements or in PH-MCOs will not lead to double counting of any set of revenue when the Department calculates Maximum Program Payout amounts.

Per 42 C.F.R. 438.6(b)(2)(ii) –(iii), this incentive arrangement does not automatically renew and is made available to both public and private PH-MCOs under the same terms of performance.

NOTE: The Department may change the payout methodology based on reporting restrictions due to a natural disaster, pandemic or other unforeseen events. The payout methodology will be shared with the PH-MCOs prior to finalizing.

If the Department has a payment obligation to the PH-MCO pursuant to this Exhibit B(1), the Department will issue the payment by August 31, 2022. If the PH-MCO...
has a payment obligation to the Department pursuant to this Exhibit B(1), the Department will reduce a subsequent payment to the PH-MCO by this amount.
Exhibit B(2)

PH-MCO and BH-MCO INTEGRATED CARE PLAN (ICP) PROGRAM
PAY FOR PERFORMANCE PROGRAM

This Exhibit B(2) defines a potential payment obligation by the Department to the PH-MCOs for Quality Performance Measures achieved per HEDIS® and select Pennsylvania Performance Measures (PAPMs), as defined below.

This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2021. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2021, the Department has no payment obligation under this Exhibit.

The Department will provide financial incentives to the PH-MCOs and the Behavioral Health Managed Care Organizations (BH-MCOs) for the Integrated Care Plan (ICP) Program. The Department will provide a funding pool from which dollars will be paid to the PH-MCO based on shared PH/BH-MCO performance measures outlined in this Exhibit. The Department expects this ICP Program to improve the quality of health care and reduce Medical Assistance (MA) expenditures through enhanced coordination of care between the PH-MCOs, BH-MCOs and providers.

A. In order to be eligible for payments under the ICP, the PH-MCO must submit Operations Report 17 for Calendar Year (CY) 2021 following the time frames outlined within the Report Description and that contains the following specific data requirements for individuals with serious persistent mental illness (SPMI).

1. Member stratification - Re-stratification shall be conducted on all members in the targeted SPMI population from the previous calendar year in January. New members shall have an initial stratification level established within sixty (60) days of the date of identification that a member has SPMI. The PH-MCO will report on the member ID, initial stratification level, and six (6) month re-stratification level. Members will be stratified as follows:
   a. Four (4) = high PH/high BH needs
   b. Three (3) = high PH/low BH needs
   c. Two (2) = low PH/high BH needs
   d. One (1) = low PH/low BH needs

2. Integrated Care Plan/Member Profile - At least 1200 members must receive an ICP that has been used in care management activity by both the PH and BH MCO. For purposes of this requirement, the Department considers an ICP or member profile, to be the collection, integration and documentation of key physical and behavioral health information that is easily accessible in a timely manner to persons with designated access. The ICP must be reviewed and
updated at least annually. An ICP will not count towards the required amount if the member has disenrolled from the PH-MCO prior to the calendar year. An ICP will count towards the required amount if a member has an ICP and disenrolls from the PH-MCO during the calendar year.

3. **Hospitalization Notification and Coordination** - Each PH-MCO and BH-MCO will jointly share responsibility for notification of all inpatient hospital admissions and will coordinate discharge and follow-up. This includes at a minimum the individual’s member identification, the date of inpatient admission and name of the acute care hospital. Additional information sharing is encouraged as appropriate per HIPAA and regulatory standards. Notification to the partner MCO of hospital admissions shall occur within one (1) business day of when the responsible MCO partner learns of the admission (e.g., if the PH-MCO knows of an admission, it will notify the BH-MCO within one (1) business day and vice versa). Each PH-MCO will attest on the Operations Report 17 that 90% of the admission notifications occurred within one (1) business day of the PH-MCO learning of the admission. The PH-MCO must maintain documentation to support the attestation of 90% admissions notifications.

For CY 2021 the PH-MCO is to share the ICP with both the Member and the member’s Primary Care Provider (PCP). Beginning in CY 2022 sharing the ICP with both the Member and member’s PCP will become an eligibility requirement for an incentive payout. The Operations Report 17 will be reviewed to verify the accuracy of the stratification, integrated care plan and hospital notification information.

**B. Performance Measures**

The performance measures for the 2021 ICP Program include the following:

1. **Initiation and Engagement of Alcohol and Other Drug Dependence Treatment**
   a. Initiation rate*
   b. Engagement rate*

2. **Adherence to Antipsychotic Medications for Individuals with Schizophrenia**

3. **Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with Serious Persistent Mental Illness (SPMI)**

4. **Emergency Department Utilization for Individuals with Serious Persistent Mental Illness (SPMI)**

5. **Combined BH-PH Inpatient Admission Utilization for Individuals with Serious Persistent Mental Illness (SPMI)**

6. **Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications (SSD)**

HealthChoices Physical Health Agreement effective January 1, 2021
7. Diabetes Care for People with Serious Mental Illness: Hemoglobin A1c (HbA1c) Poor Control (>9/0%) (HPCMI)**

8. Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia (SMC)*

NOTE: The ICP P4P measures are subject to change due to NCQA specifications.

*NCQA HEDIS® measure  ** Pennsylvania Performance measure defined by EQRO

C. Payment for MCO Performance

Ten million dollars ($10M) will be allocated for the ICP Program in RY 2021 for the PH-MCO. The funding will be allocated to each PH-MCO according to its overall percent of HealthChoices member months for CY 2020.

The ICP P4P Program measures Benchmark Performance and Improvement Performance. Payments will be based on meeting a Benchmark/Goal and an incremental improvement calculated from the previous HEDIS®/PAPM 2020 (measurement year of 2019) to the current HEDIS®/PAPM 2021 (measurement year of 2020).

1. **Benchmark Performance:** The Department will make a Benchmark Performance payout for performance relative to the HEDIS® (RY) 2021 (MY 2020) benchmarks, for all measures excluding Initiation and Engagement of Alcohol and Other Drug Dependence Treatment – Engagement rate, Emergency Room Utilization for Individuals with SPMI, Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI, Combined BH-PH Inpatient Admission Utilization for Individuals with SPMI, Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications, Diabetes Care for People with Serious Mental Illness: Hemoglobin A1c (HbA1c) Poor Control (>9/0%), Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia. For Initiation and Engagement of Alcohol and Other Drug Dependence Treatment – Engagement rate, Emergency Room Utilization for Individuals with SPMI, Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI and Combined BH-PH Inpatient Admission Utilization for Individuals with SPMI a goal has been set. A goal of 32.00% has been set for Initiation and Engagement of Alcohol and Other Drug Dependence Treatment – Engagement rate, a goal of 142.00 has been set for Emergency Department Utilization for Individuals with SPMI, a goal of 22.00 has been set for Combined BH-PH Inpatient Admission Utilization Rate for Individuals with SPMI and a goal of 15.00% has been set.
The Department will award a Benchmark Performance payout amount for each measure that will range from 0% up to and including 125% of the measure’s value, defined as half of the PH-MCO’s Maximum Program Payout amount divided by eight (8) quality indicators.

The Department will distribute the payouts according to the following criteria:

a. All HEDIS® Measures
   - HEDIS® 2021 rate at or above the 90th percentile benchmark: 125 percent of the measure value.
   - HEDIS® 2021 rate at or above the 75th percentile and below the 90th percentile benchmark: 100 percent of the measure value.
   - HEDIS® 2021 rate at or above the 50th percentile and below the 75th percentile benchmark: 75 percent of the measure value.

b. Emergency Department Utilization for Individuals with SPMI
   - Performance goal at or below 142.00: 100 Percent of the measure value.
   - Performance goal above 142.00: No payout.

c. Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI
   - Performance goal at or below 15.00%: 100 Percent of the measure value.
   - Performance goal above 15.00%: No payout.

d. Combined BH-PH Inpatient Admission Rate for Individuals with SPMI
   - Performance goal at or below 22.00: 100 percent of the measure value.

The Improvement Performance payout scales will be applied contingent on benchmark percentile performance for each HEDIS® 2021 measure.

- If improvement is achieved and the benchmark performance for that measure is <50\textsuperscript{th} percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance for that measure is \geq 50\textsuperscript{th} percentile and <75\textsuperscript{th} percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance \geq 75\textsuperscript{th} percentile Scale 2 will be applied.

a. Scale 1:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS® (RY) 2020 (MY 2019) to HEDIS® (RY) 2021 (MY 2020).

- \geq 5\textsuperscript{th} Percentage Point Improvement: 100 percent of the measure value.

- < 1\textsuperscript{th} Percentage Point Improvement: No payout.

b. Scale 2:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from Reporting Year (RY) 2020 (MY 2019) to Reporting Year 2021 (MY 2020) and PAPM (RY) 2020 (MY 2019) to PAPM (RY) 2021 (MY 2020).

Scale 2 applies to Initiation and Engagement of Alcohol and Other Drug Dependence (Engagement rate), Emergency Department Utilization for Individuals with SPMI, Combined BH-PH Inpatient Admission Utilization Rate for Individuals with SPMI, Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI, Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications, Diabetes Care for People with SPMI: Hemoglobin A1c (HbA1c) Poor Control (>9.0%) and Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia.
- ≥ 5 Percentage Point/Rate Improvement: 100 percent of the measure value.
- ≥ 4 and < 5 Percentage Point/Rate Improvement: 100 percent the measure value.
- ≥ 3 and < 4 Percentage Point/Rate Improvement: 100 percent the measure value.
- ≥ 2 and < 3 Percentage Point/Rate Improvement: 85 percent the measure value.
- ≥ 1 and < 2 Percentage Point/Rate Improvement: 75 percent the measure value.

NOTE: The payout structure is subject to change based on reporting restriction due to a natural disaster, pandemic and other unforeseen events. We will share those changes with the MCO prior to making the changes.

If the Department has a payment obligation to the PH-MCO and BH-MCO pursuant to this Exhibit B(2), the Department will issue the payment by August 31, 2022.

PROVIDER PAY FOR PERFORMANCE PROGRAM

The Provider Pay-for-Performance (Provider P4P) program described in this Exhibit B(3) is for services rendered by providers during a Calendar Year (CY) and defined in Section I below.

I. Provider P4P Program Requirements

All Provider P4P programs must target improvements in the quality of or access to health care services for HealthChoices members and must not limit the appropriate use of services by members.

A. The PH-MCO is required to develop a Provider P4P program using the following mandatory twelve (12) HEDIS® Quality Measures (per HEDIS® 2021 Technical Specifications, Vol. 2), one (1) PA Performance Measures (PAPM) and one (1) Electronic Quality Measure:

The incentives must be structured to pay defined minimal amounts to dentists for performing episodes of preventive care for new and established recipients in at least two age bands- (0-5 years and 6-20 years). The specific incentive model will be relatively uniform across the HealthChoices program. The incentive model will be determined by the Department in cooperation with all HealthChoices PH-MCOs.

**NOTE:** The Provider P4P program measures are subject to change due to NCQA specifications.

B. The PH-MCO is required to develop and submit a proposal to the Department using the Provider P4P Submission Template on DocuShare. The proposal must be reviewed by the Department prior to implementing its Provider P4P program.

C. A PH-MCO’s approved Provider P4P program will remain in effect until December 31 of each calendar year. The PH-MCO may submit one (1) revision per quarter only to the provider payout amounts for the Department’s review and approval. The PH-MCO must complete and submit the Provider P4P Submission Change Form. Payout revisions must be submitted no later than close of business on the last day of each calendar quarter. No Provider P4P Change Forms will be accepted in the fourth quarter. No other revisions to the Provider P4P program will be accepted.

D. The PH-MCO must provide a quarterly analysis of its approved Provider P4P program through updates at the Quarterly Quality Review Meetings (QQRM).

E. The PH-MCO must annually evaluate and provide an analysis to the Department of the effectiveness of its approved Provider P4P.

F. The Department may request that PH-MCOs share Provider P4P program findings with other HealthChoices PH-MCOs to identify best practices and improve the overall HealthChoices Program.

II. Payments to the PH-MCO

A. The Department will make payments for Provider P4P based on a per member per month (PMPM) rate, noted in Appendix 3f. The Provider P4P payments are part of the monthly capitation process, as identified in Appendix 3b. Coverage for Members in a freestanding IMD is specified in Section VII. E. 13.

1. If the PH-MCO has unspent Provider P4P funds, as determined by the Department, upon receipt and review of Report #40, the Department may reduce a future payment to the PH-MCO by the unspent amount or the
Department may direct unspent Provider P4P funds provided to the PH-MCO per this Exhibit for the current or a prior program year.

2. If at any time the Department determines Provider P4P funds were not disbursed in accordance with the approved Provider P4P plan, upon advanced written notice to the PH-MCO, the Department may elect to reduce a future payment to the PH-MCO by the amount identified.

B. Payments made to the PH-MCO under the Provider P4P program are intended to fund all mandatory measures

III. Payments to Providers

A. All Provider P4P funds received from the Department for this HealthChoices Agreement should be paid to network providers in accordance with the approved Provider P4P program above.

B. The PH-MCO is required to develop and maintain a separate accounting process of the receipts and disbursements of all Provider P4P funds. The PH-MCO must be able to separately identify and track each payment to a provider for each specific mandatory HEDIS® Quality Measure identified in the Provider P4P program.

C. Each PH-MCO may determine the frequency of issuing payments to its providers. However, the Department recommends, at a minimum, quarterly payouts. The PH-MCO must issue Provider P4P payments to its providers for services rendered under approved terms of this Exhibit B(3) to be paid out in full no later than June 30 of the subsequent calendar year.

IV. Reporting

A. Clinical Reporting
   The PH-MCO is required to meet the Department’s reporting requirements for the submissions of quarterly analyses of its approved Provider P4P Program through updates at the QQRMs and an annual analysis of the effectiveness of its approved Provider P4P program.

B. Financial Reporting
   Expenditures for this program are reported on annual Report #40 as required by the annual Financial Reporting Requirements. Reported disbursements should only reflect disbursements for the specified program year.
V. Clinical Review

The Department may choose to perform a clinical review of the Provider Pay-for-Performance program. The PH-MCO must reasonably cooperate with Department staff during the clinical review process.
HOSPITAL QUALITY INCENTIVE PROGRAM (HQIP)

The Department is administering a HQIP. This program is designed to incentivize acute care general hospitals, and potentially other hospitals, enrolled in HealthChoices to improve the quality of healthcare services. The Department developed this initiative as part of its commitment to promote cost-effective, quality healthcare through an outcome and value-based payment structure. The Department makes an annual determination of Hospital Quality measures.

The Department will measure performance by hospital statewide across HealthChoices. The performance measurements will not be PH-MCO specific. The Department will make one HQIP payment to the PH-MCO on or before October 31, 2021 per this Agreement if the PH-MCO is responsible to operate a HealthChoices program per this Agreement on October 1, 2021, respectively.

The Department’s obligation for this program across all PH-MCOs that are responsible to operate a HealthChoices program in any or all zones on October 1, 2021, is $80 million for the 2020 performance year. The Department will divide the $80 million, respectively, across all PH-MCOs participating in HealthChoices in any or all zones based on each PH-MCO’s monthly enrollment, as determined by the Department.

The Department will calculate the HQIP payments by hospital and will provide a schedule of HQIP payment(s) and instructions to each PH-MCO. The PH-MCO will make HQIP payments to hospitals per the instructions within ten business days of the later of the receipt of this payment or the PH-MCO’s receipt of payment instructions from the Department. The PH-MCO will not be required to make HQIP payments that exceed, in total, the amount paid by the Department for this purpose.

The Department will continue this HQIP for subsequent calendar years’ performance. The Department will share hospital quality data prepared per this program with all PH-MCOs.

Proposals submitted for the Home Visiting program must encourage the use of preventive services, identify and resolve barriers to care, and mitigate social determinants of health barriers.

I. Home Visiting Program Requirements and Goals

A. The PH-MCO must implement a home visiting program that is available to all first-time parents and parents/caregivers of children who have been identified as having additional risk factors which may include social, clinical, racial, economic or environmental factors. 16. Increasing plans of safe care for all infants born affected by substance abuse, NAS and FASD.

D. The objective of the Home Visiting program is to improve maternal and infant health outcomes and reduce maternal and infant morbidity and mortality, especially in individuals identified to be at risk.

E. Home Visiting programs will include licensed and/or non-licensed staff with an emphasis on expanding the use of non-licensed providers.

1. Home visitors must meet the requirements of nationally recognized home visiting programs. Home visitors must be provided initial and ongoing training, supervision and professional development. High-quality supervision, including reflective supervision, must be implemented for all home visitors.
2. The home visitor must have knowledge about resources in the family’s community and be able to link the family to needed services and local health care organizations.

F. The PH-MCO maternity case manager must offer to initiate a warm handoff to a home visiting vendor or to the PH-MCO internal Home Visiting program.

G. Families who decline home visiting services at initial outreach must receive follow up outreaches by the PH-MCO to the parent/caregiver every 90 days until the child has reached age 18 months to ensure the family does not need home visiting support. The PH-MCO must reach out to parents/caregivers who did not participate in the PH-MCO’s Maternity Care Management program to inform and offer the Home Visiting program.

H. If the family has risks identified that are already being met by an evidence-based home visiting program, the PH-MCO case manager will follow up with the evidence-based program with the caregiver/parental consent to avoid duplication of services and to ensure that there are no unmet needs.

I. The PH-MCO must educate their network providers on their Home Visiting program and services offered.

J. The PH-MCO maternity case manager must discuss and offer home visiting services to the parent/caregiver during the first postpartum contact. Home visiting services must be initiated, either by a home visiting vendor or the PH-MCO Home Visiting program, as soon as the parent/caregiver agrees to the first visit, but no more than fourteen (14) calendar days after first contact. If services cannot be provided during this time frame, the member must be

L. All first-time parents, parents/caregivers of children who have been identified as having additional risk factors, any infant and the infant’s parent/caregiver who requests home visiting services are to be offered home visits. The time and location of the visit must be scheduled to accommodate the parent/caregiver. Visits should be at the home unless the parent/caregiver requests services at another location frequented by the parent/caregiver or if the parent/caregiver requests a telemedicine visit as per N below.

M. All postpartum visits must include the parent/caregiver and child as appropriate. Health promotion must begin at the first visit. Services will be individualized and will focus on the parent/caregiver-child dyad and family supports. The needs and risks identified in the family’s plan of care must be addressed at every visit. Subsequent home visits must be tailored to the family and must follow the objectives, interventions and goals outlined in the plan of care.

N. In-person home visits are preferred but the use of telemedicine visits are allowed in situations where in-person visits are not possible, such as during a public health emergency. Telemedicine visits must provide the same level of care and achieve the same outcomes as an in-person home visit. Telephone calls are acceptable in situations where the family does not possess or have access to video technology. Text messages may be used to provide supplemental communication between visits but are not considered a telemedicine visit. The PH-MCO or contracted Home Visiting agency must obtain and document informed consent for the use of telemedicine technology for the initial telemedicine visit.

O. The PH-MCO or the contracted Home Visiting agency must work to identify the family’s risks and needs and provide referrals to needed resources and services. The duration and frequency of Home Visiting services and referrals will be managed according to risk level.

P. The PH-MCO or contracted Home Visiting agency must follow-up with all provided referrals to ensure risks and needs are addressed. All families must receive information on child development, well child visits/EPSDT screenings and their importance, lead exposure during pregnancy through infancy and
during childhood, infant safety, safe sleep practices, family planning, positive parenting techniques, health promotion, preventative health care and decision making around accessing safe child care, if needed. Families must also be offered a referral to Women Infants and Children (WIC) services if they are not already involved. Referrals must be made to Early Intervention Services as appropriate.

Q. The home visitor must complete maternal, infant and family needs and risk assessments starting at the first visit. The home visitor must evaluate the home and environment during the first visit to ensure there are no safety concerns that need addressed. The PH-MCO maternity case manager must coordinate with the home visitor to develop a parent/caregiver, infant, and family focused plan of care based on the home visitor’s assessment. The plan of care addresses the family’s needs, applies the family’s strengths and is outcome focused. The plan of care includes family-specific objectives, interventions and goals based on identified needs and risks. If any safety concerns are identified for the parent/caregiver or child, a safety plan must be included.

This Exhibit is effective January 1, 2020.

This Exhibit B(6) defines a potential payment obligation by the Department to the PH-MCO for managing Members with a diagnosis of Hepatitis C to cure through adherence to their medication regimen as verified through point of sale claims for Hepatitis C medication dispensed and by the Member’s subsequent laboratory test post medication regimen for viral load.

The Department will make a one-time payment in the amount of $1,000 to the PH-MCO for each Member with a diagnosis of Hepatitis C that has received Hepatitis C medication(s), as identified on the Department’s Specialty Drug List, within the given calendar year and received a subsequent laboratory test that confirms the Member has achieved cure. Example: A Member’s last Hepatitis C medication was dispensed on October 1, 2020 and a Sustained Viral Response (SVR) was administered on February 15, 2021 with cure. The Member will be considered for the second semi-annual period.

A Member who completed their Hepatitis C medication regimen on or after July 1, 2019 and has achieved cure between January 1, 2020 and July 31, 2020 as documented on a subsequent laboratory test will be subject to inclusion for the first semi-annual period if the SVR was not included in the CY 2019 Appendix 5 Quality Risk Pool. The Department will not allow inclusion of an SVR dated prior to January 1, 2020 in this Pay-for-Performance arrangement.

The Department will verify eligible Members for this incentive payment through encounter data for pharmacy services that have dates of service during the given calendar year and for which the PH-MCO submits an SVR that confirms the Member achieved cure. The PH-MCO will notify the Department of SVRs it has obtained that document undetectable Hepatitis C Ribonucleic Acid (RNA) twelve to twenty-four weeks following completion of the medication therapy. The Department will not utilize an SVR if it utilized an SVR for the same Member that is dated less than 24 months prior, or if the MCO has not followed procedures specified by the Department.

The Department will accept an SVR from the PH-MCO if at least one of the following criteria is met, along with other requirements:

A. The PH-MCO has paid for a Hepatitis C drug for the recipient during the given calendar year; OR
B. The recipient is currently enrolled with the PH-MCO.

If the Member changes PH-MCOs during the course of medication therapy, the Department will make a proportional payment to the PH-MCO for a Member that has switched prior to receiving the SVR confirming cure. If the PH-MCO did not make a payment for any days of the medication regimen received by the switching Member, the one-time payment will be multiplied by 10 percent (10.0%); If the PH-MCO paid for 1 to 30 days of the medication regimen received by the switching Member, the one-time payment will be multiplied by 50
percent (50.0%); If the PH-MCO paid for 31 days or more of medication regimen received by the switching Member, the PH-MCO will receive the one-time payment in full. The difference between the one-time payment less the proportional payment, will be paid to the PH-MCO from which the Member switched.

The Department will process one payment to the PH-MCO for each semi-annual period for the given calendar year. Each payment will total the sum of the one-time payments earned plus any proportional payments earned by the PH-MCO during that period. The Department will determine the inclusion of Members in each semi-annual period based on the date of service for that Member’s last Hepatitis C medication claim as identified through encounter data. The Department will not process each semi-annual payment until, at the earliest, nine months after the end of the semi-annual period. Members that have been determined cured will be included in only one of the two semi-annual periods during the given calendar year.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously had an Agreement with the Department to operate a HealthChoices program (“Previous PH-MCO”); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will include claims paid by the Previous PH-MCO.
1. Maternity Care Bundle: As part of VBP, the MCO must utilize a Maternity Care Bundled Payment for Network Providers that elect to take part in the model, use a maternity care team, and have at least twenty (20) births annually attributed to the maternity care team. If the fee-for-service payments made for the services included in the bundle are less than the target price, the MCO shall include the difference in a pool of shared savings. On an annual basis, the MCO shall determine the amount of shared savings to be paid to a Network Provider using a maternity care team as specified in section 9.

5. Pregnancies excluded from the bundle: Non-singleton pregnancies.

6. Also provided in this Exhibit are the requirements for submission of workplans and supporting documentation that is to be submitted to the Department for hospital terminations, terminations of a specialty unit within a facility and terminations with large provider groups, which would negatively impact the ability of members to access services.

9. PATENT, COPYRIGHT, AND TRADEMARK INDEMNITY

The PH-MCO warrants that it is the sole owner or author of, or has entered into a suitable legal agreement for: a) the design of any product or process provided or used in the performance of the Agreement that is covered by a patent, copyright, or trademark registration or other right duly authorized by state or federal law and b) any copyrighted matter provided to the Commonwealth. The PH-MCO shall defend any suit or proceeding brought by a third party against the Commonwealth, its departments, offices and employees for the alleged infringement of United States or foreign patents, copyrights, trademarks or misappropriation of trade secrets arising out of the performance of the Agreement. The Commonwealth will provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, the Commonwealth may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by the Commonwealth at the PH-MCO's written request, it shall be at the PH-MCO's expense, but the responsibility for such expense shall be only that within the PH-MCO's written authorization. The PH-MCO shall indemnify and hold the Commonwealth harmless from all damages, costs, and expenses, including attorney's fees that the PH-MCO or the Commonwealth may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights. If any of the products provided by the PH-MCO in such suit or proceeding are held to constitute infringement and the use is enjoined, the PH-MCO shall, at its own expense and at its option, either procure the right to continue use of such products, replace them with non-infringing equal performance products or modify them so that they are no longer infringing. If the PH-MCO is unable to do any of the preceding, the PH-MCO shall remove all the equipment or software, which are obtained contemporaneously with the infringing product, or, at the option of the Commonwealth, only those items of equipment or software that are held to be infringing, and to pay the Commonwealth: 1) any amounts paid by the Commonwealth towards the purchase of the product, less straight line depreciation; 2) any license fee paid by the Commonwealth for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee representing the time remaining in any period of maintenance paid for. The obligations of the PH-MCO under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of the PH-MCO without its written consent.

10. OWNERSHIP RIGHTS

The Commonwealth shall have unrestricted authority to reproduce, distribute, and use any submitted report, document, data, or material, and any software or modifications and any associated documentation that is designed or developed and delivered to the Commonwealth as part of the performance of the Agreement.

11. ASSIGNMENT OF ANTITRUST CLAIMS

The PH-MCO and the Commonwealth recognize that in actual economic practice, overcharges by the PH-MCO's suppliers resulting from violations of state or federal antitrust laws are in fact borne by the Commonwealth. As part of the consideration for the award of the Agreement, and intending to be legally bound, the PH-MCO assigns to the Commonwealth all right, title and interest in and to any claims the PH-MCO now has, or may acquire, under state or federal antitrust laws relating to the products and services that are the subject of this Agreement.

12. HOLD HARMLESS PROVISION

The PH-MCO shall indemnify the Commonwealth against any and all third party claims, demands and actions based upon or arising out of any activities performed by the PH-MCO and its employees and agents under this Agreement provided the Commonwealth gives the PH-MCO prompt notice of any such claim of which it learns. The Office of Attorney General (“OAG”) has the sole authority to represent the Commonwealth in actions brought against the Commonwealth. The OAG may, however, in its sole discretion and under such
terms as it deems appropriate, delegate its right of defense. If OAG delegates the defense, the Commonwealth will cooperate with all reasonable requests of the PH-MCO made in the defense of such suits. Neither party shall enter into any settlement without the other party’s written consent, which shall not be unreasonably withheld. The Commonwealth may, in its sole discretion, allow the Contractor to control the defense and any related settlement negotiations.

13. AUDIT PROVISIONS

In addition to audit requirements of the Agreement, the Commonwealth shall have the right, at reasonable times and at a site designated by the Commonwealth, to audit the books, documents and records of the PH-MCO to the extent that the books, documents and records relate to costs or pricing data for the Agreement. The PH-MCO shall maintain records that support the prices charged and costs incurred for the Agreement. The PH-MCO shall preserve books, documents, and records that relate to costs or pricing data for the Agreement for a period of five (5) years from date of final payment or such longer period as required by the Agreement. The PH-MCO shall give full and free access to all records to the Commonwealth and state and federal oversight agencies and their authorized representatives.

14. DEFAULT

a. The Commonwealth may, subject to the provisions of Paragraph 15, Force Majeure, and in addition to its other rights under the Agreement, declare the PH-MCO in default by written notice to the PH-MCO, and terminate (as provided in Section XI of the Agreement and Paragraph 16, Termination Provisions) the whole or any part of this Agreement for any of the following reasons:

1) Failure to begin services within the time specified in the Agreement or as otherwise specified;
2) Failure to perform the services with sufficient labor, equipment, or material to complete the specified work in accordance with the Agreement terms;
3) Unsatisfactory performance of services;
4) Discontinuance of services without approval;
5) Failure to resume discontinued services within a reasonable time after notice to do so;
6) Insolvency or bankruptcy;
7) Assignment made for the benefit of creditors;
8) Failure or refusal within 10 days after written notice, to make payment or show cause why payment should not be made, of any amounts due for materials furnished, labor supplied or performed, for equipment rentals, or for utility services rendered;
9) Failure to protect, to repair, or to make good any damage or injury to property;
10) Failure to comply with the representations made in its application; or
11) Breach of any provision of the Agreement.

b. In the event that the Commonwealth terminates this Agreement in whole or in part, the Commonwealth may procure, upon such terms and in such manner as it determines, services similar or identical to those so terminated, and the PH-MCO shall be liable to the Commonwealth for any reasonable excess costs for such similar or identical services included within the terminated part of the Agreement.

c. If the Agreement is terminated as provided in Subparagraph a. above, the Commonwealth, in addition to any other rights provided in this paragraph, may require the PH-MCO to transfer title and deliver immediately to the Commonwealth in the manner and to the extent directed by the Department, such partially completed work, including, where applicable, reports, working papers and other documentation, as the PH-MCO has specifically produced or specifically acquired for the performance of such part of the Agreement as has been terminated. Except as provided below, payment for completed work accepted by the Commonwealth shall be at the Agreement price. Except as provided below, payment for partially completed work including, where applicable, reports and working papers, delivered to and accepted by the Commonwealth shall be in an amount agreed upon by the PH-MCO and the Department. The Commonwealth may withhold from amounts otherwise due the PH-MCO for such completed or partially completed works, such sum as the Department determines to be necessary to protect the Commonwealth against loss.

d. The rights and remedies of the Commonwealth provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Agreement.

e. The Commonwealth’s failure to exercise any rights or remedies provided in this paragraph shall not be construed to be a waiver of its rights and remedies in regard to the event of default or any succeeding
event of default.

15. **FORCE MAJEURE**

Neither party will incur any liability to the other if its performance of any obligation under this Agreement is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but are not limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, general strikes throughout the trade, and freight embargoes.

The PH-MCO shall notify the Commonwealth orally within five (5) days and in writing within ten (10) days of the date on which the PH-MCO becomes aware, or should have reasonably become aware, that such cause would prevent or delay its performance. Such notification shall (i) describe fully such cause(s) and its effect on performance, (ii) state whether performance under the Agreement is prevented or delayed and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay. The PH-MCO shall have the burden of proving that such cause delayed or prevented its performance despite its diligent efforts to perform and shall produce such supporting documentation as the Commonwealth may reasonably request. After receipt of such notification, the Commonwealth may elect to cancel the Agreement or to extend the time for performance as reasonably necessary to compensate for the delay.

In the event of a declared emergency by competent governmental authorities, the Commonwealth by notice to the PH-MCO, may suspend all or a portion of the Agreement.

16. **TERMINATION PROVISIONS**

In addition to the reasons set forth in the Agreement, the Commonwealth may terminate the Agreement for any of the following reasons. Termination shall be effective upon written notice to the PH-MCO and in accordance with the Agreement terms.

a. **TERMINATION FOR CONVENIENCE:** The Commonwealth may terminate the Agreement, in whole or part, for its convenience if the Commonwealth determines termination to be in its best interest. The PH-MCO shall be paid for services satisfactorily completed prior to the effective date of the termination and all actual and reasonable costs incurred as a result of the termination. The PH-MCO will not be entitled to recover anticipated profit, loss of use of money or administrative or overhead costs.

b. **NON-APPROPRIATION:** The Commonwealth's obligation to make payments during any Commonwealth fiscal year succeeding the current fiscal year shall be subject to availability and appropriation of funds. When funds (state, federal or both) are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the Commonwealth may terminate the Agreement, in whole or part. The PH-MCO shall be reimbursed in the same manner as described in subsection a to the extent that appropriated funds are available.

c. **TERMINATION FOR CAUSE:** In addition to other rights under the Agreement, the Commonwealth may terminate the Agreement for default under Paragraph 14, Default, upon written notice to the PH-MCO. The Commonwealth shall also have the right, upon written notice to the PH-MCO, to terminate the Agreement for other cause as specified in the Agreement or by law. If it is later determined that the Commonwealth erred in terminating the Agreement for cause, then, at the Commonwealth's discretion, the Agreement shall be deemed to have been terminated for convenience under the Subparagraph 18.a.

17. **ASSIGNABILITY AND SUBCONTRACTS**

a. Subject to the terms and conditions of this section, this Agreement shall be binding upon the parties and their respective successors and assigns.

b. The PH-MCO may subcontract with third parties approved by the Department to perform all or any part of the services to be performed, which approval may be withheld at the sole and absolute discretion of the Department. The existence of any subcontract shall not change the obligations of Contractor to the Commonwealth under this Contract. The Commonwealth may, for good cause, require that the PH-MCO remove a subcontractor from the Project. The Commonwealth will not be responsible for any costs incurred by the PH-MCO in replacing the subcontractor if good cause exists.
c. The PH-MCO may not assign, in whole or in part, the Agreement or its rights, duties, obligations, or responsibilities without the prior written consent of the Department, which consent may be withheld at the sole and absolute discretion of the Department.

d. The PH-MCO may, without the consent of the Department, assign its rights to payment to be received under the Agreement, provided that the PH-MCO provides written notice of such assignment to the Department together with a written acknowledgement from the assignee that any such payments are subject to all of the terms and conditions of the Agreement.

e. For the purposes of this Agreement, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the PH-MCO; however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company.

f. Any assignment consented to by the Department shall be evidenced by a written assignment agreement executed by the PH-MCO and its assignee in which the assignee agrees to be legally bound to all of the terms and conditions of the Agreement and to assume the duties, obligations, and responsibilities being assigned.

g. A change of name by the PH-MCO, following which the PH-MCO's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. The PH-MCO shall give the Department written notice of any such change of name.

18. NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE

In addition to any other nondiscrimination provision of the Agreement, the PH-MCO shall:

a. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the Agreement or any contract, or subcontract, the PH-MCO, subgrantee, contractor, subcontractor, and any person acting on behalf of the PH-MCO shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the Pennsylvania Human Relations Act ("PHRA") and applicable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

b. The PH-MCO, and any subgrantee, contractor, subcontractor and any person on their behalf shall not in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any of their employees.

c. Neither the PH-MCO nor any subgrantee, contractor, and subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under the Agreement, or any subgrant, contract or subcontract.

d. Neither the PH-MCO nor any subgrantee, contractor, subcontractor nor any person on their behalf shall in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the Public Employee Relations Act, Pennsylvania Labor Relations Act or National Labor Relations Act, as applicable and to the extent determined by entities charged with such Acts' enforcement, and shall comply with any provision of law establishing organizations as employees' exclusive representatives.

e. The PH-MCO, and any subgrantee, contractor and subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where services are performed shall satisfy this requirement for employees within an established work site.

f. The PH-MCO, and any subgrantee, contractor and subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against any subgrantee, contractor, subcontractor or supplier who is qualified to
perform the work to which the Agreement relates.

g. The PH-MCO and each subgrantee, contractor and subcontractor represent that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The PH-MCO and each subgrantee, contractor and subcontractor further represent that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers’ subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The PH-MCO, and any subgrantee, contractor or subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts to the agency and the DGS Bureau of Diversity, Inclusion and Small Business Opportunities for the purpose of ascertaining compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause.

h. The PH-MCO, and any subgrantee, contractor and subcontractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract or subcontract so that those provisions applicable to subgrantees, contractors or subcontractors will be binding upon each subgrantee, contractor or subcontractor.

i. The PH-MCO’s and each subgrantee’s, contractor’s and subcontractor’s obligations pursuant to these provisions are ongoing from and after the effective date of the Agreement through its termination date. The PH-MCO and each subgrantee, contractor and subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the Agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.

j. The Commonwealth may cancel or terminate the Agreement and all money due or to become due under the Agreement may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the agency may proceed with debarment or suspension and may place the PH-MCO, subgrantee, contractor, or subcontractor in the Contractor Responsibility File.

19. INTEGRITY PROVISIONS

It is essential that those who have agreements with the Commonwealth observe high standards of honesty and integrity and conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

1. DEFINITIONS. For purposes of these provisions, the following terms have the meanings found in this Section:

a. “Affiliate” means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or c) the entities have a common proprietor or general partner.

b. “Consent” means written permission signed by a duly authorized officer or employee of the Commonwealth, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commonwealth shall be deemed to have consented by virtue of the execution of this contract.

c. “Contractor” means the individual or entity, that has entered into this Agreement with the Commonwealth.

d. “Contractor Related Parties” means any Affiliates of the Contractor and the Contractor’s executive officers, officers and directors, or owners of 5 percent or more interest in the Contractor.

e. “Financial Interest” means either:
(1) Ownership of more than a five percent interest in any business; or

(2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

f. “Gratuity” means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the Governor’s Code of Conduct, Executive Order 1980-18, the 4 Pa. Code §7.153(b), shall apply.

g. “Non-bid Basis” means an agreement awarded or executed by the Commonwealth with Contractor without seeking applications, bids or proposals from any other potential bidder or offeror.

2. In furtherance of this policy, Contractor agrees to the following:

a. Contractor shall maintain the highest standards of honesty and integrity during the performance of this Agreement and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern procurement with the Commonwealth.

b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the activity with the Commonwealth and Commonwealth employees and beneficiaries and which is made known to all Contractor employees. Posting these Integrity Provisions conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where services are performed shall satisfy this requirement.

c. Contractor, its Affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this Agreement except as provided in this Agreement.

d. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this Agreement, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor’s financial interest prior to Commonwealth execution of the Agreement. Contractor shall disclose the financial interest to the Commonwealth at the time of proposal submission, or if no bids or proposals are solicited, no later than Contractor’s submission of the Agreement signed by Contractor.

e. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

(1) been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;

(2) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;

(3) had any business license or professional license suspended or revoked;

(4) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and

(5) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.
If Contractor cannot so certify the above, it must submit along with its application a written explanation of why such certification cannot be made and the Commonwealth will determine whether an Agreement may be entered into with the Contractor. The Contractor’s obligation pursuant to this certification is ongoing from and after the effective date of the Agreement through its termination date. The Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the Agreement it becomes aware of any event that would cause the Contractor’s certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the Agreement for cause if it learns that any of the certifications made are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the Agreement.

Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S.§13A01 et seq.) regardless of the method of award. If this Agreement was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a).

f. When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor’s Code of Conduct, or these Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the project officer or the Office of the State Inspector General in writing.

g. Contractor, by submission of its application and execution of this Agreement and by the submission of any requests for payment pursuant to the Agreement, certifies and represents that it has not violated any of these Integrity Provisions in connection with the submission of the application, during any negotiations or during the term of the Agreement, to include any extensions. Contractor shall immediately notify the Commonwealth in writing of any actions for occurrences that would result in a violation of these Integrity Provisions. Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Contractor’s compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor’s suspension or debarment.

h. Contractor shall cooperate with the Office of the State Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Integrity Provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Contractor’s integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor’s business or financial records, documents or files of any type or form that refer to or concern this Agreement. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into or during the course of the performance of this Agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commonwealth and any such subcontractor, and no third party beneficiaries shall be created thereby.

i. For violation of any of these Integrity Provisions, the Commonwealth may terminate this and any other Agreement with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this Agreement, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

20. PH-MCO RESPONSIBILITY PROVISIONS

a. The PH-MCO certifies, for itself and all subgrantees and subcontractors, that as of the date of its execution of this Agreement, that neither it, nor any subgrantees, subcontractors nor any suppliers
are under suspension or debarment by the Commonwealth or any governmental entity, instrumentality, or authority and, if the PH-MCO cannot so certify, then it shall submit, along with its application, a written explanation of why such certification cannot be made.

b. The PH-MCO also certifies, that as of the date of its execution of the Agreement, it has no tax liabilities or other Commonwealth obligations.

c. The PH-MCO’s obligations pursuant to these provisions are ongoing from and after the effective date of the Agreement through its termination date. The PH-MCO shall inform the Commonwealth if, at any time during the term of the Agreement, it becomes delinquent in the payment of taxes, or other Commonwealth obligations, or if it or any of its subgrantees or subcontractors are suspended or debarred by the Commonwealth, the federal government, or any other state or governmental entity. Such notification shall be made within 15 days of the date of suspension or debarment.

d. The failure of the PH-MCO to notify the Commonwealth of its suspension or debarment by the Commonwealth, any other state, or the federal government shall constitute an event of default.

e. The PH-MCO agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of State Inspector General for investigations of the its compliance with the terms of this or any other agreement between the PH-MCO and the Commonwealth, which results in the suspension or debarment of the PH-MCO. Such costs shall include, but shall not be limited to, salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The PH-MCO shall not be responsible for investigative costs for investigations that do not result in the PH-MCO’s suspension or debarment.

f. The PH-MCO may obtain a current list of suspended and debarred Commonwealth entities by either searching the internet at [http://www.dgs.state.pa.us](http://www.dgs.state.pa.us) or contacting the:

21. **AMERICANS WITH DISABILITIES ACT**

a. Pursuant to federal regulations promulgated under the authority of The Americans With Disabilities Act, 28 C.F.R. § 35.101 et seq., the PH-MCO understands and agrees that no individual with a disability shall be excluded from participation in this Agreement or from activities provided for under the Agreement on the basis of the disability. As a condition of accepting and executing this Agreement, the PH-MCO agrees to comply with the “General Prohibitions Against Discrimination,” 28 C.F.R. § 35.130, and all other regulations promulgated under Title II of The Americans With Disabilities Act, which are applicable to all benefits, services, programs, and activities provided by the Commonwealth of Pennsylvania through Agreements with outside entities.

b. The PH-MCO shall be responsible for and agrees to indemnify and hold harmless the Commonwealth from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the Commonwealth of Pennsylvania as a result of the PH-MCO’s failure to comply with the provisions of subparagraph a above.

22. **COVENANT AGAINST CONTINGENT FEES**

The PH-MCO warrants that no person or selling agency has been employed or retained to solicit or secure the Agreement upon an agreement or understanding of a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the PH-MCO for the purpose of securing business. For breach or violation of this warranty, the Commonwealth shall have the right to terminate the Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.
23. **GOVERNING LAW**

This Agreement shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania without giving effect to conflict of law provisions and the decisions of the Pennsylvania courts. The PH-MCO consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The PH-MCO agrees that any such court shall have in personam jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.

24. **INTEGRATION**

The Agreement, including all referenced documents, constitutes the entire agreement between the parties. No agent, representative, employee or officer of either the Commonwealth or the PH-MCO has authority to make, or has made, any statement, agreement or representation, oral or written, in connection with the Agreement, which in any way can be deemed to modify, add to or detract from, or otherwise change or alter its terms and conditions. No negotiations between the parties, nor any custom or usage, shall be permitted to modify or contradict any of the terms and conditions of the Agreement. No modifications, alterations, changes, or waiver to the Agreement or any of its terms shall be valid or binding unless accomplished by a written amendment signed by both parties.

25. **CHANGES**

The Commonwealth may issue change orders at any time during the term of the Agreement or any renewals or extensions thereof: 1) to increase or decrease the quantities resulting from variations between any estimated quantities in the Agreement and actual quantities; 2) to make changes to the services within the scope of the Agreement; 3) to notify the PH-MCO that the Commonwealth is exercising any renewal or extension option; and 4) to modify the time of performance that does not alter the scope of the Agreement to extend the completion date beyond the Expiration Date of the Agreement or any renewals or extensions thereof. Any such change order shall be in writing signed by the Project Officer. The change order shall be effective as of the date appearing on the change order, unless the change order specifies a later effective date. Such increases, decreases, changes, or modifications will not invalidate the Agreement, nor, if performance security is being furnished in conjunction with the Agreement release the security obligation. The PH-MCO agrees to provide the service in accordance with the change order.

26. **RIGHT TO KNOW LAW 8-K-1580**

a. The PH-MCO and its subgrantees and subcontractors understand that this Agreement and records related to or arising out of the Agreement are subject to requests made pursuant to the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL"). For the purpose of these provisions, the term “the Commonwealth” shall refer to the Department.

b. If the Commonwealth needs the PH-MCO, subgrantee or subcontractor’s assistance in any matter arising out of the RTKL request related to this Agreement, it shall notify the PH-MCO, subgrantee, or subcontractor using the legal contact information provided in the Agreement. The PH-MCO, subgrantee, or subcontractor at any time, may designate a different contact for such purpose upon reasonable prior written notice to the Commonwealth.

c. Upon written notification from the Commonwealth that it requires assistance in responding to a RTKL request for information related to this Agreement that may be in the PH-MCO, a subgrantee or subcontractor’s possession, constituting, or alleged to constitute, a public record in accordance with the RTKL ("Requested Information"), PH-MCO shall:
   1. Provide the Commonwealth, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in the PH-MCO, subgrantee or subcontractor’s possession that the Commonwealth reasonably believes is Requested Information and may be a public record under the RTKL; and
   2. Provide such other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this Agreement.

d. B. The PH-MCO must pay the Department’s per-member-per-month (PMPM) rate of $277.22 for community-based care management services rendered by an OUD-COE when the OUD-COE has appropriately submitted a claim using procedure code G9012 (other specified case management service not elsewhere classified). This PMPM will be made in payment for a bundle of care management services rendered by the OUD-COE. Claims for procedure code G9012 may only be paid to providers enrolled in the MA Program as Provider Specialty Type 232 – Opioid Center of Excellence, as described in Medical Assistance Bulletin 01-20-08/08-2011/11-20-02/19-20-01/21-20-01/31-20-08. The PH-MCO must require that an OUD-COE provides care management services in accordance with the OUD-COE’s service description approved by DHS and in accordance with the terms of this Exhibit in order to receive payment for procedure code G9012. 4. The community-based care management service for which the G9012 procedure code claim is being submitted is not duplicative, overlapping, or redundant of other care or case management services for which the BH-PH-MCO has already paid on a Member’s behalf.

5. The OUD-COE has obtained written Member consent to share OUD related information with the Member’s Physical HealthChoices PH-MCO (PH-MCO) or Community HealthChoices PH-MCO (CHC-PH-MCO) consistent with state and federal laws and regulations for the purpose of coordinating comprehensive services that address the Member’s physical and behavioral needs and any needs related to social determinants of health.

F. The PH-MCO may not pay multiple claims using procedure code G9012 to an OUD-COE for the same Member in the same calendar month. The PH-MCO may require a claim using procedure code G9012 be submitted each time a Member receives a community-based care management service from an OUD-COE, but it may only pay one claim per month. The PH-MCO may pay the PMPM to more than one OUD-COE for services provided to an individual Member during the same calendar month only during the Member’s first two months of engagement with an OUD-COE.

G. The PH-MCO may not require anything additional of the OUD-COEs in order to receive the PMPM, including data reporting. OUD-COEs will submit a data collection spreadsheet to DHS monthly. On a quarterly basis, DHS will transmit a report that includes all of the metrics submitted by the OUD-COEs on the data collection spreadsheet for each of the PH-MCO's individual members, sorted by OUD-COE, to the PH-MCO. This report will be transmitted via secure transfer by the end of the quarter following the quarter for which the data was reported.

H. The PH-MCO will perform a claims analysis on an annual basis. The PH-MCO will identify OUD-COE clients as those members for whom a G9012 procedure code claim was submitted during the previous year and will analyze the additional claims submitted for those members, focusing on the metrics defined below. The purpose of this analysis will be to monitor COEs for adherence with the terms of their HealthChoices Physical Health Agreement effective January 1, 2021
provider contracts and to ensure quality services are being provided to the PH-MCO’s members.

I. The PH-MCO will analyze the following metrics through claims analysis. The Department will provide data to the PH-MCO to support this analysis upon request.

PRIOR AUTHORIZATION GUIDELINES FOR PARTICIPATING MANAGED CARE ORGANIZATIONS IN THE HEALTHCHOICES PROGRAM

A. General Requirement

The HealthChoices Physical Health Managed Care Organizations (PH-MCOs) must submit to the Department all written policies and procedures for the Prior Authorization of services. The PH-MCO may require Prior Authorization for any services that require Prior Authorization in the Medical Assistance Fee-for-Service (FFS) Program. The PH-MCO must notify the Department of the FFS authorized services they will continue to prior authorize and the basis for determining if the service is Medically Necessary. The PH-MCO must receive advance written approval from the Department to require the Prior Authorization of any services not currently required to be Prior Authorized under the FFS Program. For each service to be Prior Authorized, the PH-MCO must submit for the Department’s review and approval the written policies and procedures in accordance with the guidelines described below. The policies and procedures must:

- Be submitted in writing, for all new and revised criteria, prior to implementation;
- Be approved by the Department in writing prior to implementation;
- Adhere to specifications of the HealthChoices RFP, HealthChoices Agreement, federal regulations, and applicable policy in Medical Assistance General Regulations, Chapter 1101 and DHS regulations;
- Ensure that physical health care is Medically Necessary and provided in an appropriate, effective, timely, and cost efficient manner;
- Adhere to the applicable requirements of Centers for Medicare and Medicaid Services (CMS) Guidelines for Internal Quality Assurance Programs of Health Maintenance Organizations (HMOs), Health Insuring Organizations (HIOs), and Prepaid Health Plans (PHPs), contracting with Medicaid/Quality Assurance Reform Initiative (QARI);
- Include an expedited review process to address those situations when an item or service must be provided on an urgent basis; and
- Be submitted on an annual basis for review and approval.

Future changes in state and federal law, state and federal regulations, and court cases may require re-evaluation of any previously approved Prior Authorization proposal. Any deviation from the policies and procedures approved by the Department, including time frames for decisions, is considered to be a change and
requires a new request for approval. Failure of the PH-MCO to comply may result in sanctions and/or penalties by the Department. The Department defines prior authorization as a determination made by a PH-MCO to approve or deny payment for a Provider's request to provide a service or course of treatment of a specific duration and scope to a Member prior to the Provider's initiation or continuation of the requested service.

The DHS Prior Authorization Review Panel has the sole responsibility to review and approve all prior authorization proposals from the PH-MCOs.

B. Guidelines for Review

1. Basic Requirements:
   a. The PH-MCO must identify individual service(s), medical item(s), and/or therapeutic categories of drugs to be Prior Authorized.
   b. If the Prior Authorization is limited to specific populations, the PH-MCO must identify all populations who will be affected by the proposal for Prior Authorization.

2. Medically Necessary Requirements:
   a. The PH-MCO must describe the process to validate medical necessity for:
      • covered care and services;
      • procedures and level of care;
      • medical or therapeutic items.
   b. The PH-MCO must identify the source of the criteria used to review the request for Prior Authorization of services. The criteria must be consistent with the HealthChoices contract definition for a service or benefit that is Medically Necessary. All criteria must be submitted to the Department for evaluation and approval under URCAP prior to implementation.
   c. For PH-MCOs, if the criteria being used are:
      • Purchased and licensed, the PH-MCO must identify the vendor;
      • Developed/recommended/endorsed by a national or state health care provider association or society, the PH-MCO must identify the association or society;
Based on national best practice guidelines, the PH-MCO must identify the source of those guidelines;

Based on the medical training, qualifications, and experience of the PH-MCO’s Medical Director or other qualified and trained practitioners, the PH-MCO must identify the individuals who will determine if the service or benefit is Medically Necessary.

d. PH-MCO guidelines to determine medical necessity of all drugs that require prior authorization must be posted for public view on the PH-MCO’s website. This includes, but is not limited to, guidelines to determine medical necessity of both specific drugs and entire classes of drugs that require prior authorization for health and safety reasons, non-formulary designations, appropriate utilization, quantity limits, or mandatory generic substitution. The guidelines must specify all of the conditions that the PH-MCO reviewers will consider when determining medical necessity including requirements for step therapy.

e. The PH-MCO must identify the qualification of staff that will determine if the service is Medically Necessary. Health Care Providers, qualified and trained in accordance with the CMS Guidelines, the RFP, the HealthChoices Agreement, and applicable legal settlements must make the determination of Medically Necessary services.

For children under the age of twenty-one (21), requests for service will not be denied for lack of Medical Necessity unless a physician, dentist or other health care professional with appropriate clinical expertise in treating the Member’s condition or disease determines:

- That the prescriber did not make a good faith effort to submit a complete request, or

- That the service or item is not Medically Necessary, after making at a minimum three reasonable efforts to contact the prescriber prior to issuing a denial for the requested service. The reasonable efforts to contact the prescriber must be documented in writing.

3. Administrative Requirements

a. The PH-MCO’s written policies and procedures must identify the time frames for review and decisions and the PH-MCO must demonstrate that the time frames are consistent with the following required
maximum time frames:

- **Immediate**: Inpatient Place of Service Review for emergency and urgent admissions.
- **24 hours**: All drugs; and items or services which must be provided on an urgent basis.
- **48 hours**: (following receipt of required documentation) Home Health Services.
- **21 days**: All other services.

b. The PH-MCO’s written policies and procedures must demonstrate how the PH-MCO will ensure adequate care management and overall continuity of care among all levels and specialty areas.

c. The PH-MCO’s written policies and procedures must explain how Prior Authorization data will be incorporated into the PH-MCO’s overall Quality Management plan.

4. **Notification, Grievance, and DHS Fair Hearing Requirements**

The PH-MCO must demonstrate how written policies and procedures for requests for Prior Authorization comply and are integrated with the Member and Provider notification requirements and Member Grievance and DHS Fair Hearing requirements of the RFP and Agreement.

5. **Requirements for Care Management/Care Coordination of Non-Prior Authorized Service(s)/Items(s)**

For purposes of tracking care management/identification of certain diagnoses or conditions, and with advance written approval from the Department, the PH-MCO may choose to establish a process or protocol requiring notification prior to service delivery. This process must not involve any approvals/denials or delays in receiving the service. The PH-MCO must notify Providers of this notification requirement. This process may not be administratively cumbersome to Providers and Members. These situations need not comply with the other Prior Authorization requirements contained in this Exhibit.
EXHIBIT J

EPSDT GUIDELINES

The PH-MCO must adhere to specific Department regulations at 55 PA Code Chapters 3700 and 3800 as they relate to EPSDT examinations for individuals under the age of twenty-one (21) and entering substitute care or a child residential facility placement. These examinations must be performed within the timeframes established by the regulations. The scope of PH-MCO EPSDT requirements that address screening, diagnosis and treatment, tracking, follow-up and outreach, and interagency teams for children are provided below.

The PH-MCO must have written policies and procedures for providing all Medically Necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included on the Medicaid State Plan. The PH-MCO must assist individuals in gaining access to necessary medical, social, education, and other services in accordance with the HealthChoices agreement.

1. Screening

The PH-MCO must ensure that periodic EPSDT screens are conducted by a process, including data collection format, approved by the Department, on all Members under age twenty-one (21) to identify health and developmental problems. These screens must be in accordance with the most current periodicity schedule developed by the Department and recommended pediatric immunization schedules, both of which are based on guidelines issued by the American Academy of Pediatrics (AAP) and the Centers for Disease Control and Prevention (CDC).

2. Diagnoses and Treatment

If a suspected problem is detected by a screening examination, the child must be evaluated as necessary for further diagnosis. This diagnosis is used to determine treatment needs. Following an EPSDT screen, if the screening Provider suspects developmental delay and the child is not receiving services at the time of screening, s/he is required to refer the child (not over five (5) years of age) through CONNECT, 1-800-692-7288, for referral for local Early Intervention Program services. The PH-MCO is also responsible to ensure that a child is referred to the county Intellectual Disabilities (ID) office for a determination of eligibility for home and community-based services. The Intellectual Developmental Disabilities County contacts are found at http://pafamiliesinc.org/understanding-systems/intellectual-disabilities/intellectual-developmental-disabilities-county-contact-information-for-pennsylvania. The PH-MCO is responsible for developing a system that tracks treatment needs as they are identified and ensures that appropriate follow-up is pursued and reflected in the medical record (see Section 3, Tracking, for all requirements).

OBRA ‘89 entitles individuals under the age of twenty-one (21) to receive all Medically Necessary health care services that are contained in Section 1905(a) of the Social Security Act and required to treat a condition diagnosed during any encounter with a Health Care Provider practicing within the scope of state law. Any Medically Necessary health care,
eligible under the federal Medicaid program, required to treat conditions detected during a visit must be covered by the PH-MCO, except Behavioral Health Services which will be covered through the BH-MCO. Even though the PH-MCO is not responsible for behavioral health treatment, it is still responsible for identifying Members who are in need of behavioral health treatment services, and for linking the Member with the appropriate BH-MCO.

The PH-MCO must have a system in place to address the need for and furnish expanded services. Such policies will be clearly communicated to Providers and Recipient through the Provider Manual and the Member Handbook. If a Health Care Provider prescribes services or equipment for an individual under the age of twenty-one (21), which is not normally covered by the MA Program, or for which the PH-MCO requires Prior Authorization, the PH-MCO must follow the Prior Authorization requirements outlined in Section V.B. and Exhibit H of the contract.

3. Tracking

The PH-MCO must establish a tracking system that provides information on compliance with EPSDT service provision requirements in the following areas:

- Initial visit for newborns. The initial EPSDT screen shall be the newborn physical exam in the hospital.
- EPSDT screen and reporting of all screening results.
- Diagnosis and/or treatment, or other referrals for children.
- Other tracking activities include: Number of comprehensive screens (reported by age); hearing and vision examinations; dental screens; age appropriate screens; complete age appropriate immunizations; blood lead screens; prenatal care for teen mothers; provision of eyeglasses to those in need of them; dental sealants; newborn home visits; referral of very low birth weight babies to early intervention; referral of Members under the age of five (5) with elevated blood lead levels to early intervention; referral of Members under the age of five (5) with elevated blood lead levels to early intervention; referral of Members under the age of five (5) with elevated blood lead levels to early intervention; referral of Members under the age of five (5) with elevated blood lead levels to early intervention; routine evaluation for iron deficiencies; maternal depression screening; screenings for developmental delays and autism spectrum disorders; depression screenings; and timely identification and treatment of asthma.

4. Follow-ups and Outreach

The PH-MCO must have an established process for reminders, follow-ups and outreach to Members that includes:

- Written notification of upcoming or missed appointments within a set time period, taking into consideration language and literacy capabilities of Members.
- Telephone protocols to remind Members of upcoming visits and follow-up on missed appointments within a set time period.
• If requested, any necessary assistance with transportation to ensure that recipients obtain necessary EPSDT screening services. This assistance must be offered prior to each due date of a child’s periodic examination.

• Protocols for conducting outreach with non-compliant Members, including home visits, as appropriate.

• A process for outreach and follow-up to Members under the age of twenty-one (21) with Special Needs, such as homeless children.

• A process for outreach and follow-up with County Children and Youth Agencies and Juvenile Probation Offices to assure that they are notified of all Members under the age of twenty-one (21) who are under their supervision and who are due to receive EPSDT screens and follow-up treatment.

• The PH-MCO may develop alternate processes for follow up and outreach subject to prior written approval from the Department.

The PH-MCO shall submit to the Department reports that identify its performance in the above four required services (Screening, Diagnosis and Treatment, Tracking, and Follow-up and Outreach).

Arranging for Medically Necessary follow-up care for health care services is an integral part of the Provider’s continuing care responsibility after a screen or any other health care contact. In cases involving a Member under the age of twenty-one (21) with complex medical needs or serious or multiple disabilities or illnesses, case management services must be offered, consistent with the HealthChoices agreement and exhibits.

To assist the PH-MCO in provision of the above four (4) required services (Screening, Diagnosis and Treatment, Tracking and Follow-up and Outreach) to children in substitute care, the PH-MCO will be required to develop master lists of all enrolled children who are coded as such on the monthly membership files. The PH-MCO must assign specific staff to monitor the services provided to these children and to ensure that they receive comprehensive EPSDT screens and follow-up services. The assigned staff must contact the relevant agencies with custody of these Members or with jurisdiction over them (e.g., County Children and Youth Agency, Juvenile Probation Office) when a particular child has yet to receive an EPSDT screen or is not current with their EPSDT screen and/or immunizations and to ensure that an appointment for such service is scheduled.

Further, in addition to the EPSDT related Pennsylvania Performance Measures, the PH-MCO must submit to the Department, reports providing all data regarding children in substitute care (e.g., the number of children enrolled in substitute care who have received comprehensive EPSDT screens, the number who have received blood level assessments, etc.).

5. Interagency Teams for EPSDT Services for Children
For the ongoing coordination of EPSDT services for Members under the age of twenty-one (21) identified with Special Needs, the PH-MCO must appoint a PH-MCO representative who will ensure coordination with other health, education and human services systems in the development of a comprehensive individual/family services plan.

The goal is to develop and implement a comprehensive service plan through a collaborative interagency team approach, which ensures that children have access to appropriate, coordinated, comprehensive health care. To achieve this goal, The PH-MCO must ensure the following:

- Children have access to adequate pediatric care.
- The service plan is developed in coordination with the interagency team, including the child (when appropriate), the adolescent and family members and a PH-MCO representative.
- Development of adequate specialty Provider Networks.
- Integration of covered services with ineligible services.
- Prevention against duplication of services.
- Adherence to state and federal laws, regulations and court requirements relating to individuals with Special Needs.
- Cooperation of PH-MCO Provider Networks.
- Applicable training for PCPs and Providers including the identification of PH-MCO contact persons.
EXHIBIT L

MEDICAL ASSISTANCE TRANSPORTATION PROGRAM

The Medical Assistance Transportation Program (MATP) is responsible for the following:

- Providing non-emergency medical transportation to and/or from a MA compensable service received at a medical facility, doctor’s or dentist’s offices, hospital, clinic, pharmacy or supplier of medical equipment.

- Providing the least costly and most appropriate transportation to meet the needs of its consumers, including paying for mass transit trips on buses or trains or providing rides in paratransit vehicles.

- Reimbursing the consumer for mileage at a rate determined by the Department, parking, and tolls with valid receipts, when the consumer uses their own car or someone else’s to get to the medical care provider.

- Providing transportation services when the consumer has no other available means of transportation for urgent care. Urgent care, for the purpose of this agreement, is defined as any illness or severe condition, which under reasonable standards of medical practice would be diagnosed and treated within a 24-hour period and if left untreated, could rapidly become a crisis or emergency. A hospital discharge shall be considered urgent care.

- Referring any requests for medically necessary non-emergency ambulance transportation and any requests that MATP cannot accommodate due to the requests being outside the scope of the MATP services.

The county MATP agency, Program Monitor, and/or MATP Standards and Guidelines, found on the MATP website, should be contacted or referenced for the detailed policies and procedures in carrying out the above responsibilities.

External Quality Review (EQR) is a requirement under Title XIX of the Social Security Act, Section 1902(a), (30), (c) for states to obtain an independent, external review body to perform an annual review of the quality of services furnished under state contracts with Managed Care Organizations, including the evaluation of quality outcomes, timeliness and access to services. The requirements for EQR were further outlined in 42 CFR Part 438; External Quality Review of Medicaid Managed Care Organizations; Final Rule issued on May 6, 2016. EQR refers to the analysis and evaluation of aggregated information on timeliness, access, and quality of health care services furnished to Members. “Quality”, as it pertains to EQR, means the degree to which a PH-MCO maintains or improves the health outcomes of its Members through its structural and operational characteristics and through the provision of services. The results of the EQR are made available, upon request, to specified groups and to interested stakeholders. This is one of many tools that facilitate achieving continuous quality improvement in the delivery of care, health care outcomes, and timeliness of care, access to services, quality and utilization management systems, and program oversight. The Department requires that the PH-MCOs:

A. Actively participate in planning and developing the measures to be utilized with the Department and the EQRO. The Medical Assistance Advisory Committee will be given an opportunity to provide input into the measures to be utilized.

B. Accurately, completely and within the required timeframe identify eligible Members to the EQRO.

C. Correctly identify and report the numerator and denominator for each measure.

D. Actively encourage and require Providers, including subcontractors, to provide complete and accurate Provider medical records within the timeframe specified by the EQRO.

E. Demonstrate how the results of the EQR are incorporated into the Plan’s overall Quality Improvement Plan and demonstrate progressive improvements during the term of the contract.

F. Improve Encounter Data in an effort to decrease the need for extensive Provider medical record reviews.

G. Provide information to the EQRO as requested to fulfill the requirements of the mandatory and optional activities required in 42 CFR Part 438.

H. Ensure that data, clinical records and workspace located at the PH-MCO’s work site are available to the independent review team and to the Department, upon request.
I. Participate in Performance Improvement Projects whose target areas are dictated by the Department to address key quality areas of focus for improvements. The PH-MCO will comply with the timelines as prescribed by the EQRO.
HEDIS® is a set of standardized performance measures designed to reliably compare health plan performance. HEDIS® performance measures are divided into five domains of care:

- Effectiveness of care,
- Access/availability of care,
- Experience of care (Adult and Child CAHPS®),
- Utilization and Relative resource use, and
- Health plan descriptive information.

The Department requires that the PH-MCOs:

A. Must produce rates for all Medicaid reporting measures, with the exclusion of the behavioral health measures, unless otherwise specified by the Department.

B. Must follow NCQA specifications as outlined in the HEDIS® Technical Specifications clearly identifying the numerator and denominator for each measure.

C. Must have all HEDIS® results validated by an NCQA-licensed vendor. The Department currently contracts with an NCQA-licensed entity to validate the MCOs’ HEDIS® results used in public reporting. The MCO may utilize these validation results for other purposes such as pursuit of accreditation. The Department may at some future date relinquish the direct contracting of NCQA validation activities.

D. Must assist with the HEDIS® validation process by the Department’s NCQA licensed contractor.

E. Must demonstrate how HEDIS® results are incorporated into the MCO’s overall Quality Improvement Plan.

F. Must submit validated HEDIS® results annually on June 15th unless otherwise specified by the Department.

Measures publicly reported in the HealthChoices Consumer Guide are based on the Department’s NCQA-licensed organization’s validated findings.
**Consumer Assessment of Healthcare Providers and Systems (CAHPS®)**

CAHPS® are a set of standardized surveys that assess patient satisfaction with the experience of care. CAHPS® surveys (Adult and Child) are subsets of HEDIS® reporting required by the Department. For HEDIS®, MCOs must contract with an NCQA-certified vendor to administer the survey according to the HEDIS® survey protocol that is designed to produce standardized results. The survey is based on a randomly selected sample of Members from the MCO and summarizes satisfaction with the experience of care through ratings and composites.

In addition to the Adult survey, HEDIS® incorporates a CAHPS® survey of parental experiences with their child's care. The separate survey is necessary because children's health care frequently requires different Provider Networks and addresses different consumer concerns (e.g. child growth and development).

The HEDIS® protocol for administering CAHPS® surveys consists of a mail protocol followed by telephone administration to those not responding by mail. MCOs must contract with a certified vendor to administer both the Adult and Child CAHPS® surveys. The MCO must generate a sample frame for each survey sample and arrange for an NCQA-certified auditor to verify the integrity of the sample frame before the certified vendor draws the sample and administers the survey. The MCOs are also required to have the certified vendor submit Member level data files to NCQA for calculation of HEDIS® and CAHPS® survey results. The Department requires that the MCOs:

A. Must conduct both an Adult and Child CAHPS® survey using the current version of CAHPS®.
B. Must include all Medicaid core questions in both surveys.
C. Must add the following supplemental dental care questions, one through three, from the Supplemental Items for Adult/Child Questionnaires to both the Adult and Child CAHPS® surveys and questions four through seven to the Child CAHPS® survey:

1. C1. In the last 6 months, did you get care from a dentist’s office or dental clinic?

OUT-OF-PLAN SERVICES

Out of Plan Services include, but are not limited to:

A. Transitional Care Homes

The PH-MCO will only be responsible to provide medical services to children upon the child leaving the transitional care home to reside with family or other caretakers living within the HealthChoices Zone. The PH-MCO must ensure continuity of care, as well as coordination with necessary Providers and interagency teams once they are notified that the child has become enrolled in the PH-MCO.

B. Medical Foster Care Services

Medical foster care services are provided to children with special or chronic medical conditions or physical disabilities in the custody of the County Children and Youth Agency and placed in foster family care. Medical foster care services enable the child to be treated by a licensed practitioner on an outpatient rather than an inpatient or institutional basis. Medical foster care services include both supportive and supervisory activities as well as direct care of children. Such tasks include but are not limited to: medical management, nutritional care, hygiene and personal care and developmental education.

Medical foster care services are provided by both county and private children and youth social service agencies. The foster parents who are under contract with the agency provide direct care. The licensed foster care agency is enrolled as a Provider Type 40, Specialty 400, Medically Fragile Foster Care, and claims reimbursement is through the Medical Assistance Fee-for-Service Program according to the maximum daily fees for the four levels of medical foster care as established by the Office of Medical Assistance Programs. Even though the PH-MCO is responsible to provide Medically Necessary services to children residing in medical foster care homes, the PH-MCO is not responsible for the medical foster care services identified in the four levels of care. These four levels of medical foster care are described as Level(s) I - IV with each level progressively requiring increased care.

1. Level I
   a. The Child has one or more medical conditions or physical disabilities that can be relieved, alleviated, or controlled by a regimen of medical supervision and consistent non-specialized care. No life-threatening situations are anticipated.
   b. Some specialized training may be required for the foster parent to care for the child, such as the preparation and control of special diets and the administration of non-oral medications.
   c. Wheel chairs, ramps, and/or prostheses may be required but sophisticated technological equipment usually will not be necessary. Few special medical supplies are necessary.
Intermediate Care Facility For Individuals with Intellectual Disabilities And Other Related Conditions (ICF/ID/ORCs)

The PH-MCO is responsible to provide the full range of Physical Health Services to Members residing in private ICF/ID/ORC, except that the PH-MCO is not responsible to provide services to a Member to the extent services are covered under the facility's per diem payment. The PH-MCO is also not responsible to provide any services determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCO.

Residential Treatment Facility (RTF)

The PH-MCO is responsible to provide the full range of Physical Health Services to Members residing in RTFs. The PH-MCO is not responsible to provide any services that are currently covered under the facility's per diem payment. The PH-MCO is also not responsible to provide any services determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Extended Acute Psychiatric Facility

The PH-MCO is responsible to provide the full range of physical health services to Members residing in extended acute psychiatric facilities. The PH-MCO is not responsible to provide any services that are currently covered under the facility's per diem payment. The PH-MCO is also not responsible to provide any services that are determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Non-Hospital Residential Detoxification, Rehabilitation, and Half-Way House Facilities for Drug/Alcohol Dependence/ Addiction

The PH-MCO is responsible to provide the full range of physical health services to Members admitted to non-hospital residential detoxification, rehabilitation and halfway house facilities for drug/alcohol dependence/addiction. The PH-MCO is not responsible to provide any services that are currently covered under the facility’s per diem payment. The PH-MCO is also not responsible to provide any services that are determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Functional Eligibility Determinations (FED) and Pre-admission Screening Requirements

A Functional Eligibility Determinations (FED) must be completed to assess an individual's need for Nursing Facility services. The PH-MCO must contact Aging Well PA to initiate the FED assessment. This must occur prior to a Member's admission to a Nursing Facility. The PH-MCO must abide by the decision of the FED assessment related to the need for Nursing Facility services. The PH-MCO is not responsible for providing or paying for the FED assessment.
The PH-MCO must also comply with pre-admission screening requirements contained in 42 U.S.C. Section 1396r(e)(7) and 42 C.F.R. 483.100-483.138 regarding individuals with Mental Retardation/Other Related Conditions or mental illness.

Members Admitted to Juvenile Detention Centers (JDCs)

Any child receiving MA benefits will continue to receive those benefits during placement in a JDC. Children enrolled in a PH-MCO prior to placement at a JDC either inside or outside the HealthChoices Zone will continue to be covered by the PH-MCO from the date of placement for a maximum of thirty-five (35) consecutive days. The child will be disenrolled from the PH-MCO after the thirty-fifth (35th) consecutive day of placement. During the thirty-five (35) consecutive days, MA eligible services provided to the child on-site at the JDC will be covered under the Medical Assistance Fee-for-Service Program. Any services that are covered by the PH-MCO and provided outside of the JDC site are the responsibility of the PH-MCO. Should a child either be voluntarily disenrolled from a PH-MCO or become ineligible for enrollment due to a change in status, coverage of the child will remain consistent with enrollment policies. If during the period of placement the child transfers from one PH-MCO to another, the child will receive benefits through the new PH-MCO from the new PH-MCO effective date through the thirty-fifth (35th) consecutive day of placement.

A child already residing in a JDC will not be permitted to newly enroll in a PH-MCO until after release from the JDC. All other applicable coverage rules will apply. EPSDT screening results or other health care needs detected during the period of the JDC placement should be reported to the effective PH-MCO. Should a covered service be identified that cannot be provided at the JDC site, the JDC must contact the PH-MCO in order to arrange for the covered service to be provided.

Dual Eligibles (Medicare/Medicaid) Under the Age of Twenty-One (21)

Recipients, under the age of twenty-one (21) who receive both Medicare as their primary health care coverage and Medicaid (MA) as a supplemental coverage, will be required to enroll in the HealthChoices Program and choose both a PH-MCO and PCP within the PH-MCO. See Section V.F., Member Enrollment and Disenrollment, of the Agreement for enrollment information into HealthChoices Zone.

Due to their Medicare eligibility, many of these recipients may require special assistance with the coordination of their Medicare/Medicaid benefits. Therefore, these dually eligible Recipients are classified as having Special Needs and should fall under the guidelines outlined in Section V.P., Special Needs Unit (SNU), of the Agreement.

Recipients who are dually eligible are not required to go to their PH-MCO for services that are covered by Medicare. If appropriate, Recipients who are Dual Eligible are required to comply with the PH-MCO’s referral and authorization requirements if they have exhausted their Medicare benefit for a Medicare covered service.

The PH-MCO is responsible to provide prescriptions written by Medicare Providers for a Member as long as the Member goes to a pharmacy within the PH-MCO’s Provider Network.
Prescription coverage for Recipients who are dually eligible is subject to the PH-MCO's authorization protocols, with the exception of drugs covered by Medicare. In addition, the provisions outlined in Section V.B., Prior Authorization of Services, of this Agreement, will apply.

The PH-MCO's financial responsibility for Dual Eligibles is outlined in Section VII. of the Agreement.
2. Level II
   a. The child has one or more acute medical conditions or physical
disabilities that can be relieved, alleviated, or controlled by specialized
intervention and a regimen of medical supervision and consistent care.
No immediate life-threatening situations are anticipated.
b. Some special medical procedures training may be required for the
foster parent for the management of tracheostomies, ileostomies, NG
feeding tubes, catheters, etc.
c. Use of sophisticated technological equipment will be minimal. Some
special medical supplies will be necessary.
d. The child will usually require special therapeutic interventions and
special social, educational, and vocational planning.

3. Level III
   a. The child has a combination of acute temporary, chronic, or permanent
medical conditions or physical disabilities which require intensive,
home-based medical intervention on a constant basis to sustain life.
Life threatening situations are anticipated.
b. Considerable special medical procedures training will be required for
the foster parent.
c. Use of sophisticated technological equipment will be necessary.
Special medical supplies will be necessary.
d. Because the child will usually be home-bound, all developmental areas
will require special planning.

4. Level IV
   a. The child has a combination of acute, chronic, or permanent medical
conditions or physical disabilities whose life can be sustained only by
intensive, home-based medical intervention on a 24-hour basis. Life
threatening situations are constantly present.
b. Extensive special medical procedures training will be required for the
foster parent.
c. Use of a variety of sophisticated technological equipment will be
necessary. Special medical supplies will be necessary.
d. Because the child will be home-bound, all developmental areas will
require special planning.

When children in the custody of the County Children and Youth Agency are placed
in medical foster care homes, the PH-MCO's Special Needs Unit must work with the
medical foster care agency to ensure that necessary medical and ancillary services
are provided in the amount and level that enable the child to be maintained in the
foster care home and minimize hospitalization/institutionalization of the child.

C. Early Intervention Services

An infant or toddler may receive services under both the HealthChoices Program
and the Early Intervention Program, but the services are separate and distinct.
The HealthChoices Program consists of Medically Necessary services prescribed
by the Primary Care Practitioner. Early intervention services consist of a range of
family-centered habilitation services and supports as defined by each family's
individualized family service plan.
D. OLTL/OBRA Waiver: The Home and Community Based Waiver Program

This program provides services to people with developmental physical disabilities to allow them to live in the community and remain as independent as possible.

The Department's Office of Long-Term Living, (OLTL) currently operates a Home and Community-Based Waiver that provides services to Pennsylvania residents age 18 and older with a severe developmental physical disability requiring an Intermediate Care Facility / Other Related Conditions (ICF/ORC) level of care. The disability must result in substantial functional limitations in three or more of the following major life activities: mobility, communication, self-care, self-direction, capacity for independent living, and learning.

Other related conditions (ORCs) include physical, sensory, or neurological disabilities which manifested before age 22, are likely to continue indefinitely, and result in substantial functional limitations in three or more of the following areas of major life activity: capacity for independent living, mobility, self-direction, learning, understanding and use of language, and self-care.

Recipients receiving these home and community based services through the OLTL/ OBRA Waiver will be enrolled in the HealthChoices Program. The PH-MCO is responsible for providing all medically necessary state plan services to these individuals PRIOR TO services being covered under the OLTL/ OBRA Waiver. The PH-MCO must coordinate with the waiver service providers to promote a seamless continuum of care. The PH-MCO is not responsible to provide any medical services that are determined to fall under the scope of Behavioral Health Services or is the responsibility of the Behavioral Health MCOs. A description of these services is addressed in the MA Eligibility Handbook.

E. Office of Developmental Programs (ODP) Waivers: Person/Family Directed Support Waiver (P/FDS), Consolidated Waiver and Community Living Waiver

The Home and Community Based Waiver Program for Persons with Intellectual Disabilities and Autism: The Department's Office of Developmental Programs currently operates Home and Community Based Services Waivers (P/FDS, Consolidated and Community Living) which provide services to individuals with intellectual disabilities and autism of any age and children with developmental disabilities from birth through age eight. The waivers are designed to help individuals with an intellectual disability, autism or developmental disability to live more independently in their homes and communities and to provide a variety of services that promote community living and family support. Eligibility determinations require a recommendation for an Intermediate Care Facilities (Intellectual Disabilities (ICF/ID) or Other Related Conditions (ICF/ORC)) level of care based on a medical evaluation.
Recipients receiving community based services through these waivers will be enrolled in the HealthChoices Program. The PH-MCO is responsible to ensure a family with a child who has or is at risk of a developmental delay is referred to the County Intellectual Disabilities office for a determination of eligibility for home and community based services. The PH-MCO is responsible for providing all medically necessary state plan services to these individuals PRIOR TO services being covered under the ODP Waivers. The PH-MCO must coordinate with the waiver service providers to promote a seamless continuum of care. The PH-MCO is also not responsible to provide any medical services that fall under the scope of Behavioral Health Services, or are the responsibility of the Behavioral Health MCOs. A description of these services is addressed in the MA Eligibility Handbook.

F. Community HealthChoices Waiver

The Community HealthChoices Waiver targets individuals 21 and over who require a Nursing Home Level of Care and are in need of long term services and supports (LTSS), and meet the other requirements of the waiver as determined by the Office of Long Term Living. HealthChoices members who qualify for the Community HealthChoices Waiver will be disenrolled from HealthChoices and enrolled into the Community HealthChoices program. The PH-MCO shall be required to provide assistance to these members in transitioning their care between the HealthChoices and the Community HealthChoices program as stated in section V.D of the agreement.

G. ODP Autism Waiver: The Home and Community Based Waiver program for Persons with Autism Spectrum Disorder.

The Adult Autism Waiver is a Home and Community Based Waiver program. The Office of Developmental Programs administers this waiver which provides home and community based services specifically designed to help adults, 21 and older, who possess an autism spectrum disorder. The overriding goal of the Waiver is to aid the recipients with participation in their communities in the manners which they desire. Eligibility determinations require a recommendation for an Intermediate Care Facilities for Other Related Conditions (ICF/ORC) level of care based on a medical evaluation.

Recipients receiving community-based services through this waiver will be enrolled in the HealthChoices Program. The PH-MCO is responsible for providing all medically necessary state plan services to these individuals PRIOR TO services being covered under the Autism. The PH-MCO must coordinate with the waiver service providers to promote a seamless continuum of care. The PH-MCO is also not responsible to provide any medical services that fall under the scope of Behavioral Health Services, or are the responsibility of the Behavioral Health MCOs. A description of these services is addressed in the MA Eligibility Handbook.
This sample model Agreement is illustrative only and is designed for use by the county children and youth agencies but can be adapted by other community agencies. Letters of Agreement must contain the information found in Exhibit S, Written Agreements Between PH-MCO and Service Providers.

2.3 The parties agree to interact with the PCPs for prompt treatment and coordination of care.

2.5 The parties agree to work cooperatively to establish programmatic responsibility for each MA covered person.

2.6 The parties agree to serve on interagency teams, when requested by either of the parties hereto.

2.7 The parties agree to cooperate in the coordination of covered services with the applicable Behavioral Health Managed Care Organizations in the HealthChoices Zone (HC Zone), including Pharmacy Coordination, to the extent permitted by law.

2.8 Where the parties have identified an issue, the parties mutually agree to undertake intensive outreach efforts to MA covered persons identified as needing covered services.

2.9 To assure the effectiveness of this Agreement and the services provided hereunder, the parties will review the Agreement for accuracy at least [insert time frame] or, if necessary, more often. Additionally, the parties agree to set up a forum to discuss opportunities to assess training needs, consultation, and sharing
of information between the parties to facilitate the cost-effective use of resources. The parties also agree to meet [insert time frame], or as requested by either party, to resolve any outstanding issues existing between them.

2.13 The parties agree to collaborate on identifying and reducing the frequency of fraud, abuse, over use, under use, and inappropriate or unnecessary medical care.

2.14 The parties will work cooperatively to develop processes to ensure that:

(i) The [County Agency] caseworker will contact a participating provider or attempt to contact the PCP, when the [County Agency] caseworker can identify the PCP, when admission or discharge physical examinations are required due to the initial placement or discharge of an MA covered person or if the MA covered person is relocated. When it is not possible to contact the PCP, the [County Agency] shall coordinate with the plan’s Special Needs Unit to arrange to use other providers within the [Plan’s] network. In cases of suspected abuse, [County Agency] shall contact the appropriate medical provider for the examination without having to obtain prior approval from the PCP or [Plan]. If the enrollment of the MA recipient cannot be determined at the time the exam is required, the exam may be performed in an emergency room or through a provider affiliated with [County Agency]. Within 24 hours, or as soon as it can be reasonably determined that the MA recipient is eligible for the MA Product and eligible to be an MA covered person, [County Agency] will notify [Plan’s] Special Needs Unit and/or the PCP in order that necessary follow-up care can be coordinated.

2.15 [Plan] and [County Agency] will work together to determine the post-discharge needs of any MA covered person placed in substitute care, and to develop a care plan that will maintain continuity of care through the MA covered person’s transition from substitute care to home.

2.16 [Plan] and [County Agency] will work together to develop policies and procedures on the identification of individuals who have the authority to represent MA covered persons to request PCP selections and changes; receive MA covered person information including identification cards, MA covered person notices, or filing MA covered person complaints, grievances or appeals on behalf of the MA covered persons.

2.17 [Plan] and [County Agency] will work together to develop and implement joint education and training programs related to requirements of both. This process will be coordinated through the designated contact persons.

2.19 [Plan] shall provide to [County Agency] at [County Agency’s] address set forth hereinafter, any notification that [Plan] is required to provide to MA covered persons, in lieu of providing it to MA covered persons, and [County Agency] shall then be obligated to provide any such notification to MA covered persons, and MA covered persons’ caretaker, provider, or guardian.

4.6 [County Agency] will notify [Plan] within 15 days of new placements, changes in placement, or removals from placement of an MA covered person.

4.7 As appropriate, [Plan’s] Special Needs Unit will contact [County Agency’s] Managed Care Unit [or its equivalent] to request assistance in gathering medical information on the MA covered person. The medical information can include that collected as part of the [County Agency’s] intake function or obtained from past medical records. The [County Agency’s] Managed Care Unit and the Special Needs Unit [or its equivalent] will work together to obtain the necessary medical information and to share this information with [Plan’s] participating provider as appropriate.

4.8 [County Agency] will assist in obtaining required consent-to-treat documents from the MA covered person’s parent, legal guardian, or through the court system, if necessary.

TELEPHONIC PSYCHIATRIC CONSULTATION TEAM SERVICES

The HealthChoices MCO has the responsibility to coordinate the care of children who require therapeutic interventions and medication to treat mental health conditions especially those children in foster care. In order to improve the quality of care for children that require psychotropic medication, the MCO will contract with a telephonic Psychiatric Consultation Team (PCT) that will provide real time telephonic consultative services to PCPs and other prescribers of psychotropic medications for children (referred to as PCPs throughout this document). The MCO will work with all other BH and PH-MCOs within the HC region to collaboratively choose one PCT for each HC region.

The PCT must consist of a team of staff including one (1) full-time equivalent child psychiatrist, one (1) full-time equivalent behavioral health therapist, and one (1) full-time equivalent care coordinator.

Qualifications and key responsibilities for team staff are listed below:

(i) Child Psychiatrist

The full-time equivalent position of child psychiatrist may consist of one or more individuals as follows- child psychiatrists must be Board certified or Board eligible and skilled in psychopharmacology. At least one child psychiatrist shall be on call providing continuous coverage from 9:00 a.m. to 5:00 p.m., Monday through Friday, and shall at all times while on call carry a pager and/or cell phone and be accessible to a caller within thirty (30) minutes. The on-call team member shall not be engaged in any activity from which he/she cannot be interrupted within thirty (30) minutes. A child psychiatrist team member shall make an on-site visit to high volume participating PCPs defined by the MCOs in the HC region at least once per year. One child psychiatrist will be designated as the PCT’s lead medical director with responsibility to assure consistent quality of care, convene periodic team meetings, assure team productivity and timely regional coverage of PCPs, and participate in quarterly meetings with all BH and PH MCOs within the HC region.

(ii) Behavioral Health Therapist

The one (1) full-time equivalent position of behavioral health therapist may consist of one or more individuals as follows: licensed clinical social workers (“LCSW”), licensed mental health counselor, or licensed psychologists. The behavioral health therapist team member’s activities must be limited to consultative or short-term transitional care. The therapist(s) must be knowledgeable of local behavioral health resources and work as a team with the care coordinator to match a specific youth/family with the most appropriate and available community resource.
(iii) Care Coordinator

The care coordinator supports the team members by coordinating and maintaining schedules, managing registration and billing of patients requiring face-to-face visits, arranging appointments with local behavioral health providers and oversees collection of any encounter data. The care coordinator must be in constant contact with the BH and PH MCOs.

The PCT will perform consultative services and provider outreach services as described below.

Consultation Services

The PCT will be available at all times between 9:00 a.m. to 5:00 p.m., Monday through Friday (excluding Provider’s holidays), to PCPs and other designated providers in the HC region to provide immediate consultations by telephone concerning children and adolescent behavioral health matters. In the event that PCT is unable to consult with the PCP at the time of the PCP’s initial inquiry, the PCT shall respond to the PCP within thirty (30) minutes of PCP’s initial inquiry call. The telephone consultation will result in one of the following outcomes dependent upon the needs of the PCP’s patient and patient’s family- resolution of the PCP’s inquiry to the satisfaction of the PCP; referral to the PCT care coordinator to assist the family in accessing routine local behavioral health services with such referral stating the average anticipated wait time for visits; referral to PCT’s child psychiatrist for an acute psychopharmacological or diagnostic consultation within two (2) weeks or as agreed with the patient’s family; or referral to the PCT’s social worker to provide diagnostic consultation and/or transitional face-to-face care or telephonic support to the patient and family until the family can access routine local behavioral health services.

The PCT shall maintain an appropriate clinical setting for its staff to care for patients needing face-to-face consultative or transitional services.

The PCT shall maintain records on all consultations and maintain a single designated telephone number with paging ability or PCT person answering the telephone for PCPs to access consultation services.

For all encounters requiring the care coordinator to assist the family with access to routine local behavioral health services, the PCT will follow up with the family to ascertain whether the appointment was made and continue to assist the family as appropriate if the appointment was not made. The care coordinator will contact the BH-MCO to make it aware of any barriers to timely care.

The PCT will send to PCPs a written or electronic record of all face-to-face visits including results of any follow up contacts within 48 hours of the visit. The PCT is encouraged to provide verbal feedback to the PCP from all face-to-face visits requiring follow up. The
PCT will also send to PCPs a written or electronic record of all telephonic care coordination encounters including results or any follow up contact within 48 hours of encounter.

The PCT will generate quarterly reports detailing the activity of participating PCPs and identifying which PCPs are not utilizing the service. The PCT will outreach to engage PCPs who are not utilizing the service. This may include but is not limited to outreach by telephone, e-mail, continuing education sessions, or visits to the office. The quarterly reports will detail the number of telephonic and face to face encounters, the number of unique recipients using the service, the number referred for additional services with community BH providers, the number of recipients who showed up for referred services, the number of unique members discussed with the BH-MCO, and the number of unique members discussed with the PH MCO.

Provider Outreach Services

The PCT will sequentially contact PCPs and other targeted prescribers of psychotropic medications in the HC Region to inform them of the PCT program and encourage them to participate. The PCT will provide PCPs in the HC Region with training and behavioral health continuing education at PCP offices on how to access and use the consultation program, orientation to community behavioral health services, and guidelines for prescribing and monitoring side effects of common psychotropic medications.

HEALTHCHOICES PH-MCO GUIDELINES FOR ADVERTISING, SPONSORSHIPS, AND OUTREACH

I. Overview

The PH-MCO must submit a plan for advertising, sponsorship, and outreach procedures to the Department for advance written approval in accordance with the guidelines outlined in this exhibit.

II. HealthChoices Outreach Procedures

HealthChoices (HC) Managed Care Organizations (MCOs) must adhere to the following guidelines and all the requirements specified in Section V.F.2, PH-MCO Outreach Materials, and V.F.3, PH-MCO Outreach Activities, of the Agreement when submitting outreach materials, policies and procedures to the Department.

A. Submission of PH-MCO Outreach Material

Purpose: To obtain Department approval of new or revised outreach materials, plans or procedures.

Objectives:

1. To assure that PH-MCO outreach materials are accurate.

2. To prevent the PH-MCO from distributing outreach materials that mislead, confuse or defraud either the Member or the Department.

Process:

1. The PH-MCO submits outreach materials to the Department for prior approval using the HealthChoices Educational Materials Approval Request form (form attached).

2. The Department’s contract monitoring Core Team will review and forward to the PH-MCO a preliminary response within thirty (30) calendar days from date of receipt of the request form.

   Exception: Should the materials require comments or approval from offices outside the Department contract monitoring Core Team, the turnaround time would be as soon as possible.

3. The PH-MCO will submit a final copy of the outreach materials to the Department contract monitoring Core Team for a final written approval prior to circulating the materials.
4. The Department review agency will forward a final written approval to the PH-MCO within ten (10) business days.

5. Outreach material usage:
   a. Direct outreach materials will be used only by the HealthChoices Independent Enrollment Assistance Program personnel after final written approval is received by the PH-MCO from the Department.
   b. Indirect outreach materials, i.e. advertisements, may be utilized immediately after final written approval is received by the PH-MCO from the Department.

B. Criteria for Review of PH-MCO Outreach Material

Purpose: To assure that printed materials, advertising, promotional activities and new Member orientations coordinated through the HealthChoices Independent Enrollment Assistance Program are designed to enable the Medical Assistance consumer to make an informed choice.

Objectives:

1. To assure that the information complies with all federal and state requirements.

2. To determine if the information is grammatically correct and appropriate for Pennsylvania’s Medical Assistance population.

3. To ensure that outreach materials are accurate and do not mislead, confuse, or defraud the Member or the Department with the assertion or statement that the Member must enroll in the PH-MCO in order to obtain Medical Assistance benefits, or in order to not lose Medical Assistance benefits.

4. To ensure that there are no assertions or statements that the PH-MCO is endorsed by CMS, the Federal or State government, or similar entity.

Process:

1. Receive a written overall outreach plan annually if the PH-MCO anticipates participation in outreach activities. Requests for specific indirect advertising must be submitted thirty (30) calendar days in advance for written Department approval.

2. Determine if approval is necessary from other offices.
3. Review the information with the following criteria:

   a. Is the PH-MCO identified?
   b. Does the information comply with all federal and state regulations?
   c. Is the information presented in grammatically correct, precise, appropriate and unambiguous language, easily understood by the target audience (e.g., age and language) and does it avoid the use of industry jargon?
   d. Is the information fair, relevant, accurate and not misleading or disparaging to competitors?
   e. Can the information be easily understood by a person with a sixth grade education?
   f. Does the information include symbols or pictures that are discriminating because of race, color, age, religion, sex, national origin, physical handicap or otherwise? and
   g. Does the information create a negative image of the traditional Fee-for-Service system?

4. The Department will forward a final written response to the PH-MCO within ten (10) business days.

C. **HC PH-MCO Participating In or Hosting an Event**

The PH-MCO may submit requests to sponsor or participate in health fairs or community events; the request should demonstrate that the PH-MCO will participate in such fairs or events through activities, including approved outreach activities that are primarily health-care related. The PH-MCO must receive advance written approval from the Department prior to the event date. All requests must be submitted to the Department at least thirty 30 calendar days in advance of the event, on the forms which are included as part of this attachment.

Purpose: To clarify for PH-MCOs that Pennsylvania laws and regulations prohibit certain kinds of offers or payments to consumers as inducements or incentives for consumers to use the PH-MCO's services.

Objectives:

1. To provide amenities that create an environment that is comfortable and convenient for Recipients but is not offered as an artificial outreach inducement or incentive.

2. To eliminate fraudulent, abusive and deceptive practices that may occur as incentives or inducements to obtain specific covered services from the PH-MCO.
Process:

1. The PH-MCO must submit a request, using the applicable HealthChoices PH-MCO Outreach Approval Request Form or the HealthChoices Education Materials Request Form, to the appropriate Department review agency to host an event thirty (30) calendar days in advance of the event (see attached). Should the event require approval from other offices, the approval process may extend beyond thirty (30) calendar days.

2. The Department review agency considers the request confidential information.

AUTOMATIC ASSIGNMENT

Any Consumer who does not select a physical health-managed care organization (PH-MCO) and is mandated into the HealthChoices Program will be subject to the auto-assignment process as described below. The auto-assignment process does not negate the Consumer’s option to change his/her PH-MCO. An eligible Consumer who has not made a PH-MCO selection and who has a case record that also includes another active member in the case with an active PH-MCO record will be assigned to that same PH-MCO. These Consumers will not count toward the percentages designated for auto-assignment. Consumers in a family unit will be assigned together to a PH-MCO. All remaining eligible Consumers, who have not voluntarily selected a PH-MCO, will be considered in the pool of Consumers who will be equally auto-assigned to PH-MCOs. The formula will direct an equal distribution of the auto-assignment pool in all HealthChoices Zones monthly based on the number of PH-MCOs in the Zone. For example, if there are five PH-MCOs in the Zone, each PH-MCO would receive 20%

A. Consumer Re-Assignment Following Resumption of Eligibility: Consumers who lose eligibility and regain it within six (6) months will automatically be re-enrolled in their previously selected PH-MCO, as long as the Consumer’s eligibility status or geographical residence is still valid for participation in that same PH-MCO.

If the Consumer loses eligibility and regains it after six (6) months, s/he may be enrolled in the same PH-MCO as the payment name, the case payment name or any other Member in the case that has an active PH-MCO record. If there is no active PH-MCO record in the case, s/he will automatically become enrolled in a PH-MCO through the automatic assignment process.

Prior to the future begin date for the auto-assigned PH-MCO, the Consumer may select a different PH-MCO and override the auto-assigned PH-MCO by contacting the EAP Contractor. When the Consumer contacts the EAP Contractor to make this change, it will be the EAP Contractor’s responsibility to enroll the Consumer in the PH-MCO of his/her choice. The EAP Contractor will process the enrollment into the new PH-MCO through the weekly enrollment process.

B. Continuing Enrollment When Moving Between Zones: Eligible Consumers who move from one HealthChoices Zone to another will remain in the PH-MCO in which they were enrolled prior to their move, if the PH-MCO is also operational in the Zone to which they move.

C. Continuing Enrollment When Transferring from a CHC-MCO: Consumers who transfer from a CHC-MCO and the affiliate PH-MCO is also contracted as a PH-MCO, and the consumer has not made a PH-MCO selection, the consumer will be enrolled in the affiliated PH-MCO.

The Department reserves the right to reassess the distribution process and to modify it in accordance with sound programmatic management principles. The
Department shall institute such modifications at any time following appropriate notification to the PH-MCOs via executive correspondence.

MANAGED CARE DEFINITIONS FOR MEMBER COMMUNICATIONS

The 2016 CMS “Medicaid and Children’s Health Insurance Program (CHIP) Programs; Medicaid Managed Care, CHIP Delivered in Managed Care, and Revisions Related to Third Party Liability” final rule established a requirement (42 C.F.R. § 438.10(c)(4)(i)) that mandated that all states which contract with MCOs for delivery of Medicaid services must develop standardized definitions for a set of managed care related terms to be utilized by MCOs in communications with Members. The state developed definitions were required to be written at no higher than a sixth-grade reading level and are to be utilized by PH-MCOs for communications with Members such as newsletters, informational pamphlets, Member handbooks, etc.

   - Will, or is reasonably expected to, reduce or improve the physical, mental, or developmental effects of an illness, condition, injury or disability;
   - Will help a [member][participant] get or keep the ability to perform daily tasks, taking into consideration both the Member’s abilities and the abilities of someone of the same age.

18) **Network** - Contracted providers, facilities, and suppliers that provide covered services to MCO Members.

PH-MCO RECIPIENT COVERAGE DOCUMENT

This Recipient Coverage Document (RCD) includes descriptions of policies supported by the Department’s data systems and processes. In cases where policies in this document conflict with another provision of the Managed Care Organization’s (PH-MCO) Agreement, the Agreement will take precedence.

PH-MCO coverage as detailed in this document does not imply coverage under a BH-MCO, or CHC-MCO. Refer to the BH-MCO RCD for behavioral health coverage guidelines and CHC-MCO PCD for Community Health Choices coverage guidelines.

The Department will provide sufficient information to the PH-MCO to reconcile PH-MCO membership data and amounts paid to and recovered from the PH-MCO. The Department will pay capitation to only one PH-MCO per recipient per month.

Coverage Rules

A PH-MCO is responsible for a Member if coverage is determined by applying the general rules found in any of paragraphs A, B, or C below, subject to exceptions and clarifications found in paragraphs D, E, F, and G.

Refer to the HealthChoices Intranet site for additional information on Recipient coverage, clarifications, examples, and Membership Enrollment/Disenrollment procedures.

A. Responsibility to Provide MA Benefits - Unless otherwise specified, the PH-MCO is responsible for providing MA benefits to its Members in accordance with eligibility information included on the Daily or Monthly 834 Eligibility File, which is provided by the Department to each PH-MCO.

B. Membership Files/Coverage Dates/Eligibility - Daily and Monthly 834 Eligibility Files are provided to each PH-MCO containing information and changes that apply to its Members. The PH-MCO is responsible for providing services for each PH-MCO Member identified on the Daily or Monthly 834 Eligibility File from the first day of the calendar month or the PH-MCO Start Date, whichever is later, through the last day of the calendar month or the PH-MCO coverage end date, if different. The Department will pay Capitation to the PH-MCO from the first day of coverage in a month through the last day of the calendar month, except when transferring to a CHC-MCO. If a PH-MCO member transfers to a CHC-MCO the Department will pay capitation to the PH-MCO only through the day prior to the CHC begin date. PH-MCO coverage dates beyond the last day of the month are preliminary information that is subject to change.

CIS/eCIS will retain a Member’s PH-MCO selection for six (6) months after a Member becomes ineligible for MA. These Members will become the responsibility of the same PH-MCO if they regain MA eligibility during that six-month period and
their category of assistance and geographic location are valid for that PH-MCO. Upon regaining MA eligibility, the PH-MCO Start Date will be the MA eligibility Start Date on Client Information System (CIS/eCIS) or the date MA eligibility was reopened in CIS/eCIS, whichever is later.

C. Benefit Packages - The Department has established two benefit packages based on age: Adult and Children’s. The Adult package includes individuals age 21 years old or older. The Children’s package includes individuals under age 21 years. Refer to the Daily and Monthly 834 Eligibility Files to determine benefits during a month based on these criteria.

D. Exceptions and Clarifications - The Department will recover Capitation payments made for Members who the Department has determined the PH-MCO was not responsible for providing services.

The PH-MCO will not be responsible for and will not be paid when the Department notifies the PH-MCO of Members for whom they are not responsible.

1. Errors in PH-MCO coverage identified from any source must be reported to the Department within forty-five (45) days of receipt of the Daily 834 Eligibility File for changes to be considered.

   If a Recipient is enrolled in a PH-MCO in error, that PH-MCO is responsible for covering the Recipient until the Department is notified and the correction is applied to the CIS/eCIS eligibility record.

   If at the time of notification to the Department, the Member was disenrolled in error from a PH-MCO and the Member is enrolled in a different PH-MCO, the Member will be reenrolled in the previous PH-MCO effective the first of the next month. However, if at the time of notification, the Recipient is covered by FFS, the Recipient will be reenrolled into the same PH-MCO effective the day following notification to the Department.

2. If CIS/eCIS shows an exemption code or a facility/placement code that precludes PH-MCO coverage, the Recipient will not be enrolled in a PH-MCO.

3. If CIS/eCIS shows Fee-For-Service (FFS) coverage that coincides with PH-MCO coverage, the Member may use either coverage and there will be no monetary adjustment between the Department and the PH-MCO. (This is subordinate to #7 below.)

4. If a PH-MCO has actual knowledge that a Member is deceased, and if such Member shows on either the Daily or Monthly 834 Eligibility File as active, the PH-MCO is required to notify the County Assistance Office (CAO) and the Department. The Department will recover Capitation payments made for up to eighteen (18) months after the service month in which the date of death occurred.
5. The Department will recover Capitation payments for Members who were later determined to be ineligible for PH-MCO coverage or who were placed in a setting that results in the termination of PH-MCO coverage by the Department. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards (e.g., today’s date is 9/18/2020 and central office staff end date managed care coverage 9/30/2020 – payments are recouped for 10/2019 through 9/2020. See Section F for examples of placements that result in termination of coverage).

6. The Department is not responsible for making a Capitation payment for a month in which a Member aged twenty-one through sixty-four (21 – 64) resides in a free-standing IMD at least sixteen (16) days in that calendar month and the Member’s condition is not related to a Substance Use Disorder (SUD). This applies without regard to the number of days in the month in which the Member is enrolled in the PH-MCO. Recovery of capitation payments that meet these criteria is limited to 18 (eighteen) months. Additionally, the Department will make a separate payment to the PH-MCO for the days the Member does not reside in the freestanding IMD during a calendar month as noted in Section VII.E.13 of the Agreement.

7. A newborn is the responsibility of the PH-MCO that covered the mother on the newborn’s date of birth. Where CIS/eCIS does not reflect this, the PH-MCO must notify the Department to correct coverage. The Department will generate Capitation payments as appropriate. Limitations in Sections E-2 and E-3 applicable to the mother will apply to the newborn.

   Exception #1: If mother is in a PH-MCO, and C&Y assumes custody of the newborn at birth and places the child in a county within the same HC zone as the mother, the child’s coverage will mirror the mother’s PH-MCO coverage.

   Exception #2: If mother is in a PH-MCO, and C&Y assumes custody of the newborn at birth and places the child in a county outside of the same HC zone where the mother resides, the child will be FFS until auto-assignment or the selected PH-MCO is effective in the new HC County.

8. A Member’s change of residence out of a PH-MCO’s service area does not necessarily exempt the PH-MCO from the responsibility to provide MA benefits. It is the PH-MCO’s responsibility to inform the CAO of the address change upon receipt of information that a Member is residing outside the PH-MCO service area.

9. Pursuant to the rules outlined in the RCD, the absence of MA eligibility indicated on CIS/eCIS for a certain date does not necessarily exempt the PH-MCO from its responsibility to provide MA benefits for that date. Refer to Section E, Coverage During Inpatient Hospital Stays, for applicable rules.
10. Dual Eligibles who are enrolled in Medicare Part D and who turn 21 years of age will be identified by the Department on the first Friday of each month, and will be disenrolled from the PH-MCO effective the end of the month in which the Department identifies that the Member turned 21 years of age. In addition, newly identified Dual Eligibles age 21 and over will be disenrolled the end of the month following the month in which Medicare Part D is posted to their eligibility record. The PH-MCO remains responsible for these Members through the disenrollment date.

11. The Department reserves the right to intercede in requests for expedited enrollments when Medically Necessary. The Department’s determination for the expedited enrollment will be final. The Capitation rate will be retroactively adjusted for each PH-MCO based on the effective date of the expedited enrollment.

12. The PH-MCO must provide Out-Of-Area Covered Services for a Member as long as they remain a resident of the Commonwealth and the zone. The PH-MCO remains responsible for a Member who is:

- attending a college or university in a state other than Pennsylvania,
- attending a college or university in a zone other than their zone of residence, or
- traveling outside of the zone.

At the sole discretion of the Department, the Member may be disenrolled from the PH-MCO and enrolled in FFS. The Department will take into consideration such factors as distance from Pennsylvania, the intensity and duration of medically required services, and whether the PH-MCO has a business presence nearby.

E. Change in PH-MCO Coverage During Inpatient Hospital Stays - Payment responsibility when an MA Recipient has managed care coverage during part of a hospital stay is detailed in the Rules below. Note that one or more of these rules may apply during a particular hospital stay.

F. Other Causes for Coverage Termination and Involuntary Disenrollment. If a condition described in the following sections occurs, the PH-MCO must notify the Department. In accordance with the Department’s disenrollment guidelines, MMIS Operations will take action to disenroll the Member. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards. For example, today’s date is 9/18/2020 and central office staff end date managed care coverage 9/30/2019 – payments are recouped for 10/2019 through 9/2020).

If a Recipient is placed in a setting listed in these sections and is under FFS prior to the PH-MCO’s Start Date, PH-MCO coverage will be voided and adjustments will be processed for any Capitation payments made.
The PH-MCO must notify the Department within sixty (60) days following the satisfaction of the Department’s disenrollment guidelines in order for MMIS Operations to end-date the member’s enrollment. Failure on the part of the PH-MCO to notify MMIS Operations within the sixty (60) days will result in the end date being delayed, thereby extending the PH-MCO’s responsibility for covering the Recipient. The PH-MCO should not hold and then later submit the notifications.

Enrollment

In order to get services in HealthChoices, you need to stay eligible for Medical Assistance. You will get paperwork or a phone call about renewing your eligibility. It is important that you follow instructions so that your Medical Assistance does not end. If you have questions about any paperwork you get or if you are unsure whether your eligibility for Medical Assistance is up to date, call [MCO Name] Member Services at [MCO Member Services Phone Number and TTY] or your CAO.

[MCO to add enrollment information as necessary]

Enrollment Services

The Medical Assistance Program works with the Enrollment Assistance Program (EAP) to help you enroll in HealthChoices. You received information about the EAP with the information you received about selecting a HealthChoices plan. Enrollment specialists can give you information about all of the HealthChoices plans available in your area so that you can decide which one is best for you. If you do not pick a HealthChoices plan, a HealthChoices plan will be chosen for you. Enrollment specialists can also help you if you want to change your HealthChoices plan or if you move to another county.

Enrollment specialists can help you:

- Pick a HealthChoices plan
- Change your HealthChoices plan
- Pick a PCP when you first enroll in a HealthChoices plan
- Answer questions about all of the HealthChoices plans
- Determine whether you have special needs, which could help you decide which HealthChoices plan to pick
- Give you more information about your HealthChoices plan

To contact the EAP, call 1-800-440-3989 or 1-800-618-4225 (TTY).

Changing Your HealthChoices Plan
You may change your HealthChoices plan at any time, for any reason. To change your HealthChoices plan, call the EAP at 1-800-440-3989 or 1-800-618-4225 (TTY). They will tell you when the change to your new HealthChoices plan will start, and you will stay in [MCO Name] until then. It can take up to 6 weeks for a change to your HealthChoices plan to take effect. Use your [MCO Name] ID card at your appointments until your new plan starts.

Changes in the Household

Call your CAO and Member Services at [MCO Member Services Phone Number and TTY] if there are any changes to your household.

For example:

- Someone in your household is pregnant or has a baby
- Your address or phone number changes
- You or a family member who lives with you gets other health insurance
- You or a family member who lives with you gets very sick or becomes disabled
- A family member moves in or out of your household
- There is a death in the family

A new baby is automatically assigned to the mother’s current HealthChoices plan. You may change your baby’s plan by calling the EAP at 1-800-440-3989. Once the change is made you will receive a new HealthChoices member ID card for your baby.

Remember that it is important to call your CAO right away if you have any changes in your household because the change could affect your benefits.

What Happens if I Move?

If you move out of your county, you may need to choose a new HealthChoices plan. Contact your CAO if you move. If [MCO Name] also serves your new county, you can stay with [MCO Name]. If [MCO Name] does not serve your new county, the EAP can help you select a new plan.

If you move out of state, you will no longer be able to get services through HealthChoices. Your caseworker will end your benefits in Pennsylvania. You will need to apply for benefits in your new state.

Loss of Benefits
There are a few reasons why you may lose your benefits completely.

They include:

- Your Medical Assistance ends for any reason. If you are eligible for Medical Assistance again within 6 months, you will be re-enrolled in the same HealthChoices plan unless you pick a different HealthChoices plan.
- You go to a nursing home outside of Pennsylvania.
- You have committed Medical Assistance fraud and have finished all appeals.
- You go to prison or are placed in a youth development center.

There are also reasons why you may no longer be able to receive services through a physical health MCO and you will be placed in the fee-for-service program.

They include:

- You are placed in a juvenile detention center for more than 35 days in a row.
- You are 21 years of age or older and begin receiving Medicare Part D (Prescription Drug Coverage).
- You go to a state mental health hospital

You may also become eligible for Community HealthChoices. If you become eligible for Medicare coverage or become eligible for nursing facility or home and community based services, you will be eligible for Community HealthChoices. For more information on Community HealthChoices visit www.healthchoices.pa.gov.

You will receive a notice from DHS if you lose your benefits or if you are no longer able to receive services through a physical health MCO and will begin to receive services through the fee-for-service system or Community HealthChoices.

**Information About Providers**

The [MCO Name]’s provider directory has information about the providers in [MCO Name]’s network. The provider directory is located online here: [MCO Provider Directory Website link]. You may call Member Services at [MCO Member Services Phone Number and TTY] to ask that a copy of the provider directory be sent to you or
to request information about where a doctor went to medical school or their residency program. You may also call Member Services to get help finding a provider. The provider directory includes the following information about network providers:

- Name, address, website address, email address, telephone number
- Whether or not the provider is accepting new patients
- Days and hours of operation
- The provider’s credentials and board certifications
- The provider’s specialty and services offered by the provider
- Whether or not the provider speaks languages other than English and, if so, which languages
- Whether or not the provider locations are wheelchair accessible

*The information in the printed provider directory may change. You can call Member Services to check if the information in the provider directory is current. [MCO Name] updates the printed provider directory [Frequency]. The online directory is updated at least monthly.

**Picking Your Primary Care Provider (PCP)**

Your PCP is the doctor or doctors’ group who provides and works with your other health care providers to make sure you get the health care services you need. Your PCP refers you to specialists you need and keeps track of the care you get by all of your providers.

A PCP may be a family doctor, a general practice doctor, a pediatrician (for children and teens), or an internist (internal medicine doctor). You may also pick a certified registered nurse practitioner (CRNP) as a PCP. A CRNP works under the direction of a doctor and can do many of the same things a doctor can do such as prescribing medicine and diagnosing illnesses.

Some doctors have other medical professionals who may see you and provide care and treatment under the supervision of your PCP.

Some of these medical professionals may be:

- Physician Assistants
HealthChoices Model Member Handbook

- Medical Residents
- Certified Nurse-Midwives

If you have Medicare, you can stay with the PCP you have now even if your PCP is not in [MCO Name]'s network. If you do not have Medicare, your PCP must be in [MCO Name]'s network.

If you have special needs, you can ask for a specialist to be your PCP. The specialist needs to agree to be your PCP and must be in [MCO Name]'s network.

Enrollment specialists can help you pick your first PCP with [MCO Name]. If you do not pick a PCP through the EAP within 14 days of when you picked [MCO Name], we will pick your PCP for you.

[MCO to provide any additional PCP information needed]

Changing Your PCP

If you want to change your PCP for any reason, call Member Services at [MCO Member Services Phone Number and TTY] to ask for a new PCP. If you need help finding a new PCP, you can go to [MCO website address], which includes a provider directory, or ask Member Services to send you a printed provider directory.

[MCO Name] will send you a new ID card with the new PCP’s name and phone number on it. The Member Services representative will tell you when you can start seeing your new PCP.

When you change your PCP, [MCO Name] can help coordinate sending your medical records from your old PCP to your new PCP. In emergencies, [MCO Name] will help to transfer your medical records as soon as possible.

If you have a pediatrician or pediatric specialist as a PCP, you may ask for help to change to a PCP who provides services for adults.

Office Visits

Making an Appointment with Your PCP

To make an appointment with your PCP, call your PCP’s office. If you need help making an appointment, please call [MCO Name]'s Member Services at [MCO Member Services Phone Number and TTY].
If you need help getting to your doctor’s appointment, please see the Medical Assistance Transportation Program (MATP) section on page [MCO insert page number of MATP information], of this Handbook or call [MCO Name]’s Member Services at the phone number above.

If you do not have your [MCO Name] ID card by the time of your appointment, take your ACCESS or EBT card with you. You should also tell your PCP that you selected [MCO Name] as your HealthChoices plan.

**Appointment Standards**

[MCO Name]’s providers must meet the following appointment standards:

- Your PCP should see you within 10 business days of when you call for a routine appointment.
- You should not have to wait in the waiting room longer than 30 minutes, unless the doctor has an emergency.
- If you have an urgent medical condition, your provider should see you within 24 hours of when you call for an appointment.
- If you have an emergency, the provider must see you immediately or refer you to an emergency room.
- If you are pregnant and
  - In your first trimester, your provider must see you within 10 business days of [MCO Name] learning you are pregnant.
  - In your second trimester, your provider must see you within 5 business days of [MCO Name] learning you are pregnant.
  - In your third trimester, your provider must see you within 4 business days of [MCO Name] learning you are pregnant.
  - Have a high-risk pregnancy, your provider must see you within 24 hours of [MCO Name] learning you are pregnant.

**Referrals**

A referral is when your PCP sends you to a specialist. A specialist is a doctor (or a doctor’s group) or a CRNP who focuses his or her practice on treating one disease or medical condition or a specific part of the body. If you go to a specialist without a referral from your PCP, you may have to pay the bill.

If [MCO Name] does not have at least 2 specialists in your area and you do not want to see the one specialist in your area, [MCO Name] will work with you to see an out-of-
network specialist at no cost to you. Your PCP must contact [MCO Name] to let [MCO Name] know you want to see an out-of-network specialist and get approval from [MCO Name] before you see the specialist.

Your PCP will help you make the appointment with the specialist. The PCP and the specialist will work with you and with each other to make sure you get the health care you need.

Sometimes you may have a special medical condition where you need to see the specialist often. When your PCP refers you for several visits to a specialist, this is called a standing referral.

For a list of specialists in [MCO Name]’s network, please see the provider directory on our website at [MCO Provider Directory Website link] or call Member Services to ask for help or a printed provider directory.

Self-Referrals

Self-referrals are services you arrange for yourself and do not require that your PCP arrange for you to receive the service. You must use a [MCO Name] network provider unless [MCO Name] approves an out-of-network provider.

The following services do not require referral from your PCP:

- Prenatal visits
- Routine obstetric (OB) care
- Routine gynecological (GYN) care
- Routine family planning services (may see out-of-network provider without approval)
- Routine dental services
- Routine eye exams
- Emergency services

You do not need a referral from your PCP for behavioral health services. You can call your behavioral health managed care organization for more information. Please see section 7 of the handbook, on page [MCO to add page number] for more information.

After-Hours Care

You can call your PCP for non-emergency medical problems 24 hours a day, 7 days a week. On-call health care professionals will help you with any care and treatment you need.

[MCO Name] has a toll-free nurse hotline at [MCO Nurse Hotline Phone Number] that you can also call 24 hours a day, 7 days a week. A nurse will talk with you about your urgent health matters.

This includes sharing your PHI with providers who are treating you or so that [MCO Name] can pay your providers. It also includes sharing your PHI with DHS. This information is included in [MCO Name]’s Notice of Privacy Practices. To get a copy of [MCO Name]’s Notice of Privacy Practices, please call [MCO Privacy Contact] or visit [MCO Website].

Co-payments

A co-payment is the amount you pay for some covered services. It is usually only a small amount. You will be asked to pay your co-payment when you get the service, but you cannot be denied a service if you are not able to pay a co-payment at that time. If you did not pay your co-payment at the time of the service, you may receive a bill from your provider for the co-payment.

Co-payment amounts can be found in the Covered Services chart starting on page [MCO to insert page number] of this Handbook.

The following members do not have to pay co-payments:

- Members under age 18
- Pregnant women (including 60 days after the child is born (the post-partum period))

Health Choices Model Member Handbook

• [MCO to identify any additional services exempt from co-payment]

What if I Am Charged a Co-payment and I Disagree?

If you believe that a provider charged you the wrong amount for a co-payment or a co-payment you believe you should not have had to pay, you can file a Complaint with [MCO Name]. Please see Section 8, Complaints, Grievances, and Fair Hearings for information on how to file a Complaint, or call Member Services at [MCO Member Services Phone Number and TTY].

Billing Information

Providers in [MCO Name]'s network may not bill you for medically necessary services that [MCO Name] covers. Even if your provider has not received payment or the full amount of his or her charge from [MCO Name], the provider may not bill you. This is called balance billing.

When Can a Provider Bill Me?

Providers may bill you if:

• You did not pay your co-payment.
• You received services from an out-of-network provider without approval from [MCO Name] and the provider told you before you received the service that the service would not be covered, and you agreed to pay for the service.
• You received services that are not covered by [MCO Name] and the provider told you before you received the service that the service would not be covered, and you agreed to pay for the service.
• You received a service from a provider that is not enrolled in the Medical Assistance Program.

What Do I Do if I Get a Bill?

If you get a bill from a [MCO Name] network provider and you think the provider should not have billed you, you can call Member Services at [MCO Member Services Phone Number and TTY].

[MCO may add additional steps it would like members to take (call provider, return bill with MCO ID number)]
If you get a bill from a provider for one of the above reasons that a provider is allowed to bill you, you should pay the bill or call the provider.

**Third-Party Liability**

You may have Medicare or other health insurance. Medicare or your other health insurance is your primary insurance. This other insurance is known as “third party liability” or TPL. Having other insurance does not affect your Medical Assistance eligibility. In most cases, your Medicare or other insurance will pay your PCP or other provider before [MCO Name] pays. [MCO Name] can only be billed for the amount that your Medicare or other health insurance does not pay.

You must tell both your CAO and Member Services at [Member Services Phone Number and TTY] if you have Medicare or other health insurance. When you go to a provider or to a pharmacy you must tell the provider or pharmacy about all forms of medical insurance you have and show the provider or pharmacy your Medicare card or other insurance card, ACCESS or EBT card, and your [MCO Name] ID card. This helps make sure your health care bills are paid timely and correctly.

**Coordination of Benefits**

If you have Medicare and the service or other care you need is covered by Medicare, you can get care from any Medicare provider you pick. The provider does not have to be in [MCO Name]’s network. You also do not have to get prior authorization from [MCO Name] or referrals from your Medicare PCP to see a specialist. [MCO Name] will work with Medicare to decide if it needs to pay the provider after Medicare pays first, if the provider is enrolled in the Medical Assistance Program.

If you need a service that is not covered by Medicare but is covered by [MCO Name], you must get the service from a [MCO Name] network provider. All [MCO Name] rules, such as prior authorization and specialist referrals, apply to these services.

If you do not have Medicare but you have other health insurance and you need a service or other care that is covered by your other insurance, you must get the service from a provider that is in both the network of your other insurance and [MCO Name]’s network. You need to follow the rules of your other insurance and [MCO Name], such as prior authorization and specialist referrals. [MCO Name] will work with your other insurance to decide if it needs to pay for the services after your other insurance pays the provider first.

If you need a service that is not covered by your other insurance, you must get the services from a [MCO Name] network provider. All [MCO Name] rules, such as prior authorization and specialist referrals, apply to these services.
Recipient Restriction/Lock-in Program

The Recipient Restriction/Member Lock-In Program requires a member to use specific providers if the member has abused or overused his or her health care or prescription drug benefits. [MCO Name] works with DHS to decide whether to limit a member to a doctor, pharmacy, hospital, dentist, or other provider.

How Does it Work?

[MCO Name] reviews the health care and prescription drug services you have used. If [MCO Name] finds overuse or abuse of health care or prescription services, [MCO Name] asks DHS to approve putting a limit on the providers you can use. If approved by DHS, [MCO Name] will send you a written notice that explains the limit.

You can pick the providers, or [MCO Name] will pick them for you. If you want a different provider than the one [MCO Name] picked for you, call Member Services at [Member Services Phone Number and TTY]. The limit will last for 5 years even if you change HealthChoices plans.

If you disagree with the decision to limit your providers, you may appeal the decision by asking for a DHS Fair Hearing, within 30 days of the date of the letter telling you that [MCO Name] has limited your providers.

You must sign the written request for a Fair Hearing and send it to:

Department of Human Services
Office of Administration
Bureau of Program Integrity - DPPC
Recipient Restriction Section
P.O. Box 2675
Harrisburg, Pennsylvania 17105-2675

If you need help asking for a Fair Hearing, please call Member Services at [MCO Member Services Phone Number and TTY] or contact your local legal aid office.

If your appeal is postmarked within 10 days of the date on [MCO Name]’s notice, the limits will not apply until your appeal is decided. If your appeal is postmarked more than 10 days but within 30 days from the date on the notice, the limits will be in effect until your appeal is decided. The Bureau of Hearings and Appeals will let you know, in writing, of the date, time, and place of your hearing. You may not file a Grievance or Complaint through [MCO Name] about the decision to limit your providers.
HealthChoices Model Member Handbook

After 5 years, [MCO Name] will review your services again to decide if the limits should be removed or continued and will send the results of its review to DHS. [MCO Name] will tell you the results of the review in writing.

Reporting Fraud or Abuse

How Do I Report Member Fraud or Abuse?

If you think that someone is using your or another member’s [MCO Name] card to get services, equipment, or medicines, is forging or changing their prescriptions, or is getting services they do not need, you can call the [MCO Name] Fraud and Abuse Hotline at [Insert Phone Number and TTY] to give [MCO Name] this information. You may also report this information to the DHS Fraud and Abuse Reporting Hotline at 1-844-DHS-TIPS (1-844-347-8477).

How Do I Report Provider Fraud or Abuse?

Provider fraud is when a provider bills for services, equipment, or medicines you did not get or bills for a different service than the service you received. Billing for the same service more than once or changing the date of the service are also examples of provider fraud. To report provider fraud you can call the [MCO Name]’s Fraud and Abuse Hotline at [Insert Phone Number]. You may also report this information to the DHS Fraud and Abuse Reporting Hotline at 1-844-DHS-TIPS (1-844-347-8477).

Covered Services

The chart below lists the services that are covered by [MCO Name] when the services are medically necessary. Some of the services have limits or co-payments, or need a referral from your PCP or require prior authorization by [MCO Name]. If you need services beyond the limits listed below, your provider can ask for an exception, as explained later in this section. Limits do not apply if you are under age 21 or pregnant.

### Services That Are Not Covered

There are physical health services that [MCO Name] does not cover. If you have any questions about whether or not [MCO Name] covers a service for you, please call Member Services at [MCO Member Services Phone Number and TTY].
MCOs may not cover experimental medical procedures, medicines, and equipment.

Second Opinions

You have the right to ask for a second opinion if you are not sure about any medical treatment, service, or non-emergency surgery that is suggested for you. A second opinion may give you more information that can help you make important decisions about your treatment. A second opinion is available to you at no cost other than a co-pay.

Call your PCP to ask for the name of another [MCO Name] network provider to get a second opinion. If there are not any other providers in [MCO Name]'s network, you may ask [MCO Name] for approval to get a second opinion from an out-of-network provider.

What is Prior Authorization?

Some services or items need approval from [MCO Name] before you can get the service. This is called Prior Authorization. For services that need prior authorization, [MCO Name] decides whether a requested service is medically necessary before you get the service. You or your provider must make a request to [MCO Name] for approval before you get the service.

What Does Medically Necessary Mean?

Medically necessary means that a service, item, or medicine does one of the following:

- It will, or is reasonably expected to, prevent an illness, condition, or disability;
- It will, or is reasonably expected to, reduce or improve the physical, mental, or developmental effects of an illness, condition, injury or disability;
- It will help you to get or keep the ability to perform daily tasks, taking into consideration both your abilities and the abilities or someone of the same age.

If you need any help understanding when a service, item, or medicine is medically necessary or would like more information, please call Member Services at [MCO Member Services Phone Number and TTY].

[MCO to add additional prior authorization information as necessary]
How to Ask for Prior Authorization

[Insert detailed steps that MCO requires for prior authorization here, including all contact information.]

If you need help to better understand the prior authorization process, talk to your PCP or specialist or call Member Services at [MCO Member Services Phone Number and TTY].

If you or your provider would like a copy of the medical necessity guidelines or other rules that were used to decide your prior authorization request, [Insert MCO information here on how to obtain the information.]

What Services, Items, or Medicines Need Prior Authorization?

The following chart identifies some, but not all services, items, and medicines that require prior authorization.

[Insert chart of covered services, items, and medicines that require prior authorization]

[TO BE ADDED IF MCO DOES NOT HAVE SEPARATE PA AND PE PROCESSES:]

For those services that have limits, if you or your provider believes that you need more services than the limit on the service allows, you or your provider can ask for more services through the prior authorization process.

If you are or your provider is unsure about whether a service, item, or medicine requires prior authorization, call Member Services at [MCO Member Services Phone Number and TTY].

Prior Authorization of a Service or Item

[MCO Name] will review the prior authorization request and the information you or your provider submitted. [MCO Name] will tell you of its decision within 2 business days of the date [MCO Name] received the request if [MCO Name] has enough information to decide if the service or item is medically necessary.

If [MCO Name] does not have enough information to decide the request, we must tell your provider within 48 hours of receiving the request that we need more information to decide the request and allow 14 days for the provider to give us more information.
[MCO Name] will tell you of our decision within 2 business days after [MCO Name] receives the additional information.

You and your provider will get a written notice telling you if the request is approved or denied and, if it was denied, the reason it was denied.

Prior Authorization of Outpatient Drugs

[MCO Name] will review a prior authorization request for outpatient drugs, which are drugs that you do not get in the hospital, within 24 hours from when [MCO Name] gets the request. You and your provider will get a written notice telling you if the request is approved or denied and, if it was denied, the reason it was denied.

If you go to a pharmacy to fill a prescription and the prescription cannot be filled because it needs prior authorization, the pharmacist will give you a temporary supply unless the pharmacist thinks the medicine will harm you. If you have not already been taking the medicine, you will get a 72-hour supply. If you have already been taking the medicine, you will get a 15-day supply. Your provider will still need to ask [MCO Name] for prior authorization as soon as possible.

The pharmacist will not give you the 15-day supply for a medicine that you have been taking if you get a denial notice from [MCO Name] 10 days before your prescription ends telling you that the medicine will not be approved again and you have not filed a Grievance.

What if I Receive a Denial Notice?

If [MCO Name] denies a request for a service, item, or drug or does not approve it as requested, you can file a Grievance or a Complaint. If you file a Complaint or a Grievance for denial of an ongoing medication, [MCO Name] must authorize the medication until the Complaint or Grievance is resolved. See Section 8, Complaints, Grievances, and Fair Hearings, starting on page [MCO to add page number] of this Handbook for detailed information on Complaints and Grievances.

Program Exception Process

For those services that have limits, if you or your provider believes that you need more services than the limits on the service allows, you or your provider can ask for a program exception (PE). The PE process is different from the Dental Benefit Limit Exception process described on page [MCO to insert page number].

To ask for a PE, [MCO to add information on how to request a PE]
Service Descriptions

Emergency Services

Emergency services are services needed to treat or evaluate an emergency medical condition. An emergency medical condition is an injury or illness that is so severe that a reasonable person with no medical training would believe that there is an immediate risk to a person's life or long-term health. If you have an emergency medical condition, go to the nearest emergency room, dial 911, or call your local ambulance provider. You do not have to get approval from [MCO Name] to get emergency services and you may use any hospital or other setting for emergency care.

Below are some examples of emergency medical conditions and non-emergency medical conditions:

Emergency medical conditions
- Heart attack
- Chest pain
- Severe bleeding
- Intense pain
- Unconsciousness
- Poisoning

Non-emergency medical conditions
- Sore throat
- Vomiting
- Cold or flu
- Backache
- Earache
- Bruises, swelling, or small cuts
HealthChoices Model Member Handbook

If you are unsure if your condition requires emergency services, call your PCP or the [MCO Name] Nurse Hotline at [MCO Nurse Hotline Phone Number] 24 hours a day, 7 days a week.

[MCO to add any additional information about emergency services as necessary]

Emergency Medical Transportation

[MCO Name] covers emergency medical transportation by an ambulance for emergency medical conditions. If you need an ambulance, call 911 or your local ambulance provider. Do not call MATP (described on page [MCO to insert page number] of this Handbook) for emergency medical transportation.

Urgent Care

[MCO Name] covers urgent care for an illness, injury, or condition which if not treated within 24 hours, could rapidly become a crisis or an emergency medical condition. This is when you need attention from a doctor, but not in the emergency room.

If you need urgent care, but you are not sure if it is an emergency, call your PCP or the [MCO Name] Nurse Hotline at [MCO Nurse Hotline phone number] first. Your PCP or the hotline nurse will help you decide if you need to go to the emergency room, the PCP’s office, or an urgent care center near you. In most cases if you need urgent care, your PCP will give you an appointment within 24 hours. If you are not able to reach your PCP or your PCP cannot see you within 24 hours and your medical condition is not an emergency, you may also visit an urgent care center or walk-in clinic within [MCO Name]’s network. Prior authorization is not required for services at an Urgent Care center.

Some examples of medical conditions that may need urgent care include:

- Vomiting
- Coughs and fever
- Sprains
- Rashes
- Earaches
- Diarrhea
- Sore throats
- Stomach aches
If you have any questions, please call Member Services at [MCO Member Services Phone Number and TTY].

[MCO to add any additional information about urgent care services as necessary]

#### Members Under 21 Years of Age

[MCO Name] provides all medically necessary dental services for children under 21 years of age. Children may go to a participating dentist within the [DBM / MCO Name] network.

Dental visits for children do not require a referral. If your child is 1 year old or older and does not have a dentist, you can ask your child’s PCP to refer your child to a dentist for regular dental checkups. For more information on dental services, contact [MCO Name] Member Services at [MCO Member Services Phone Number and TTY].

[MCO to include further details and specifics including covered service, co-payments, and prior authorization requirement]

[MCO to include further details and specifics including process for choosing and changing a dentist, covered services, co-payments, and prior authorization and BLE requirements]

### Dental Benefit Limit Exception

Some dental services are only covered with a Benefit Limit Exception (BLE). You or your dentist can also ask for a BLE if you or your dentist believes that you need more dental services than the limits allow.

[MCO Name] will approve a BLE if:

- You have a serious or chronic illness or health condition and without the additional service your life would be in danger; OR
You have a serious or chronic illness or health condition and without the additional service your health would get much worse; OR

You would need more expensive treatment if you do not get the requested service; OR

It would be against federal law for [MCO Name] to deny the exception.

To ask for a BLE before you receive the service, you or your dentist can call [MCO/DBM Name] Member Services at [MCO/DBM Member Services Phone Number and TTY] or send the request to:

[MCO/DBM Contact Address].

BLE requests must include the following information:

- Your name
- Your address
- Your phone number
- The service you need
- The reason you need the service
- Your provider’s name
- Your provider’s phone number

**Time Frames for Deciding a Benefit Limit Exception**

If you or your provider asks for an exception before you get the service, [MCO Name] will let you know whether or not the BLE is approved within the same time frame as the time frame for prior authorization requests, described on page [MCO to insert page number]. [or MCO can repeat the time frame].

If your dentist asks for an exception after you got the service, [MCO Name] will let you know whether or not the BLE request is approved within 30 days of the date [MCO Name] gets the request.

If you disagree with or are unhappy with [MCO Name]’s decision, you may file a Complaint or Grievance with [MCO Name]. For more information on the Complaint and
Grievance process, please see Section 8 of this Handbook, Complaints, Grievances, and Fair Hearings on page [MCO to insert page number].

Statewide Preferred Drug List (PDL) and [MCO Name] Supplemental Formulary

[MCO Name] covers medicines listed on the Statewide Preferred Drug List (PDL) and the [MCO Name] supplemental formulary. This is what your PCP or other doctor should use when deciding what medicines you should take. Both the Statewide PDL and [MCO Name] supplemental formulary cover both brand name and generic drugs. Generic drugs contain the same active ingredients as brand name drugs. Any medicine prescribed by your doctor that is not on the Statewide PDL and [MCO Name]’s supplemental formulary needs prior authorization. The Statewide PDL and [MCO Name]’s supplemental formulary can change from time to time, so you should make sure that your provider has the latest information when prescribing a medicine for you.

You will need to get these medicines from a specialty pharmacy. A specialty pharmacy can mail your medicines directly to you and will not charge you for sending you your medicines. The specialty pharmacy will contact you before sending your medicine. The pharmacy can also answer any questions you have about the process. You can pick any specialty pharmacy that is in [MCO Name]’s network. For the list of network
specialty pharmacies, please call Member Services at [MCO Member Services Phone Number and TTY] or see the provider directory on [MCO Name]'s website at [MCO to insert link to provider directory on website]. For any other questions or more information please call Member Services at [MCO Member Services Phone Number and TTY].

Maternity Care

Care During Pregnancy

Prenatal care is the health care a woman receives through her pregnancy and delivery from a maternity care provider, such as an obstetrician (OB or OB/GYN) or a nurse-midwife. Early and regular prenatal care is very important for you and your baby’s health. Even if you have been pregnant before, it is important to go to a maternity care provider regularly through each pregnancy.

If you think you are pregnant and need a pregnancy test, see your PCP or a family planning provider. If you are pregnant, you can:

- Call or visit your PCP, who can help you find a maternity care provider in the [MCO Name]’s network.
- Visit a network OB or OB/GYN or nurse-midwife on your own. You do not need a referral for maternity care.
- Visit a network health center that offers OB or OB/GYN services.
- Call Member Services at [MCO Member Services Phone Number and TTY] to find a maternity care provider.

You should see a doctor as soon as you find out you are pregnant. Your maternity care provider must schedule an appointment to see you

- If you are in your first trimester, within 10 business days of [MCO Name] learning you are pregnant.
- If you are in your second trimester, within 5 business days of [MCO Name] learning you are pregnant.
- If you are in your third trimester, within 4 business days of [MCO Name] learning you are pregnant.
• If you have a high-risk pregnancy, within 24 hours of [MCO Name] learning you are pregnant.

If you have an emergency, go to the nearest emergency room, dial 911, or call your local ambulance provider.

It is important that you stay with the same maternity care provider throughout your pregnancy and postpartum care (60 days after your baby is born). They will follow your health and the health of your growing baby closely. It is also a good idea to stay with the same HealthChoices plan during your entire pregnancy.

[MCO Name] has specially trained maternal health coordinators who know what services and resources are available for you.

If you are pregnant and are already seeing a maternity care provider when you enroll in [MCO Name], you can continue to see that provider even if he or she is not in [MCO Name]'s network. The provider will need to be enrolled in the Medical Assistance Program and must call [MCO Name] for approval to treat you.

[MCO to add any additional information on maternity care as necessary]

Care for You and Your Baby After Your Baby is Born

It is best to pick a doctor for your baby while you are still pregnant. If you need help picking a doctor for your baby, please call Member Services at [MCO Member Services Phone Number and TTY].

**Expedited Complaints and Grievances**

**What Can I Do if My Health Is at Immediate Risk?**

If your doctor or dentist believes that waiting [30, unless the MCO will be using a shorter time frame to provide notice of 1st Level Complaint or Grievance decisions or 45, unless the MCO will be using a shorter time frame to provide notice of 2nd Level Complaint decisions] days to get a decision about your Complaint or Grievance, could harm your health, you or your doctor or dentist may ask that your Complaint or Grievance be decided more quickly. For your Complaint or Grievance to be decided more quickly:

• You must ask [MCO Name] for an early decision by calling [MCO Name] at [Member Services Phone Number and TTY], faxing a letter or the Complaint/Grievance Request Form to [MCO fax number], or sending an email to [PH-MCO e-mail].
• Your doctor or dentist should fax a signed letter to [MCO fax number] within 72 hours of your request for an early decision that explains why [MCO Name] taking [30, unless the MCO will be using a shorter time frame for 1st Level Complaint or Grievance decisions or 45, unless the MCOS will be issuing a shorter time frame for 2nd level Complaint decisions] days to tell you the decision about your Complaint or Grievance could harm your health.

If [MCO Name] does not receive a letter from your doctor or dentist and the information provided does not show that taking the usual amount of time to decide your Complaint or Grievance could harm your health, [MCO Name] will decide your Complaint or Grievance in the usual time frame of [45, unless the MCO will be using a shorter time frame to provide notice of 1st Level Complaint or Grievance decisions] days from when [MCO Name] first got your Complaint or Grievance.

You may attend the expedited Complaint review if you want to attend it. You can attend the Complaint review in person, but may have to appear by phone or by videoconference [MCO to include videoconferencing only if available] because [MCO Name] has a short amount of time to decide an expedited Complaint. If you decide that you do not want to attend the Complaint review, it will not affect the decision.

[MCO Name] will tell you the decision about your Complaint within 48 hours of when [MCO Name] gets your doctor’s or dentist’s letter explaining why the usual time frame for deciding your Complaint will harm your health or within 72 hours from when [MCO Name] gets your request for an early decision, whichever is sooner, unless you ask [MCO Name] to take more time to decide your Complaint. You can ask [MCO Name] to take up to 14 more days to decide your Complaint. You will also get a notice telling you the reason(s) for the decision and how to ask for expedited external Complaint review, if you do not like the decision.

If you did not like the expedited Complaint decision, you may ask for an expedited external Complaint review from the Department of Health within 2 business days from the date you get the expedited Complaint decision notice. To ask for expedited external review of a Complaint:

• Call [MCO Name] at [Member Services Phone Number and TTY] and tell [MCO Name] your Complaint, or
Send an email to [MCO Name] at [MCO email address], or

Write down your Complaint and send it to [MCO Name] by mail or fax: [MCO Address and fax number for requesting expedited external review of a Complaint].

You may attend the expedited Grievance review if you want to attend it. You can attend the Grievance review in person, but may have to appear by phone or by videoconference [MCO to include videoconferencing only if available] because [MCO Name] has a short amount of time to decide the expedited Grievance. If you decide that you do not want to attend the Grievance review, it will not affect our decision.

[MCO Name] will tell you the decision about your Grievance within 48 hours of when [MCO Name] gets your doctor’s or dentist’s letter explaining why the usual time frame for deciding your Grievance will harm your health or within 72 hours from when [MCO Name] gets your request for an early decision, whichever is sooner, unless you ask [MCO Name] to take more time to decide your Grievance. You can ask [MCO Name] to take up to 14 more days to decide your Grievance. You will also get a notice telling you the reason(s) for the decision and what to do if you do not like the decision.

Expedited Fair Hearing

What Can I Do if My Health Is at Immediate Risk?

The PH-MCO must follow the protocols established by DOH in meeting all time frames and requirements necessary in coordinating the request and notification of the decision to the Member, Member’s representative, if the Member has designated one in writing, service Provider, and prescribing Provider.

b. A Member who files a request for an external Grievance review that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the external Grievance review, if the request for external Grievance review is made verbally, hand delivered, or post-marked within ten (10) calendar days from the mail date on the written notice of the PH-MCO’s Grievance decision.

c. Within five (5) business days of receipt of the request for an external Grievance review, the PH-MCO must notify the Member, the Member’s representative, if the Member has designated one in writing, the Provider if the Provider filed the request for the external Grievance review, and DOH that the request for external Grievance review has been filed.

d. The external Grievance review must be conducted by a CRE not affiliated with the PH-MCO.

e. Within two (2) business days from receipt of the request for an external Grievance review, DOH will randomly assign a CRE to conduct the review and notify the PH-MCO and assigned CRE of the assignment.

f. If DOH fails to select a CRE within two (2) business days from receipt of a request for an external Grievance review, the PH-MCO may designate a CRE to conduct a review from the list of CREs approved by DOH. The PH-MCO may not select a CRE that has a current contract or is negotiating a contract with the PH-MCO or its Affiliates or is otherwise affiliated with the PH-MCO or its Affiliates.

g. The PH-MCO must forward all documentation regarding the Grievance decision, including all supporting information, a summary of applicable issues, and the basis and clinical rationale for the Grievance decision, to the CRE conducting the external Grievance review. The PH-MCO must transmit this information within fifteen (15) calendar days from receipt of the Member’s request for an external Grievance review.
h. Within fifteen (15) calendar days from receipt of the request for an external Grievance review by the PH-MCO, the Member or the Member’s representative, or the Member’s Provider, may supply additional information to the CRE conducting the external Grievance review for consideration. Copies must also be provided at the same time to the PH-MCO so that the PH-MCO has an opportunity to consider the additional information.

i. Within sixty (60) calendar days from the filing of the request for the external Grievance review, the CRE conducting the external Grievance review must issue a written decision to the PH-MCO, the Member, the Member’s representative, and the Provider (if the Provider filed the Grievance with the Member’s consent) that includes the basis and clinical rationale for the decision. The standard of review must be whether the service or item is Medically Necessary and appropriate under the terms of this Agreement.

j. The external Grievance decision may be appealed by the Member, the Member’s representative, or the Provider to a court of competent jurisdiction (Commonwealth Court) within sixty (60) calendar days from the date the Member receives notice of the external Grievance decision.

3. Expedited Grievance Process

a. The PH-MCO must conduct expedited review of a Grievance if the PH-MCO determines that the Member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function would be placed in jeopardy by following the regular Grievance process or if a Member or Member representative, with proof of the Member’s written authorization for a representative to be involved and/or act on the Member’s behalf, provides the PH-MCO with a certification from the Member’s Provider that the Member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function would be placed in jeopardy by following the regular Grievance process. The certification is only required if the Managed Care Organization cannot make a determination based on the information provided and must include the Provider’s signature.

b. A request for expedited review of a Grievance may be filed in writing, by fax, by email, or verbally.

c. The expedited review process is bound by the same rules and procedures as the Grievance review process with the exception of time frames, which are modified as specified in this section.

d. Upon receipt of an oral or written request for expedited review, the PH-MCO must inform the Member of the right to present evidence and testimony and make legal and factual arguments in person as well as in writing and of the limited time available to do so.
e. If the Provider certification is not included within the request for an expedited review and the PH-MCO cannot determine based on the information provided that the Member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function would be placed in jeopardy by following the regular Grievance process, the PH-MCO must inform the Member that the Provider must submit a certification as to the reasons why the expedited review is needed. The PH-MCO must make a reasonable effort to obtain the certification from the Provider. If the Provider certification is not received within seventy-two (72) hours of the Member’s request for expedited review, the PH-MCO must decide the Grievance within the standard time frames as set forth in this Exhibit, unless the time frame for deciding the Grievance has been extended by up to fourteen (14) calendar days at the request of the Member. If the PH-MCO decides that expedited consideration with the initial or extended time frame is not warranted, the PH-MCO must make a reasonable effort to give the Member prompt oral notice that the Grievance is to be decided within the standard time frame and send a written notice within two (2) business days of the decision to deny expedited review, using the template specified by the Department.

f. A Member who files a request for expedited review of a Grievance that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the Grievance, if the request for expedited review of a Grievance is made verbally, hand delivered, or post-marked within ten (10) calendar days from the mail date on the written notice of decision.

g. Expedited review of a Grievance must be conducted by a Grievance review committee made up of three (3) or more individuals who were not involved in and are not the subordinates of an individual involved in any previous level of review or decision-making on the issue that is the subject of the Grievance.

h. At least one-third of the expedited Grievance review committee may not be employees of the PH-MCO or a related subsidiary or Affiliate.

i. The expedited Grievance review committee must include a licensed physician or dentist in the same or similar specialty that typically manages or consults on the service or item in question. Other appropriate Providers may participate in the review, but the licensed physician must decide the Grievance.

j. The testimony taken by the expedited Grievance review committee (including the Member’s comments) must be tape-recorded, transcribed verbatim and maintained as part of the expedited Grievance record.

k. The PH-MCO must issue the decision resulting from the expedited review in person or by phone to the Member, the Member’s representative, if the Member has designated one in writing, service Provider, and prescribing
Provider, if applicable, within either forty-eight (48) hours of receiving the Provider certification or seventy-two (72) hours of receiving the Member’s request for an expedited review, whichever is shorter, unless the time frame for deciding the expedited Grievance has been extended by up to fourteen (14) calendar days at the request of the Member. In addition, the PH-MCO must mail written notice of the decision to the Member, the Member’s representative, if the Member has designated one in writing, service Provider, and prescribing Provider, if applicable, within two (2) business days of the decision, using the template specified by the Department.

i. The Member or the Member’s representative may file a request for a Fair Hearing within one hundred and twenty (120) calendar days from the mail date on the written notice of the PH-MCO’s expedited Grievance decision.

m. The Member, or Member’s representative, which may include the Member’s Provider, with proof of the Member’s written authorization for the representative to be involved and/or act on the Member’s behalf, may file a request for an expedited external Grievance review with the PH-MCO within two (2) business days from the date the Member receives the PH-MCO’s expedited Grievance decision. A Member who files a request for an expedited external Grievance review that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the request for expedited Grievance review.

n. A request for an expedited external Grievance review may be filed in writing, by fax, orally, or by email.

o. The PH-MCO must follow DOH guidelines relating to submission of requests for expedited external Grievance reviews.

p. The PH-MCO may not take punitive action against a Provider who requests expedited resolution of a Grievance or supports a Member’s request for expedited review of a Grievance.

D. Department’s Fair Hearing Requirements

Fair Hearing: A hearing conducted by the Department’s Bureau of Hearings and Appeals (BHA) or a Department designee.

1. Fair Hearing Process

a. A Member or Member’s representative, with proof of the Member’s written authorization for the representative to be involved and/or act on the Member’s behalf, must file a Complaint or Grievance with the PH-MCO and receive a decision on the Complaint or Grievance before filing a request for a Fair Hearing. If the PH-MCO fails to provide written notice of a Complaint or Grievance decision within the time frames specified in this Exhibit, the
Member is deemed to have exhausted the Complaint or Grievance process and may request a Fair Hearing.

b. The Member or the Member’s representative may request a Fair Hearing in writing, signed by the member or Member’s representative, with proof of the Member’s written authorization for the representative to be involved and/or act on the Member’s behalf, within one hundred and twenty (120) calendar days from the mail date on the written notice of the PH-MCO’s first level Complaint decision or Grievance decision for any of the following:

i. the denial, in whole or part, of payment for a requested service or item based on lack of Medical Necessity;

ii. the denial of a requested service or item because the service or item is not a covered service;

iii. the reduction, suspension, or termination of a previously authorized service or item;

iv. the denial of a requested service or item but approval of an alternative service or item;

v. the failure of the PH-MCO to provide a service or item in a timely manner, as defined by the Department;

vi. the failure of a PH-MCO to decide a Complaint or Grievance within the specified time frame;

vii. the denial of payment after a service or item has been delivered because the service or item was provided by a Provider not enrolled in the MA Program;

viii. the denial of payment after a service or item has been delivered because the service or item is not a covered service for the Member;

ix. the denial of a Member’s request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, and other Member financial liabilities.

c. The request for a Fair Hearing must include a copy of the written notice of decision that is the subject of the request unless the PH-MCO failed to provide written notice of the Complaint or Grievance decision within the time frames specified in this Exhibit.

d. A Fair Hearing may be requested as follows:

i. Fax: 1-717-772-6328

ii. Mail: Department of Human Services
e. A Member who files a request for a Fair Hearing that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the Fair Hearing, if the request for a Fair Hearing is hand delivered, faxed, or post-marked within ten (10) calendar days from the mail date on the written notice of decision.

f. Upon receipt of the request for a Fair Hearing, BHA or the Department’s designee will schedule a hearing. The Member and the PH-MCO will receive notification of the hearing date by letter at least ten (10) calendar days before the hearing date, or a shorter time if requested by the Member. The letter will outline the type of hearing, the location of the hearing (if applicable), and the date and time of the hearing.

g. The PH-MCO is a party to the hearing and must be present. The PH-MCO, which may be represented by an attorney, must be prepared to explain and defend the issue on appeal. BHA’s decision is based solely on the evidence presented at the hearing. The absence of the PH-MCO from the hearing will not be reason to postpone the hearing.

h. The PH-MCO must provide Members, at no cost, with records, reports, and documents relevant to the subject of the Fair Hearing.

i. BHA will issue an adjudication within ninety (90) calendar days of the date the Member filed the first level Complaint or the Grievance with the PH-MCO, not including the number of days before the Member requested the Fair Hearing. If BHA fails to issue an adjudication within ninety (90) calendar days of receipt of the initial request of the first level complaint or grievance, less the time it took the member to request a Fair Hearing, the PH-MCO must comply with the requirements at 55 Pa. Code § 275.4 regarding the provision of interim assistance upon the request for such by the Member. When the Member is responsible for delaying the hearing process, it will be extended by the length of the delay attributed to the Member.

j. BHA’s adjudication is binding on the PH-MCO unless reversed by the Secretary of Human Services. Either party may request reconsideration from the Secretary within fifteen (15) calendar days from the date of the adjudication. Only the Member may appeal to Commonwealth Court within thirty (30) calendar days from the date of the BHA adjudication or from the date of the Secretary’s final order, if reconsideration was granted. The decisions of the Secretary and the Court are binding on the PH-MCO.

2. Expedited Fair Hearing Process
a. A Member or the Member’s representative may file a request for an expedited Fair Hearing with the Department either in writing or orally.

b. A Member must exhaust the Complaint or Grievance process prior to filing a request for an expedited Fair Hearing.

c. BHA will conduct an expedited Fair Hearing if a Member or a Member’s representative provides the Department with a signed written certification from the Member’s Provider that the Member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function would be placed in jeopardy by following the regular Fair Hearing process or if the Provider provides testimony at the Fair Hearing which explains why using the usual time frames would place the Member’s life, physical or mental health, or ability to attain, maintain, or regain maximum function in jeopardy.

d. A Member who files a request for an expedited Fair Hearing that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the Fair Hearing, if the request for an expedited Fair Hearing is made orally, hand delivered, or postmarked within ten (10) calendar days from the mail date on the written notice of decision.

e. Upon the receipt of the request for an expedited Fair Hearing, BHA or the Department’s designee will schedule a hearing.

f. The PH-MCO is a party to the hearing and must be present. The PH-MCO, which may be represented by an attorney, must be prepared to explain and defend the issue on appeal. The absence of the PH-MCO from the hearing will not be reason to postpone the hearing.

g. The PH-MCO must provide the Member, at no cost, with records, reports, and documents relevant to the subject of the Fair Hearing.

h. BHA will issue an adjudication within three (3) business days from receipt of the Member’s oral or written request for an expedited review.

i. BHA’s adjudication is binding on the PH-MCO unless reversed by the Secretary of Human Services. Either party may request reconsideration from the Secretary within fifteen (15) calendar days from the date of the adjudication. Only the Member may appeal to Commonwealth Court within thirty (30) calendar days from the date of adjudication or from the date of the Secretary’s final order, if reconsideration was granted. The decisions of the Secretary and the Court are binding on the PH-MCO.

E. Provision of and Payment for Service or Item Following Decision

1. If the PH-MCO, BHA, or the Secretary reverses a decision to deny, limit, or delay a service or item that was not furnished during the Complaint, Grievance, or Fair
Hearing process, the PH-MCO must authorize or provide the disputed service or item as expeditiously as the Member’s health condition requires but no later than seventy-two (72) hours from the date it receives notice that the decision was reversed. If the PH-MCO requests reconsideration, the PH-MCO must authorize or provide the disputed service or item pending reconsideration unless the PH-MCO requests a stay of the BHA decision and the stay is granted.

2. If the PH-MCO, BHA, or the Secretary reverses a decision to deny authorization of a service or item, and the Member received the disputed service or item during the Complaint, Grievance, or Fair Hearing process, the PH-MCO must pay for the service or item that the Member received.

The PH-MCO must fully cooperate with any and all reviews and/or audits by state or federal agencies or their agents, such as the Independent Assessment Contractor, by assuring that appropriate employees and involved parties are available for interviews relating to reviews or audits. All records to be sent by mail shall be sent to the requesting entity in the form of accurate, legible paper copies, unless otherwise indicated, within fifteen (15) calendar days of such request and at no expense to the requesting entity. REPORTING SUSPECTED FRAUD AND ABUSE TO THE DEPARTMENT

The following requirements are adapted from 55 PA Code §1101, General Provisions for the Medical Assistance Program, specifically 55 PA Code §1101.75(a) and (b), Provider Prohibited Acts, which are directly adapted from the 62 PS §1407, (also referred to as Act 105 of 1980, Fraud and Abuse Control Act) and Federal Regulations 42 C.F.R. §§438.608(a)(7-8) and 455.23(a). The basis for Recipient referrals is 55 PA Code §1101.91 and §1101.92, Recipient Misutilization and Abuse and Recipient Prohibited Acts. For information on these regulations, go to the Pennsylvania Code and Bulletin website.

Reporting Requirements:

PH-MCOs are required to report to the Department any act by Providers/Recipients/Caregivers/Employees that may affect the integrity of the HealthChoices Program under the Medical Assistance Program. Specifically, if the PH-MCO suspects that either Fraud, Abuse or Waste (as discussed in Section V.O.4, Fraud and Abuse, of the Agreement) may have occurred, the PH-MCO must report the issue to the Department’s Bureau of Program Integrity (BPI). In addition to referrals to the Department, the PH-MCO is required to simultaneously submit fraud referrals to the Pennsylvania Office of Attorney General Medicaid Fraud Control Section in accordance with 42 C.F.R. §438.608(a)(7). The referrals shall be submitted using the Department’s PH-MCO Referral Form. Fraud referrals submitted to the Department using the PH-MCO Referral Form will be automatically sent to the Pennsylvania Office of Attorney General’s Medicaid Fraud Control Section. Depending on the nature or extent of the problem, it may also be advisable to place the individual Provider on prepayment review or suspend payments to avoid unnecessary expenditures during the review process.

In addition to referrals to the Department, the PH-MCO is required to simultaneously submit fraud referrals directly to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section as provided in 42 C.F.R. §438.608(a)(7). Fraud referrals to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section may be submitted by using the Department’s PH-MCO Referral Form. Fraud referrals submitted to the Department using the PH-MCO Referral Form will be automatically forwarded by the Department to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section. After the referral form is submitted, the PH-MCO is required to upload the supporting documentation to the Department using DocuShare. The PH-MCO is also required to upload the same supporting documentation to the Office of Attorney General, Medicaid Fraud Control Section through ShareFile.

The PH-MCO must also notify the Department if it recovers overpayments or improper payments related to Fraud, Waste or Abuse of Medical Assistance funds from non-administrative overpayments or improper payments made to Network Providers, or
otherwise takes an adverse action against a Provider, e.g. restricting the Members or services of a PCP.

PH-MCOs are also required to report quality issues to the Department for further investigation. Quality issues are those which, on an individual basis, affect the Recipient’s health (e.g. poor-quality services, inappropriate treatment, aberrant and/or abusive prescribing patterns, and withholding of Medically Necessary services from Recipient).

All Fraud, Abuse, Waste or quality referrals must be made within thirty (30) days of the identification of the problem/issue. The PH-MCO must conduct a preliminary investigation to the level of an indication of indicia of fraud. The PH-MCO may informally consult with other state agencies or law enforcement to reach this determination. The PH-MCO must send to BPI all relevant documentation collected to support the referral. Such information includes, but is not limited to, the materials listed on the "Checklist of Supporting Documentation for Referrals" located at the end of this exhibit. The Fraud and Abuse Coordinator, or the responsible party completing the referral, should check the appropriate boxes on the "Checklist of Supporting Documentation for Referrals" form to indicate the supporting documentation that is sent with each referral. A copy of the completed checklist and all supporting documentation should accompany each referral. Any egregious situation or act (e.g. those that are causing or imminently threaten to cause harm to a Member or significant financial loss to the Department or its agent) must be referred immediately to the Department's Bureau of Program Integrity for further investigation.

Failure to comply with the requirements of Exhibit KK will result in sanctions and or corrective action as stated in the HealthChoices Agreement. The Department must suspend all Medicaid payments to a provider after a determination that there is a credible allegation of fraud for which an investigation is pending against an individual or entity unless the Department has good cause not to suspend payments or to suspend payments in part. (42 C.F.R. 455.23 (a)). Upon notification from the Department of the imposition of a payment suspension, the PH-MCO, at a minimum, must also suspend payments to the provider.

The following processes are required for Provider/Caregiver and Employee referrals, unless prior approval is received from BPI. Reports must be submitted online using the PH-MCO Referral Form. Fraud allegations will result in an automatic dual referral to the Office of Attorney General and the Department. The instructions and form templates are located on the HealthChoices extranet website under Managed Care Programs/Fraud and Abuse.

Once completed, the PH-MCO must electronically submit the form to BPI. Additionally, the following information must be submitted to BPI electronically using a DocuShare folder designated by BPI:

- Checklist of Supporting Documentation for Referrals, accessible on the PH-MCO Referral Form,
- A copy of the confirmation page which will appear after the “Submit” button is clicked, submitting the PH-MCO Referral Form, and
- All supporting documentation. Referrals will not be processed but will be returned for

HealthChoices Physical Health Agreement effective January 1, 2021

further development if they are received without all supporting documentation.

The same information must be uploaded to the Office of Attorney General, Medicaid Fraud Control Section ShareFile system.

If DocuShare is inaccessible for any reason, the PH MCO will notify the BPI contract monitor, then mail the supporting information above to the below address:

Department of Human Services
Bureau of Program Integrity – DPPC/DPR

Harrisburg, PA 17105-2675

All suspected member fraud, abuse and/or waste should be reported directly to the Bureau of Program Integrity’s Recipient Restriction Section by the PH-MCO’s Recipient Restriction Coordinator using the established restriction referral process.

In the event member fraud is suspected but the criteria for restriction is not met, the PH-MCO’s Restriction Coordinator should forward all supporting documentation, including a narrative description of the alleged fraud, to the Department’s Recipient Restriction Section.

All subsequent information should also be sent to the Recipient Restriction Section at:

EXHIBIT LL

GUIDELINES FOR SANCTIONS REGARDING FRAUD, WASTE AND ABUSE

The Department recognizes its responsibility to administer the HealthChoices Program and ensure that the public funds which pay for this program are properly spent.

To maintain the integrity of the HealthChoices Program and to ensure that PH-MCOs comply with pertinent provisions and related state and federal policies, including rules and regulations involving Fraud, Waste and Abuse issues, the Department will impose sanctions on the PH-MCOs as deemed appropriate where there is evidence of violations involving Fraud, Waste and Abuse issues in the HealthChoices Program. To that end, program compliance and improvement assessments, including financial assessments payable to BPI, will be applied by BPI for the PH-MCO’s identified program integrity compliance deficiencies. Note that the Department also retains discretion to impose additional remedies available under applicable law and regulations.

FRAUD, WASTE AND ABUSE ISSUES WHICH MAY RESULT IN SANCTIONS

The Department may impose sanctions, for non-compliance with Fraud, Waste and Abuse requirements which include, but are not limited to, the following:

SPECIAL NEEDS UNIT

A member with Special Needs is based upon a non-categorical or generic definition of Special Needs. This definition will include but not be limited to key attributes of ongoing physical, developmental, emotional or behavioral conditions or life circumstance which may serve as a barrier to the member’s access to care or services. Examples of members with Special Needs will include but not be limited to: Children with Special Health Care Needs including those requiring skilled or unskilled home shift care, Children in Substitute Care, those with limited English Proficiency, or special communication needs due to sensory deficits those with Physical and/or Intellectual/ Developmental Disabilities, those with HIV/AIDS, those with significant behavioral challenges, or members requiring transportation assistance. Examples of factors in the determination of a member with Special Need(s) include but are not limited to the following:

• Require care and/or services of a type or amount that is beyond what is typically required;

• Require extensive rehabilitative, habilitative, or other therapeutic interventions to maintain or improve the level of functioning for the individual;

• May require that primary care be managed by a specialist, due to the nature of the condition;

• May incur higher morbidity without intervention and coordination in the care of the individual;

• Require care and/or services that necessitate coordination and communication among Network Providers and/or Out-of-Network Providers including, but not limited to, housing, food, and employment challenges;

• Require care and/or services that necessitate coordination and collaboration with public and private community services organizations outside the PH-MCO;

• Require coordination of care and/or services between the acute inpatient setting and other facilities and Community Providers;

• Result in the Member requiring assistance to schedule or make arrangements for appointments or services, including arranging for transportation to and from appointments;

• Result in the need for language, communication, or mobility accommodations; or

• Result in the need for a Member to be accompanied or assisted while seeking or receiving care by an individual who may act on the Member’s behalf.
• Require assistance in discharge planning from an inpatient or long-term care or pediatric residential setting to ensure the member will receive services in the least restrictive environment possible.

• Any condition, event or life circumstance that as a result inhibits a member’s access to any necessary service or support needed to address their medical condition or maintain their current level of functioning.

The PH-MCO will be required to develop, train, and maintain a unit within its organizational structure that will be responsible to provide support and case management services to members with Special Needs in a timely manner. This unit will be headed by a Special Needs Coordinator who must have access to and periodically consult with the Medical Director. The PH-MCO Special Needs Unit case manager must function as the single point of contact to coordinate all health care needs including social determinates of health needs for vulnerable populations. The case management staff must follow the Case Management Society of America standards of practice. Individual case management staff that are eligible should be certified case managers or be working toward certification. The staff members will work in close collaboration with the BMCO SNU and the Enrollment Assistance Program Contractor’s Special Needs contact person. The Department expects the PH-MCO’s Special Needs Unit to be staffed by individuals with either a medical and/or social services background, in sufficient number to initiate a response to a Member's inquiry within two (2) Business Days or sooner in urgent situations. The Department expects the core staff members of the Special Needs Unit to be responsible primarily for the functions and operations associated with the unit, including the primary case management and care coordination for members and families receiving special needs services. The Department also expects that at times the Special Needs Unit staff will have access to the resources of other departments within the PH-MCO to supplement the Special Needs Unit in assisting Members with Special Needs. The PH-MCO must show evidence of their access to and use of individuals with expertise in the treatment of Members with Special Needs to provide consultation to the Special Needs Unit staff, as needed.

The PH-MCO shall use knowledgeable and independent organizations such as consumer groups, disability advocacy groups, Special Needs consumers, and the Department of Health District Offices, when providing training to its Special Needs Unit staff, whenever possible.

The primary purpose of the Special Needs Unit is to ensure that each Member with Special Needs receives access to appropriate primary care, access to specialists trained and skilled in the needs of the Member including behavioral health and substance use disorder services, information about the access to a specialist as PCP if appropriate, information about and access to all covered services appropriate to the Member's condition or circumstance, including pharmaceuticals and DME, and access to needed community services to support housing, food and employment needs. The Special Needs Unit must have a direct link to the Utilization Management functions of the PH-MCO and have input into the case review process. The PH-MCO must have procedures in place that ensure the proactive identification of and outreach to Members with Special Needs who may not self-identify as having a Special Need.
Special Needs Unit Functions and Requirements

The staff of the PH-MCO Special Needs Unit will ensure the receipt of care and/or services by acting as the PH-MCO case manager for each Member with an identified Special Need. The PH-MCO Special Needs Unit case manager must function as the single point of contact to coordinate all health care needs including social determinates of health needs for vulnerable populations. In the event that a Member is not satisfied with PH-MCO performance in any area, the Special Needs Unit case manager will be responsible for facilitating dispute resolution and for informing the Member of the Complaint, Grievance, and DHS Fair Hearing mechanisms that are available and assisting in that process as needed or requested. Members with Special Needs determined to have ongoing needs for assistance will be assigned to a particular Special Needs Unit case manager and will have ready access to their Special Needs Unit case manager as long as they are enrolled in the PH-MCO. Members with Special Needs are permitted to change case managers as needed during their enrollment. The PH-MCO must be able to demonstrate that its staff will perform the following functions:

- Conduct necessary training for all PH-MCO staff to acquaint them with the purpose and function of the Special Needs Unit and the need to coordinate within departments to serve Members with Special Needs.

- Work towards education and training in the use of LifeCourse™ tools.

- Meet face-to-face at least twice a year with the child and family and/or caregivers for the most complex members receiving shift care services. At least one of the face-to-face visits must be at the time of initial or recertification of shift care services. The PH-MCO staff must be appropriate licensed Special Needs Unit case management staff.

- Ensure coordination between the PH-MCO and other health, education, and human services systems including County Children and Youth Services Offices, County Office of Intellectual Disability Services Offices and Juvenile Justice Offices. For a more inclusive list see Exhibit OO.

- Ensure adherence to state and federal laws, regulations, Departmental agreements and court requirements relating to individuals with Special Needs.

- A contact within the Special Needs Unit must be designated to act as a liaison with the BMCO SNU staff and the Enrollment Assistance Program contractor’s Special Needs contact person. The PH-MCO must develop an appropriate automated process to operationalize the information on Special Needs individuals supplied by the Enrollment Assistance Program contractor.

- Sufficient telephone and alternative communication channels must be established to allow ready and timely interactions between the PH-MCO Special Needs Unit Coordinator, case managers, the Office of Medical Assistance Programs, the Enrollment Assistance Program contractor, Members with Special Needs, Providers (Network and Out-of-Network) and other health, education, and human services systems servicing Members with Special Needs and involved agencies.
The PH-MCO Special Needs Unit must have a resource account email box in place for receipt of transition of care documentation to ensure timely access to all medically necessary services. The Special Needs Unit Coordinator and multiple staff must have access to this resource account.

Appropriate arrangements must be made to effectively assist Members with Special Needs who speak languages other than English in accordance with the RFP and Agreement requirements. In addition, efforts must be made to match Members with communication barriers due to disability or linguistic background with Providers with whom they can effectively communicate.

Serve on interagency teams upon request by a Member or their family to facilitate and coordinate delivery of Physical Health Services contained in treatment plans for children and/or adults including, but not limited to, Individual Family Service Plans, Individual Educational Plans, Individual Habilitation Plans, and Individual Behavioral Health Treatment Plans.

Special Needs Unit case managers must have a working knowledge of Children and Adolescent Support Services Program (CASSP) and the Community Support Program (CSP) principles and principles of drug and alcohol treatment.

Ensure cooperation of the PH-MCO's Provider Network. Special Needs Unit case managers must facilitate communication and coordinate service delivery between primary care, specialty, ancillary, substance use disorder and behavioral health Providers to ensure Member's timely and uninterrupted access to care.

Assist in the development of adequate Provider Networks, such as pediatric specialists, to serve Special Needs populations. Special Needs Unit case managers must assist and support Members with Special Needs in making an informed choice between Providers of equivalent services within the network. When adequate network capacity does not exist to allow for choice between network Providers of equivalent services, case managers must facilitate and coordinate services rendered by Out-of-Network Providers.

Conduct necessary training for PCPs to assist them in providing services to diverse populations including the identification of the PH-MCO’s Special Needs Unit contact persons.

Provide ongoing coordination with PCPs to continually serve Special Needs population’s Members.

Attend ad hoc meetings, workgroups, etc., hosted by the Department that require mandatory attendance by Special Needs Unit staff.

Attend public/community sponsored meetings with the Department’s representative(s) at the discretion of the PH-MCO.
If the PH-MCO chooses to subcontract any of the Special Needs Unit functions, the PH-MCO must maintain accountability by assigning responsibility for oversight of the subcontract to a senior executive within the organization.

Conduct necessary training for all PH-MCO providers to acquaint them with the purpose and function of the Special Needs Unit and identify a contact within the Special Needs Unit as a direct contact for any provider to refer a member with special needs for assistance.

Provide assistance to any member needing help in filing a Complaint, Grievance, or Fair hearing, and serve in an advocacy role to assist the member in obtaining any information necessary from any PH-MCO provider in support of a Complaint, Grievance or DHS Fair Hearing.

Provide assistance to any member needing additional help to access the Department’s Medical Assistance Transportation Program.

Provide assistance to any member needing help transitioning from a pediatric to an adult provider. Proactively identify individuals between the ages of 18 and 21 that may be considered to be medically fragile members and provide enhanced assistance to them in transitioning to an adult provider. During this transitioning process ensure that they can receive care from a Pediatrician and adult Primary Care Provider at the same time to facilitate a seamless transition to adult care. These youth should be provided case management, at a minimum, until a successful transition is complete.

Work in coordination with the Department’s Resource Facilitation Team (RFT), other Department of Human Services Program Offices, and Service Coordinators to provide transition assistance to members receiving home shift care services under EPSDT into Home and Community Based Waivers and adult systems of support. This will include functioning as a liaison between the RFT and the member and family.

For members in inpatient or residential facilities, provide assistance with discharge planning to ensure the member is transitioning not only to the most appropriate and community-based environment for the child as possible, but to ensure that the environment and supports are in place in the new setting prior to any discharge occurring. Provide all necessary oversight including home or site visits with family or other caregivers to ensure adequate supports are in place for a safe discharge. Members in residential facilities will be required to be in active case management by a PH-MCO case manager until the member is successfully discharged home or to another community or other care setting.

Conduct face-to-face case management activities with members for whom telephonic case management has proven ineffective, and desired goals have not been attained. Utilize and interface with community-based care management staff to maintain a person-centered approach and to ensure that member-specific needs are being met.

The PH-MCO will develop, implement, and maintain a targeted Quality Management component focused on Members with Special Needs that is integrated into the Quality

HealthChoices Physical Health Agreement effective January 1, 2021

The Special Needs Unit will provide data as required for special needs related to existing and new Operations (OPS) Reports and ad hoc requests concerning members with special needs.

AUDITS

Annual Agreement Audits

The PH-MCO shall cause, and bear the costs of, an annual Agreement audit to be performed by an independent, licensed Certified Public Accountant. The Agreement audit shall be completed using guidelines provided by the Commonwealth. Such audit shall be made in accordance with generally accepted government auditing standards. The Agreement audit shall be digitally submitted to OMAP, BFM, Division of Financial Analysis and Reporting via the E-FRM system no later than June 30 after the Agreement year is ended.

If circumstances arise in which the Commonwealth or the PH-MCO invoke the contractual termination clause or determine the Agreement will cease, the Agreement audit for the period ending with the termination date or the last date the PH-MCO is responsible to provide Medical Assistance benefits to HealthChoices recipients shall be submitted to the Commonwealth within 180 days after the Agreement termination date or the last date the PH-MCO is responsible to provide Medical Assistance benefits.

The PH-MCO shall ensure that audit working papers and audit reports are retained by the PH-MCO’s auditor for a minimum of ten (10) years from the date of final payment under the Agreement, unless the PH-MCO’s auditor is notified in writing by the Commonwealth to extend the retention period. Audit working papers shall be made available, upon request, to authorized representatives of the Commonwealth or Federal agencies. Copies of working papers deemed necessary shall be provided by the PH-MCO’s auditor.

Annual Entity-Wide Financial Audits

The PH-MCO shall provide to the Commonwealth a copy of its annual entity-wide financial audit, performed by an independent, licensed Certified Public Accountant. Such audit shall be made in accordance with generally accepted auditing standards. Such audit shall be submitted to the OMAP, BFM, Division of Financial Analysis and Reporting via E-FRM within 30 days after the Auditors signature date.

Other Financial and Performance Audits

The Commonwealth reserves the right for federal and state agencies or their authorized representatives to perform additional financial or performance audits of the PH-MCO, its subcontractors or Providers. Any such additional audit work will rely on work already performed by the PH-MCO’s auditor to the extent possible. The costs incurred by the federal or state agencies for such additional work will be borne by those agencies.
Audits of the PH-MCO, its subcontractors or Providers may be performed by the Commonwealth or its designated representatives and include, but are not limited to:

1. Financial and compliance audits of operations and activities for the purpose of determining the compliance with financial and programmatic record keeping and reporting requirements of this Agreement;

Audits performed by the Commonwealth shall be in addition to any federally-required audits or any monitoring or review efforts. Commonwealth audits of the PH-MCO or its subcontractor’s operations will generally be performed on an annual basis. However, the Commonwealth reserves the right to audit more frequently, to vary the audit period, and to determine the type and duration of these audits. Audits of subcontractors or Providers will be performed at the Commonwealth's discretion.

The following provisions apply to the PH-MCO, its subcontractors and Providers:

1. Except in cases where advance notice is not possible or advance notice may render the audit less useful, the Commonwealth will give the entity at least three (3) weeks advance written notice of the start date, expected staffing, and estimated duration of the audit. In the event of a claims processing audit, the Commonwealth will strive to provide advance written notice of a minimum of thirty (30) calendar days. All records to be sent by mail shall be sent to the requesting entity within fifteen (15) calendar days of such request and at no expense to the requesting entity. Such requests made by the Commonwealth shall not be unreasonable.

The PH-MCO shall maintain books, records, documents, and other evidence pertaining to all revenues, expenditures and other financial activity pursuant to this Agreement as well as to all required programmatic activity and data pursuant to this Agreement. Records other than medical records may be kept in an original paper state or preserved on micro media or electronic format. ENCOUNTER DATA SUBMISSION REQUIREMENTS AND PENALTY APPLICATIONS

The submission of timely and accurate Encounter Data is critical to the Department’s ability to establish and maintain cost effective and quality managed care programs. Consequently, the requirements for submission and metrics for measuring the value of the data for achieving these goals are crucial.

• CERTIFICATION REQUIREMENTS

All PH-MCOs must be certified through the Department’s MMIS prior to the submission of live Encounter Data. The certification process is detailed on the Pennsylvania HealthChoices Extranet.

• SUBMISSION REQUIREMENTS

• Timeliness:

With the exception of NCPDP Encounters, all PH-MCO approved Encounters and those specified PH-MCO-denied Encounters must be approved in the Department’s MMIS by the last day of the third month following the month of initial PH-MCO adjudication. NCPDP Encounters must be submitted and approved in the Department’s MMIS within thirty (30) days following the PH-MCO adjudication.

• Metric:

During the six months following the month of the initial MMIS adjudication, Encounters will be analyzed for timely submission.

• Failure to achieve the Department’s MMIS approved/paid status for 98% of all PH-MCO paid/approved and specified PH-MCO denied Encounters by the last day of the third month following initial PH-MCO adjudication may result in a penalty.

• Any Encounter Data corrected or initially submitted after the last day of the third month following initial PH-MCO adjudication may be subject to a penalty.

Accuracy and Completeness:

Accuracy and completeness are based on consistency between Encounter Data submitted to the Department’s MMIS and information for the same service maintained by the PH-MCO in their Claims/service history database.

• Metric:
Accuracy and completeness will be determined through a series of analyses of PH-MCO Claims history data and Encounters received and processed through the Department’s MMIS. This analysis will be done at least yearly but no more than twice a year and will consist of making comparisons between encounter samples and what is found in the PH-MCO’s claims history. Samples may also be drawn from the PH-MCO’s service history and compared with Encounters processed through the Department’s MMIS.

Samples will be drawn proportionally based on the PH-MCO financial expenditures for each transaction type submitted during the review period. Each annual or semi-annual analysis will be based on a statistically valid sample of no less than 200 records.

- **PENALTY PROVISION**

  **Timeliness:**

  Failure to comply with timeliness requirements will result in a sanction of up to $10,000 for each program month.

  **Completeness and Accuracy:**

  Errors in accuracy or completeness that are identified by the Department in an annual or semi-annual analysis will result in sanctions as follows. An error in accuracy or completeness or both, in one sample record, counts as one error.

PROVIDER NETWORK COMPOSITION/SERVICE ACCESS

1. Network Composition

The PH-MCO must consider the following in establishing and maintaining its Provider Network:

- The anticipated MA enrollment,
- The expected utilization of services, taking into consideration the characteristics and health care needs of specific MA populations represented in the PH-MCO,
- The number and types, in terms of training, experience, and specialization, of Providers required to furnish the contracted MA services,
- The number of Network Providers who are not accepting new MA patients, and
- The geographic location of Providers and Members, considering distance, travel time, the means of transportation ordinarily used by Members, and whether the location provides physical access for Members with disabilities.

The PH-MCO must adhere to CMS network adequacy standards as outlined in 42 C.F.R. §438.68(b)(1)(viii), 438.68(b)(3), and 438.206. The PH-MCO must ensure that its Provider Network is adequate to provide its Members in this HealthChoices Zone with access to quality Member care through participating professionals, in a timely manner, and without the need to travel excessive distances. Upon request from the Department, the PH-MCO must supply geographic access maps using Member level data detailing the number, location and specialties of their Provider Network to the Department in order to verify accessibility of Providers within their Network in relation to the location of its Members. The Department may require additional numbers of specialists and ancillary Providers should it be determined that geographic access is not adequate. The PH-MCO must also have a process in place which ensures that the PH-MCO knows the capacity of their Network PCP panels at all times and have the ability to report on this capacity.

The PH-MCO must make all reasonable efforts to honor a Member’s choice of Providers who are credentialed in the Network. If the PH-MCO is unable to ensure a Member’s access to provider or specialty provider services within the PH-MCO’s network, within the travel times set forth in this Exhibit, the PH-MCO must make all reasonable efforts to ensure the Member’s access to these services within the travel times herein through out-of-network providers. In locations where the PH-MCO can provide evidence that it has conducted all reasonable efforts to contract with providers and specialists and can provide verification that no providers or specialists exist to ensure a Member’s access to these services within the travel times set forth in this Exhibit, the PH-MCO
must work with Members to offer reasonable provider alternatives. Additionally, the PH-MCO must ensure and demonstrate that the following Provider Network and access requirements are established and maintained for the entire HealthChoices Zone in which the PH-MCO operates if providers exist:

a. PCPs

Make available to every Member a choice of at least two (2) appropriate PCPs with open panels whose offices are located within a travel time no greater than thirty (30) minutes (Urban) and sixty (60) minutes (Rural). This travel time is measured via public transportation, where available. Members may, at their discretion, select PCPs located further from their homes.

b. Pediatricians as PCPs

Ensure an adequate number of pediatricians with open panels to permit all Members who want a pediatrician as a PCP to have a choice of two (2) for their child(ren) within the travel time limits (30 minutes Urban, 60 minutes Rural).

c. Specialists

i. For the following provider types, the PH-MCOs operating in Lehigh Capital, Southeast, and Southwest must ensure a choice of two (2) providers who are accepting new patients within the travel time limits (30 minutes Urban, 60 minutes Rural):

| Oral Surgery | Urology |
| Nursing Facility | Neurology |
| Dermatology | Otolaryngology |

The PH-MCOs operating in Northeast and Northwest must ensure a choice of one (1) provider who is accepting new patients within the travel time limits (30 minutes Urban, 60 minutes Rural) and a second choice within the HealthChoices Zone:

| Oral Surgery | Urology |
| Nursing Facility | Neurology |
| Dermatology | Otolaryngology |
| Oncology | Radiology |
| Physical Therapy |

iii. For all other specialists and subspecialists, the PH-MCO must have a choice of two (2) providers who are accepting new patients within the HealthChoices Zone.

d. Hospitals

Ensure at least one (1) hospital within the travel time limits (30 minutes Urban, 60 minutes Rural) and a second choice within the HealthChoices Zone.

e. Special Health Needs

Ensure the provision of services to persons who have special health needs or who face access barriers to health care. If the PH-MCO does not have at least two (2) specialists or sub-specialists qualified to meet the particular needs of the individuals, then the PH-MCO must allow Members to pick an Out-of-Network Provider if not satisfied with the Network Provider. The PH-MCO must develop a system to determine Prior Authorization for Out-of-Network Services, including provisions for informing the Recipient of how to request this authorization for Out-of-Plan Services. For children with special health needs, the PH-MCO must offer at least two (2) pediatric specialists or pediatric sub-specialists.

f. Anesthesia for Dental Care
For Members needing anesthesia for dental care, the PH-MCO must ensure a choice of at least two (2) dentists within the Provider Network with privileges or certificates to perform specialized dental procedures under general anesthesia or pay out of Network.

g. Rehabilitation Facilities

Ensure a choice of at least two (2) rehabilitation facilities within the Provider Network, at least one (1) of which must be located within this HealthChoices Zone.

h. CNMs / CRNPs, Other Health Care Providers

Ensure access to Certified Nurse Midwives (CNMs) and Certified Registered Nurse Practitioners (CRNPs) and other Health Care Providers. In accordance with RX for PA Principles, the PH-MCO must demonstrate its attempts to contract in good faith with a sufficient number of CNMs and CRNPs and other Health Care Providers and maintain payment policies that reimburse CNMs and CRNPs and other Health Care Providers for all services provided within the scope of their practice and allow them to practice to the fullest extent of their education, training and licensing.

i. Qualified Providers

The PH-MCO must limit its PCP Network to appropriately qualified Providers. The PH-MCO’s PCP Network must meet the following:

- No less than seventy-five percent (75) of the Network consists of PCPs who have completed an approved primary care residency in family medicine, osteopathic general medicine, internal medicine or pediatrics; and

- No more than twenty-five percent (25%) of the Network consists of PCPs without appropriate residencies but who have, within the past seven (7) years, five (5) years of post-training clinical practice experience in family medicine, osteopathic general medicine, internal medicine or pediatrics. Post-training experience is defined as having practiced at least as a 0.5 full-time equivalent in the practice areas described.

j. Members Freedom of Choice

The PH-MCO must demonstrate its ability to offer its Members freedom of choice in selecting a PCP. At a minimum, the PH-MCO must have
or provide one (1) full-time equivalent (FTE) PCP who serves no more than one thousand (1,000) Recipients. For the purposes of this section, a full-time equivalent PCP must be a physician involved in clinical care. The minimum weekly work hours for 1.0 FTE is the number of hours that the practice considers to be a normal work week, which may be 37.5, 40, or 50 hours. A physician cannot be counted as more than 1.0 FTE regardless of the number of hours worked. If the PCP/PCP Site employs Certified Registered Nurse Practitioners (CRNPs)/Physician Assistants (PAs), then the Provider/Provider Site will be permitted to add an additional one thousand (1,000) Members to the panel. The number of Members assigned to a PCP may be decreased by the PH-MCO if necessary to maintain the appointment availability standards.

k. **PCP Composition and Location**

The PH-MCO and the Department will work together to avoid the PCP having a caseload or medical practice composed predominantly of HC Members. In addition, the PH-MCO must organize its PCP Sites so as to ensure continuity of care to Members and must identify a specific PCP or PCP group for each Member. The PH-MCO may apply to the Department for a waiver of these requirements. The Department may waive these requirements for good cause demonstrated by the PH-MCO. The PH-MCO will comply with the program standards regarding PCP assignment as set forth in Section V.Q. of the Agreement, Assignment of PCPs.

l. **FQHCs / RHCs**

The PH-MCO must include in its Provider Network every FQHC and RHC that are willing to accept PPS rates as payment in full and are located within the operational HealthChoices Zones in which the PH-MCO has an agreement. If the PH-MCO’s primary care Network includes FQHCs and RHCs, these sites may be designated as PCP sites.

m. **Medically Necessary Emergency Services**

The PH-MCO must comply with the provisions of Act 112 of 1996 (H.B. 1415, P.N. 3853, signed July 11, 1996), the Balanced Budget Reconciliation Act of 1997 and Act 68 of 1998, the Quality Health Care Accountability and Protection Provisions, 40 P.S. 991.2101 et seq, pertaining to coverage and payment of Medically Necessary Emergency Services. The definition of such services is set forth herein at Section II of this Agreement, Definitions.

n. **ADA Accessibility Guidelines**
The PH-MCO must inspect the office of any PCP or dentist who seeks to participate in the PH-MCO’s Provider Network (excluding offices located in hospitals) to determine whether the office is architecturally accessible to persons with mobility impairments. Architectural accessibility means compliance with ADA accessibility guidelines with reference to parking (if any), path of travel to an entrance, and the entrance to both the building and the office of the Provider, if different from the building entrance.

The PH-MCO must submit quarterly reports to the Department, in a format to be specified by the Department, on the results of the inspections.

If the office or facility is not accessible under the terms of this paragraph, the PCP or dentist may participate in the PH-MCO’s Provider Network provided that the PCP or dentist: 1) requests and is determined by the PH-MCO to qualify for an exemption from this paragraph, consistent with the requirements of the ADA, or 2) agrees in writing to remove the barrier to make the office or facility accessible to persons with mobility impairments within six (6) months after the PH-MCO identified the barrier.

The PH-MCO must document its efforts to determine architectural accessibility. The PH-MCO must submit this documentation to the Department upon request.

o. Laboratory Testing Sites

The PH-MCO must ensure that all laboratory testing sites providing services have either a Clinical Laboratory Improvement Amendment (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number in accordance with CLIA 1988. Those laboratories with certificates of waiver will provide only the eight (8) types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests. The PCP must provide all required demographics to the laboratory when submitting a specimen for analysis.

p. PH-MCO Discrimination

The PH-MCO must not discriminate with respect to participation, reimbursement, or indemnification as to any Provider who is acting within the scope of the Provider’s license or certification under applicable State law, solely on the basis of such license or certification. This paragraph must not be construed to prohibit a PH-MCO from including Providers only to the extent necessary to meet the needs of the organization’s Members or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the PH-MCO.
q. **Declined Providers**

If the PH-MCO declines to include individual Providers or groups of Providers in its Network, it must give the affected Providers written notice of the reason for its decision.

r. **Second Opinions**

The PH-MCO must provide for a second opinion from a qualified Health Care Provider within the Network, at no cost to the Member. If a qualified Health Care Provider is not available within the Network, the PH-MCO must assist the Member in obtaining a second opinion from a qualified Health Care Provider outside the Network, at no cost to the Member, unless co-payments apply.

s. **American Indians and Indian Healthcare Providers**

Consistent with 42 C.F.R. §438.14(b)(1-3), The PH-MCO must:

- Demonstrate that there are sufficient I/T/U providers in the network to ensure timely access to services available under the Agreement for Indian enrollees who are eligible to receive services from such providers;

- Pay I/T/U providers, whether participating in the network or not, for covered Medicaid or CHIP managed care services provided to Indian enrollees who are eligible to receive services from such providers either at a rate negotiated between the PH-MCO and the I/T/U provider, or if there is no negotiated rate, at a rate no less than the level and amount of payment that would be made if the provider were not an I/T/U provider; and

- Permit any Indian who is enrolled in a non-Indian MCO and eligible to receive services from a participating I/T/U provider to choose to receive covered services from that I/T/U provider and if that I/T/U provider participates in the network as a primary care provider, to choose that I/T/U as his or her primary care provider, as long as that provider has capacity to provide the services.

Consistent with 42 C.F.R. §438.14(b)(5-6), the PH-MCO must permit American Indian members to access out of state IHCPs; or permit an out-of-network IHCP to refer an American Indian member to a network provider.

When an IHCP is enrolled in Medicaid as an FQHC, but not a participating
provider of the PH-MCO, the IHCP must be paid an amount equal to the amount the PH-MCO would have paid to a network FQHC. When the IHCP is not enrolled in Medicaid as an FQHC, the PH-MCO must reimburse the IHCP at the same rate as the IHCP’s applicable encounter rate published annually in the Federal Register by the Indian Health Service. If there is no published encounter rate, the IHCP must receive the amount it would have been reimbursed if the services were provided under the Pennsylvania MA FFS FQHC payment methodology.

2. **Appointment Standards**

The PH-MCO will require the PCP, dentist, or specialist to conduct affirmative outreach whenever a Member misses an appointment and to document this in the medical record. Such an effort shall be deemed to be reasonable if it includes three (3) attempts to contact the Member. Such attempts may include, but are not limited to: written attempts, telephone calls and home visits. At least one (1) such attempt must be a follow-up telephone call.

a. **General**

iv. Health assessment/general physical examinations and first examinations must be scheduled within three (3) weeks of Enrollment.

v. The PH-MCO must provide the Department with its protocol for ensuring that a Member’s average office waiting time for an appointment for Routine Care is no more than thirty (30) minutes or at any time no more than up to one (1) hour when the physician encounters an unanticipated Urgent Medical Condition visit or is treating a Member with a difficult medical need. The Member must be informed of scheduling time frames through educational outreach efforts.

vi. The PH-MCO must monitor the adequacy of its appointment processes and reduce the unnecessary use of emergency room
b. **Persons with HIV/AIDS**

The PH-MCO must have adequate PCP scheduling procedures in place to ensure that an appointment with a PCP or specialist must be scheduled within seven (7) days from the effective date of Enrollment for any person known to the PH-MCO to be HIV positive or diagnosed with AIDS (e.g., self-identification), unless the Member is already in active care with a PCP or specialist.

c. **Supplemental Security Income (SSI)**

The PH-MCO must make a reasonable effort to schedule an appointment with a PCP or specialist within forty-five (45) days of Enrollment for any Member who is an SSI or SSI-related consumer unless the Member is already in active care with a PCP or specialist.

d. **Specialty Referrals**

For specialty referrals, the PH-MCO must be able to provide for:

i. Emergency Medical Condition appointments immediately upon referral.

ii. Urgent Medical Condition care appointments within twenty-four (24) hours of referral.

iii. Scheduling of appointments for routine care within fifteen (15) business days for the following specialty provider types:

e. **Pregnant Women**
Should the EAP contractor or Member notify the PH-MCO that a new Member is pregnant or there is a pregnancy indication on the files transmitted to the PH-MCO by the Department, the PH-MCO must contact the Member within five (5) days of the effective date of Enrollment to assist the woman in obtaining an appointment with an OB/GYN or Certified Nurse Midwife. For maternity care, the PH-MCO must arrange initial prenatal care appointments for enrolled pregnant Members as follows:

i. First trimester — within ten (10) Business Days of the Member being identified as being pregnant.

ii. Second trimester — within five (5) Business Days of the Member being identified as being pregnant.

iii. Third trimester — within four (4) Business Days of the Member being identified as being pregnant.

iv. High-risk pregnancies — within twenty-four (24) hours of identification of high risk to the PH-MCO or maternity care Provider, or immediately if an emergency exists.

**f. EPSDT**

EPSDT screens for any new Member under the age of twenty-one (21) must be scheduled within forty-five (45) days from the effective date of Enrollment unless the child is already under the care of a PCP and the child is current with screens and immunizations.

The PH-MCO must distribute quarterly lists to each PCP in its Provider Networks which identify Members who have not had an Encounter during the previous twelve (12) months or within the time frames set forth in this Exhibit, or Members who have not complied with EPSDT periodicity and immunization schedules for children. The PH-MCO must contact such Members, documenting the reasons for noncompliance and documenting its efforts for bringing the Members’ care into compliance.

**3. Policies and Procedures for Appointment Standards**

The PH-MCO will comply with the program standards regarding service accessibility standards that are set forth in this Exhibit and in Section V.S. of the Agreement, Provider Agreements.

The PH-MCO must have written policies and procedures for disseminating
its appointment standards to all Members through its Member handbook and through other means. In addition, the PH-MCO must have written policies and procedures to educate its Provider Network about appointment standard requirements. The PH-MCO must monitor compliance with appointment standards and must have a corrective action plan when appointment standards are not met.

4. Compliance with Access Standards

a. Mandatory Compliance

Per 42 C.F.R. §438.68(b)(1)(viii), the PH-MCO must adhere to any time and distance access standards established by CMS. The PH-MCO must comply with the access standards in accordance with this Exhibit and Section V.S of the Agreement, Provider Agreements. If the PH-MCO fails to meet any of the access standards by the dates specified by the Department, the Department may terminate this Agreement.

b. Reasonable Efforts and Assurances

The PH-MCO must make reasonable efforts to honor a Member's choice of Providers among Network Providers as long as:

i. The PH-MCO’s agreement with the Network Provider covers the services required by the Member; and

ii. The PH-MCO has not determined that the Member’s choice is clinically inappropriate.

The PH-MCO must provide the Department adequate assurances that the PH-MCO, with respect to each zone of operation, has the capacity to serve the expected Enrollment in each zone of operation. The PH-MCO must provide assurances that it will offer the full scope of covered services as set forth in this Agreement and access to preventive and primary care services. The PH-MCO must also maintain a sufficient number, mix and geographic distribution of Providers and services in accordance with the standards set forth in this Exhibit and Section V.S of the Agreement, Provider Agreements.

c. PH-MCO’s Corrective Action

The PH-MCO must take all necessary steps to resolve, in a timely manner, any demonstrated failure to comply with the access standards. Prior to a termination action or other sanction by the Department, the PH-MCO will be given the opportunity to institute a corrective action plan. The PH-MCO must submit a corrective action plan to the Department for
approval within thirty (30) days of notification of such failure to comply, unless circumstances warrant and the Department demands a shorter response time. The Department's approval of the PH-MCO's corrective action plan will not be unreasonably withheld. The Department will make its best effort to respond to the PH-MCO within thirty (30) days from the submission date of the corrective action plan. If the Department rejects the corrective action plan, the PH-MCO shall be notified of the deficiencies of the corrective action plan. In such event, the PH-MCO must submit a revised corrective action plan within fifteen (15) days of notification. If the Department does not receive an acceptable corrective action plan, the Department may impose sanctions against the PH-MCO, in accordance with Section VIII.H. of the Agreement, Sanctions. Failure to implement the corrective action plan may result in the imposition of a sanction as provided in this Agreement.
1. General Requirements

a. All requirements in this Exhibit apply to all Covered Outpatient Drugs regardless of the setting in which the drug is dispensed or administered, the billing provider type, or how the PH-MCO makes payment for the drug (pharmacy benefit and/or medical benefit).

b. The amount, duration, and scope of Covered Outpatient Drugs must be consistent with coverage under the Fee-for-Service (FFS) program. The PH-MCO must cover all Covered Outpatient Drugs listed on the Center for Medicare and Medicaid Services (CMS) Quarterly Drug Information File when determined to be Medically Necessary, unless otherwise excluded from coverage. (See 2. Coverage Exclusions below for exclusions.) This includes brand name and generic drugs, and over-the-counter drugs (OTCs), prescribed by licensed providers enrolled in the MA program, and sold or distributed by drug manufacturers that participate in the Medicaid Drug Rebate Program.

c. The PH-MCO must provide coverage for all medically accepted indications, as described in Section 1927(k)(6) of the Social Security Act, 42 U.S.C.A. 1396r-8(k)(6). This includes any use which is approved under the Federal Food, Drug, and Cosmetic Act, 21 U.S.C.A. 301 et seq. or whose use is supported by the nationally recognized pharmacy compendia, or peer-reviewed medical literature.

d. Unless financial responsibility is otherwise assigned, all Covered Outpatient Drugs are the payment responsibility of the Member's PH-MCO. The only exception is that the behavioral health managed care organization (BH-MCO) is responsible for the payment of methadone when used in the treatment of substance abuse disorders and when prescribed and dispensed by BH-MCO service Providers.

e. All Covered Outpatient Drugs must be dispensed through PH-MCO Network Providers. This includes Covered Outpatient Drugs prescribed by both the PH-MCO and the BH-MCO Providers.

f. Under no circumstances will the PH-MCO permit the therapeutic substitution of an outpatient drug by a pharmacist without explicit authorization from the licensed prescriber.

g. All proposed pharmacy policies, programs and drug utilization management programs, such as but not limited to prior authorization, step therapy, partial fills, specialty pharmacy, pill-splitting, mail order, 90-day supply programs, limited pharmacy networks, outcomes based contracting, medication therapy management programs, etc. must be submitted to the Department for review and
written approval prior to implementation, prior to implementation of any changes, and annually thereafter.

h. The PH-MCO must include in its written policies and procedures an assurance that all requirements and conditions governing coverage and payment for Covered Outpatient Drugs, such as, but not limited to, prior authorization (including step therapy), medical necessity guidelines, age edits, drug rebate encounter submission, reporting, notices of decision, etc. will,

i. Apply, regardless of whether the Covered Outpatient Drug is provided as an outpatient drug benefit or as a “medical benefit” incident to a medical service and billed by the prescribing Provider using codes such as the Healthcare Common Procedure Coding System (HCPCS).

ii. Ensure access for all medically accepted indications as documented by package labeling, nationally recognized pharmacy compendia, peer-reviewed medical literature, Statewide Preferred Drug List (PDL) prior authorization guidelines, if applicable, and FFS guidelines to determine medical necessity of drugs that require prior authorization in the MA FFS Program, when designated by the Department.

i. The PH-MCO must submit for review and approval a policy for each section of Exhibit BBB that includes the requirements in the respective section and the PH-MCO’s procedures to demonstrate compliance.

j. The PH-MCO must agree to adopt the same requirements for prior authorization and some or all of the same guidelines to determine medical necessity of selected drugs or classes of drugs as those adopted by the MA FFS Program when designated by the Department.

k. The PH-MCO must comply with Section 2117 of Article XXI of the Insurance Company Law of 1921, as amended, 40 P.S. 991.2117 regarding continuity of care requirements and 28 PA Code Ch. 9. The PH-MCO must also comply with the procedures outlined in MA Bulletin 99-03-13 and MA Bulletin # 99-96-01. The PH-MCO policy and procedures for continuity of care for outpatient drugs, and all subsequent changes to the Department-approved policy and procedures, must be submitted to the Department for review and approval prior to implementation. The policy and procedures must address how the PH-MCO will ensure no interruption in drug therapy and the course of treatment, and continued access to outpatient drugs that the Member was prescribed before enrolling in the PH-MCO.

l. The PH-MCO must allow access to all new drugs approved by the Food and Drug Administration (FDA) and meet the definition of a Covered Outpatient Drug either by addition to the Statewide PDL or MCO Formulary for drugs and products not included in the Statewide PDL, or through prior authorization, within ten (10) days from their availability in the marketplace.
2. Coverage Exclusions

a. In accordance with Section 1927 of the Social Security Act, 42 U.S.C.A. 1396r-8, the PH-MCO must exclude coverage for any drug marketed by a drug company (or labeler) who does not participate in the Medicaid Drug Rebate Program. The PH-MCO is not permitted to provide coverage for any drug product, brand name or generic, legend or non-legend, sold or distributed by a company that did not sign an agreement with the federal government to provide rebates to the Medicaid agency. This requirement does not apply to vaccines, compounding materials, certain vitamins and minerals or diabetic supplies.

b. The PH-MCO must not provide coverage for Drug Efficacy Study Implementation (DESI) drugs under any circumstances.

c. The PH-MCO must exclude coverage of noncompensable drugs in accordance with 55 PA Code §1121.54.

3. Formularies and Preferred Drug Lists (PDLs)

a. The PH-MCO must utilize the Statewide PDL developed by the Department’s Pharmacy and Therapeutics (P&T) Committee. If the PH-MCO fails to meet Statewide PDL quarterly compliance of 95% (excluding TPL) a financial sanction consistent with the difference in net cost using PH-MCO actual compliance rate and the net cost if compliance rate was 95%. The minimum penalty of $25,000 per quarter will be imposed.

b. The PH-MCO must implement use of the Statewide PDL, any changes to the Statewide PDL, the Statewide PDL prior authorization guidelines, and any changes to the Statewide PDL prior authorization guidelines on the effective date provided by the Department.

c. The PH-MCO must apply Statewide PDL prior authorization guidelines to all drugs and products included on the Statewide PDL. The PH-MCO may not impose additional prior authorization requirements for drugs and products included on the Statewide PDL. Quantity limits can be no more restrictive than the Department’s quantity limits.

The PH-MCO must submit the policies, procedures, and guidelines to determine medical necessity of drugs included on the Statewide PDL to the Department. Submissions must occur prior to the effective date of the changes as determined by the Department and at least annually.

d. The PH-MCO may use a Formulary or PDL to manage MA covered drugs and products that are outside the scope of the Statewide PDL as long as the Department has prior approved it and the Formulary or PDL meets the clinical...
needs of the MA population.

The Formulary or PDL must be developed and reviewed at least annually by the PH-MCO's P&T Committee, as defined in Section 6 of this Exhibit.

e. The PH-MCO must allow access to all non-formulary or non-preferred drugs that are included in the CMS Quarterly Drug Information File, other than those excluded from coverage by the Department, when determined to be Medically Necessary through a process such as Prior Authorization (including Step Therapy), in accordance with Prior Authorization of Services Section V. B.1. and Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and this Exhibit.

f. The PH-MCO must receive written approval from the Department of the Formulary or PDL, the list of specialty drugs, quantity limits, age edits, and the policies, procedures and guidelines to determine medical necessity of drugs and products not included on the Statewide PDL that require prior authorization, including drugs that require step therapy and drugs that are designated as non-formulary or non-preferred, prior to implementation of the Formulary or PDL, the designation of specialty, and the requirements. PH-MCOs may add drugs to the specialty drug list that are in therapeutic classes already included on the specialty drug list prior to receiving approval from the Department. However, these additions must be included in the specialty drug designations submitted to the Department for written approval. Submissions for annual reviews must occur at least thirty (30) days before effective date of the updated information.

g. The PH-MCO must submit all Formulary or PDL deletions for drugs and products outside the scope of the Statewide PDL to the Department for review and written approval prior to implementation.

h. The PH-MCO must submit written notification of any Formulary or PDL additions for drugs outside the scope of the statewide PDL to the Department within fifteen (15) days of implementation.

i. In addition to providing a link to the Statewide PDL on the PH-MCO's website, the PH-MCO must make available on the website in a machine readable file and format, information about its drug formulary or PDL, listing which medications are covered, including both brand and generic names.

4. Prior Authorization of Outpatient Drugs

a. For Covered Outpatient Drugs that require Prior Authorization (including step therapy) as a condition of coverage or payment:

i. The PH-MCO must provide a response to the request for prior authorization by telephone or other telecommunication device indicating approval or denial of the prescription within twenty-four (24) hours of the
request, and

ii. If a Member’s prescription for a medication is not filled when a prescription is presented to the pharmacist due to a Prior Authorization requirement, the PH-MCO must instruct the pharmacist to dispense either a:

- Fifteen (15) day supply if the prescription qualifies as an Ongoing Medication, unless the PH-MCO or its designated subcontractor issued a proper written notice of benefit reduction or termination at least ten (10) days prior to the end of the period for which the medication was previously authorized and a Grievance or DHS Fair Hearing request has not been filed, or

- A seventy-two (72) hour supply of a new medication.

b. For drugs not able to be divided and dispensed into individual doses, the PH-MCO must instruct the pharmacist to dispense the smallest amount that will provide at least a seventy-two (72) hour or fifteen (15) day supply, whichever is applicable.

c. The requirement that the Member be given at least a seventy-two (72) hour supply for a new medication or a fifteen (15) day supply for an Ongoing Medication does not apply when a pharmacist determines that the taking of the prescribed medication, either alone or along with other medication that the Member may be taking, would jeopardize the health or safety of the Member.

d. In such an event, the PH-MCO and/or its subcontractor must require that its participating dispensing Provider make good faith efforts to contact the prescriber.

e. If the PH-MCO denies the request for prior authorization, the PH-MCO must issue a written denial notice, using the appropriate Outpatient Drug Denial Notice template within twenty-four (24) hours of receiving the request for prior authorization.

f. If the Member files a Grievance or DHS Fair Hearing request from a denial of an Ongoing Medication, the PH-MCO must authorize the medication until the Grievance or DHS Fair Hearing request is resolved.

g. Requests for prior authorization will not be denied for lack of medical necessity unless a physician reviews the request for a medical necessity determination. Such a request for prior authorization must be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the Member.

h. In addition, for children under the age of twenty-one (21), requests for service
will not be denied for lack of medical necessity unless a physician or other health care professional with appropriate clinical expertise in treating the Member’s condition or disease determines:

i. That the prescriber did not make a good faith effort to submit a complete request, or

ii. That the service or item is not medically necessary, after making a minimum of three reasonable attempts to contact the prescriber prior to issuing a denial for the requested service. The reasonable attempts to contact the prescriber must be documented in writing.

i. When medication is authorized due to the PH-MCO’s obligation to continue services while a Member’s Grievance or Fair Hearing is pending, and the final binding decision is in favor of the PH-MCO, a request for subsequent refill of the prescribed medication does not constitute an Ongoing Medication.

j. The PH-MCO guidelines to determine medical necessity of Covered Outpatient Drugs outside the scope of the Statewide PDL cannot be more stringent than the FFS guidelines. The PH-MCO must follow the Statewide PDL Prior Authorization guidelines for drugs and products included on the Statewide PDL.

k. The PH-MCO must comply with the requirements for Prior Authorization of Services, Section V. B. 1. and Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and receive written approval from the Department prior to implementation and annually thereafter.

5. Provider and Member Notification

The PH-MCO must have policies and procedures for notification to Providers and Members of changes to the Statewide PDL or MCO Formulary used by the PH-MCO for drugs and products outside the scope of the Statewide PDL, Prior Authorization requirements and other requirements for Covered Outpatient Drugs such as, but not limited to, specialty program requirements.

a. Written notification for changes to requirements must be provided to all affected Providers and Members at least thirty (30) days prior to the effective date of the change.

b. The PH-MCO must provide all other Providers and Members written notification of changes to the requirements upon request.

c. The PH-MCO also must generally notify Providers and Members of changes through Member and Provider newsletters, its web site, or other regularly

PATIENT CENTERED MEDICAL HOME (PCMH) PROGRAM

The PCMH model of care includes key components such as: whole person focus on behavioral health and physical health, comprehensive focus on wellness as well as acute and chronic conditions, increased access to care, improved quality of care, team-based approach to care management/coordination, and use of electronic health records (EHR) and health information technology to track and improve care.

The PH-MCO will contract with high volume providers in their network who meet the requirements of a PCMH, make payments to their contracted PCMHs, collect quality related data from the PCMHs, reward PCMHs with quality-based enhanced payments, develop a learning network that includes PCMHs and other PH-MCOs, and report annually on the clinical and financial outcomes of their PCMH program.

A. The PH-MCO will educate members what the PCMH model is and inform members of the resources available through the PCMH.

B. The PH-MCO will ensure the PCMH provider meets the following requirements:

1. Will be a high-volume Medicaid practice already participating in the PH-MCO provider pay for performance program or a defined set of practices willing to share care management resources,

The CBCM team’s activities can replicate but not duplicate already existing and CBCM reimbursed care management services. The care management team will work within their local community to accept individuals with complex care needs from local emergency departments, physical and behavioral health hospitals, specialty providers, and PH-MCO. Through actively engaging patients and taking into account their preferences and personal health goals, the CBCM team will develop care plans that help individuals with complex chronic conditions to stay engaged in comprehensive treatment regimens that include, but are not limited
to physical health, substance use disorder and mental health treatments. The CBCM team will also connect individuals as needed to community resources and social support services through “warm hand off” referrals for assistance with problems such as food insecurity and housing instability.

5. Will collect and report annual quality data and outcomes pertinent to their patient population as defined by the current PH-MCO provider pay for performance program, the Integrated Care Plan pay for performance program, and additional population specific measures defined by the Department,

I. Data Sharing

The PH-MCO must provide timely and actionable data to its PCMHs. This data should include, but is not limited to, the following:

1. Identification of high risk patients;

2. Comprehensive care gaps inclusive of gaps related to quality metrics used in the value-based payment arrangement; and

3. Service utilization and claims data across clinical areas such as inpatient admissions, outpatient facility (SPU/ASC), emergency department, radiology services, lab services, durable medical equipment and supplies, specialty physician services, home health services, and prescriptions.

J. The PH-MCO must work towards developing a value-based arrangement with Person-Centered Ambulatory Intensive Care Centers (PC-AICCs) in each zone they operate, unless the PH-MCO demonstrates to OMAP’s satisfaction that the PH-MCO is not
able to reach an agreement with the PC-AICC. A PC-AICC is a practice that provide comprehensive physical and behavioral health care to those individuals who are high cost and in high need of medical and social services. These practices serve individuals who demonstrate non-episodic impactable medical costs over $30,000 and are typically the costliest 2 - 3% of individuals who account for up to 40% of the PH-MCOs medical spend.
